1. PROFILE OF THE PARENT COMPANY

1.1 General Information – the Parent Company

TOYA S.A. (hereinafter referred to as the "Parent Company") is a joint-stock company, established on the basis of the Commercial Companies Code. The Parent Company's registered office is in Wrocław, ul. Sołtysowicka 13/15.

TOYA S.A. was formed on the basis of a Notarial Deed drawn up on 17 November 1999 by Notary Public Jolanta Ołpińska at the Notarial Office in Wrocław (Rep. A No. 5945/99). Pursuant to a decision of 3 December 1999, the Parent Company was entered in the Commercial Register maintained by the District Court for Wrocław-Fabryczna, 6th Commercial Division, with the reference number RHB 9053. By virtue of a decision of 4 December 2001, the District Court for Wrocław-Fabryczna, 6th Commercial Division of the National Court Register, decided to enter the Parent Company in the Register of Businesses, with the reference number KRS 0000066712. The entry in the Register took place on 5 December 2001.

The duration of the Parent Company is unlimited.

As at the date of submission of the annual report, the Parent Company has 1 branch located outside the registered office, in Nadarzyn. Until 11 August 2011, the Parent Company still formally owned a branch in Kryniczno, which was deleted from the National Court Register on that date.

The branch in Kryniczno was established on 7 November 2007 in order to conduct golfing and developer operations. The branch was provided with assets, liabilities and receivables associated with these operations. In relation with the plans to introduce the shares of Toya S.A. to public trading, shareholders of Toya S.A. established the company Toya Development Sp. z o.o. S.K.A. in order to separate the developer and golfing operations. On 30 September 2010, an agreement was concluded on handing over the organised part of the enterprise (the Kryniczno Branch) for management upon charge. On 6 April 2011, the assets and liabilities of the Kryniczno Branch were transferred as an in-kind contribution to Toya Development Sp. z o.o. S.K.A. Detailed information regarding changes in the Group's structure, resulting from separation of the golfing and developer operations, were presented in item 1.2.

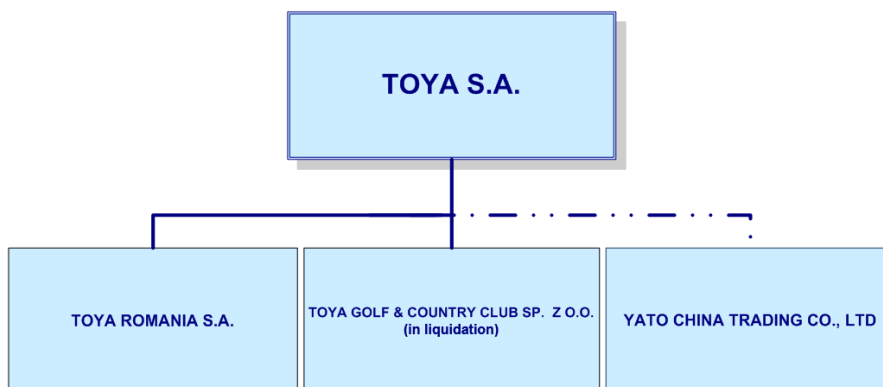

The Group's core business activities include import and distribution of industrial goods, including, in particular, hand and power tools for professional and DIY use. The Group distributes goods manufactured and supplied mainly by companies located in China. For many years, the Group has been implementing its strategy of expanding onto international markets. It focuses primarily on Central, Southern and Eastern Europe (the Czech Republic, Moldova, Germany, Hungary, Romania, the Balkan States, Lithuania, Russia, Ukraine and Belarus).

Since 12 August 2011, the Parent Company's shares (rights to shares) have been listed on the Warsaw Stock Exchange.

1.2 Organisation of Toya S.A. Capital Group

As at the date of publication of the report on operations, the Group comprised the following entities:

ORGANISATIONAL STRUCTURE

— · · — jointly controlled entity
 — controlled entity

1.7.3 Share option scheme for the Parent Company's Supervisory Board

By virtue of resolution No 10 of 23 May 2011, the Ordinary General Shareholders' Meeting adopted the rules of remuneration of the Supervisory Board members of the Parent Company. In accordance with the approved scheme, three members of the Parent Company's Supervisory Board, appointed by the Shareholders' Meeting of the Parent Company on 14 February 2011, are entitled to remuneration for serving as members of the Supervisory Board during a three-year term (2011–2013) in the form of shares in the Group's parent company. According to the articles of association of Toya S.A., the term of office of the Supervisory Board is three years from the date of appointment. It expires no later than on the day of the General Meeting which approves the financial statements for the last full financial year of the term of office.

Pursuant to the adopted scheme:

- a) Three members of the Supervisory Board (Piotr Mondalski, Dariusz Górka and Grzegorz Maciąg) will receive remuneration in the form of the right to acquire shares in the Parent Company in the total number equal to 0.75% of all shares registered on the date when the offer to acquire the Company shares is made, of which Piotr Mondalski is entitled to acquire 0.35% of such shares, whereas the remaining two Supervisory Board members are each entitled to acquire 0.2% of the shares. In total, 561,277 such rights were granted. The shares will be acquired in three tranches: the first tranche between 1 December 2011 and 30 April 2012, the second tranche between 1 December 2012 and 30 April 2013 and the third tranche between 1 December 2013 and 30 April 2014. If the offered shares are not acquired by the eligible persons as stated above, they will be offered to these Supervisory Board members in subsequent tranches. The entitled members of the Supervisory Board may indicate another entity to acquire the shares.
- b) The remaining four members of the Supervisory Board (the existing shareholders) will not be entitled to any remuneration for serving as members of the Supervisory Board.
- c) The Management Board will offer the shares to the Supervisory Board members at their par value (i.e. PLN 0.1).
- d) Each of the Supervisory Board members may decide to collect their remuneration in cash, up to the maximum amount of PLN 7 thousand a month. If a Supervisory Board member decides to collect a portion of their remuneration in cash, the number of shares offered to them by the Management Board will be reduced accordingly.

Detailed information concerning valuation and recognition in the consolidated financial statements is presented in item 17.1 of the consolidated financial statements.

Information about resolutions adopted after the balance sheet date, connected with allocation of the first tranche of shares to the entitled members of the Supervisory Board is provided in item 19.1.

1.7.4 Information on the employee stock option scheme control system

A management incentive scheme has been introduced in the Parent Company to create incentive mechanisms which ensure long-term growth of the Group's value and a steady increase of net profit, as well as stabilisation of the management staff. Based on resolution No 2 of the Extraordinary General Shareholders' Meeting of 8 February 2011 on adopting the rules of the incentive scheme for the Parent Company's management staff and key employees, Toya S.A. launched an incentive scheme which will be implemented over four consecutive financial years: 2011–2014. On 8 November 2011, the Supervisory Board approved detailed terms of the Incentive Scheme together with its Rules, the list of Eligible Persons and the number of Options for shares available to each person. The total number of shares issued as part of the incentive scheme will not exceed 2,243,430. The eligible persons will have the right to acquire no more than: 18% of shares for 2011, 25% of shares for 2012, 27% of shares for 2013 and 30% of shares for 2014.

According to the Supervisory Board resolution dated 8 November 2011, as at 31 December 2011, there were 20 eligible persons who could be granted a total of 1,049,740 share options.

Detailed information on the terms under which the options are granted is presented in item 17.2 of the financial statements.

As at 31 December 2011 and by the date of publication of this report, no share options had been granted under the scheme. In accordance with the agreed schedule, allocation of the first tranche to the scheme participants will take place by 30 June 2012.

1.8 Agreements that may lead to changes in the structure of shares held by the current shareholders.

Apart from the share option scheme for the Supervisory Board and the Management Board members, the Parent Company has no knowledge of any agreements that may lead to future changes in the structure of shares held by the current shareholders.

1.9 Total value of remuneration, rewards and benefits paid or due to managers and supervisors

In 2010, members of the Supervisory Board did not receive any remuneration, rewards or other benefits.

Members of the Management Board and the Supervisory Board do not receive remuneration for holding office in companies from Toya S.A. Group other than the Parent Company.

The cost of awarded share options, reflected in the tables above, relates to the cost recognised in the financial result for 2011, following from valuation of the share option scheme for members of the Supervisory Board (for details, see item 1.6.3) and the Management Board (for details, see item 1.6.4), respectively. As at the date of publication of this report, the options had not been exercised by the members of the Parent Company's Management Board. Information on the exercise of options by the members of the Supervisory Board after the balance sheet date and before publication of this report is included in item 19.1.

At 31.12.2011, no agreements had been concluded between the Parent Company and its management staff which would provide for compensation upon resignation or dismissal of a member of the management staff from their position without a valid reason or if their dismissal results from a merger of the Company by way of acquisition.

1.10 Changes in the basic Group management methods

There were no significant changes in the methods of managing the Group in 2011.

2. THE MOST SIGNIFICANT EVENTS OF 2011

Separation of golfing and developer operations

On 31 August 2010, the Parent Company joined the newly established limited joint-stock partnership Toya Development Sp. z o.o. S.K.A. as a general partner. Toya Development Sp. z o.o. S.K.A. and TOYA S.A. are jointly controlled by the same shareholders. TOYA S.A. joined the partnership in order to separate the developer and golfing operations conducted by the Kryniczno branch of TOYA S.A. from the commercial operations of TOYA S.A. The intention of TOYA S.A.'s owners was to transfer the benefits and risks associated with the operations of the Kryniczno branch of TOYA S.A. onto the newly established Toya Development Sp. z o.o. S.K.A.

In 2011, the golfing and developer operations were finally separated. In accordance with the adopted resolutions and the agreement concluded on 6 April 2011, the assets and liabilities of the Kryniczno branch were transferred as an in-kind contribution to Toya Development Sp. z o.o. S.K.A with dispositive effect. The book value of the transferred net assets as at 5 April 2011 has been disclosed in note No 35 to the financial statements.

On 4 May 2011, the Extraordinary General Shareholders' Meeting of Toya Development Sp. z o.o. S.K.A. adopted a resolution to approve Toya S.A.'s withdrawal as a general partner from Toya Development

Sp. z o.o. S.K.A. The date of withdrawal was set for 4 May 2011. The compensation due to Toya S.A. for its withdrawal amounts to PLN 2,250 thousand, payable in 18 monthly instalments, starting from May 2011. On 16 May 2011, the changes connected with Toya S.A.'s withdrawal from Toya Development SKA were registered in the National Court Register.

Public issue of series C shares

In 2011, a public issue of series C shares took place, as described in item 1.3 of this report on operations. The share capital was increased by PLN 926.3 thousand through issue of 9,263,000 shares at the issue price of PLN 2.8 per share. Total proceeds from the issue of shares amounted to PLN 25,936,400, while the costs of issue incurred by the Company amounted to PLN 2,103,254.37.

As at the publication date of this report on operations, the funds received from the issue had been used by the Parent Company in the following manner:

1. Working capital – increasing the scale of business activities by stepwise extension of the product range – PLN 7.6 million.
2. Development of the traditional distribution channel in Poland – strengthening the retail distribution channel by developing the network of affiliated YATO outlets – PLN 240 thousand.
3. Development of a modern on-line sales channel and of IT sales support systems – PLN 420 thousand.
4. Development of the CRP “Product Development Centre” – PLN 190 thousand.

3. ORGANISATIONAL AND EQUITY LINKS WITH OTHER ENTITIES

3.1 Equity links

The organisational structure of the Capital Group was described in item 1.2. Apart from that, there are no other equity links between companies from Toya. S.A. Group and other entities.

3.2 Personal links

As at the date of publication of the report on operations, the Parent Company had personal links with the following entities:

- Toya Development Sp. z o.o. S.K.A. – an entity jointly controlled by the shareholders jointly controlling TOYA S.A.,
- Toya Development Sp. z o.o. S.K. in liquidation – an entity jointly controlled by the shareholders jointly controlling TOYA S.A.,
- Toya Development Sp. z o.o. – an entity jointly controlled by the shareholders jointly controlling TOYA S.A.,
- Golf Telecom Sp. z o.o. SKA – an entity jointly controlled by the shareholders jointly controlling TOYA S.A.,
- Scubatech Sp. z o.o. – an entity jointly controlled by the shareholders jointly controlling TOYA S.A.,
- Jesionowa 40 Sp. z o.o. – an entity related through a shareholder,
- Maal-Bis SP. z o.o. – an entity related through a shareholder,
- Marina-Maal Sp. z o.o. – an entity related through a shareholder,
- TM EBERHARD Sp. z o.o. – an entity related through a shareholder,
- Talos Sp. z o.o. – an entity related through a shareholder.

4. MAJOR R&D ACHIEVEMENTS.

In accordance with the share issue objectives set forth in the prospectus, the Parent Company plans to develop a Product Development Centre. In August, TOYA S.A. purchased software to prepare new product designs – Creo 1.0., a module of the Product Development System. The Wrocław University of Technology issued an opinion on innovativeness of this software.

The Creo technology is by far the most effective manner of combining parametric modeling with direct modeling, which results in versatile working environment for industrial engineers and designers. The system enables its users to create virtual models and prototypes which are subsequently delivered to the final provider, who prepares the injection mould.

The Parent Company is preparing product designs to be outsourced for production to subcontractors who ensure high quality, using the main functionality of the system, including:

- surface modelling – basic surfacing tools & Interactive Surface Design Extension (ISDX) and
- Top Down Design technique – the Advanced Assembly Extension (AAX).

5. FACTORS AND EVENTS AFFECTING THE FINANCIAL RESULTS

5.1 Basic economic and financial values; factors and events affecting the Company's operations in 2011.

Revenues and profitability of TOYA S.A. – continuing and discontinued operations (PLN '000).

	For 12 months ended	
	2011	2010
Continuing operations		
Revenues from sales	210,308	189,136
Gross profit from sales	72,822	62,488
Operating profit	35,207	28,642
Profit before tax	31,253	25,518
Net profit from continuing operations	25,130	21,298
Discontinued operations		
Net profit / (loss) from discontinued operations	497	-3,616

In 2011, sales revenues from continuing operations amounted to PLN 210,308 thousand and exceeded the level of revenues achieved in 2010 by PLN 21,172 thousand, i.e. by 11%. An increase in gross profit on sales by PLN 10,334 thousand in 2011 as compared to 2010 resulted from higher sales, lower costs associated with the purchase of goods and increased gross margin on goods sold by 1.6 percentage points.

A significant increase in gross profit made it possible in 2011 to achieve an operating profit of PLN 35,207 thousand, which exceeded operating profit achieved in 2010 by 23%.

In order to raise the necessary working capital, the Group uses mainly short-term bank loans and borrowings. Given the significant impact of financial costs associated with these loans and borrowings on the financial result, the Group negotiates the terms of loan agreements on a yearly basis so as to maximally reduce the corresponding costs. Nevertheless, an increase in the level of inventories as well as trade and other receivables in 2011 as compared to the end of the previous year resulted in higher borrowing needs of the Group and triggered higher financial costs as compared to 2010.

In 2011, the net profit on continuing operations increased by PLN 3,832 thousand, i.e. by 18% as compared to 2010, reaching PLN 25,130 thousand.

Profit margins for continuing operations.

	For the period ended 31 December	
	2011	2010
Sales profit	34.6%	33.0%
Operating profit	16.8%	15.1%
Pre-tax profit	14.9%	13.5%
Net profit	12.0%	11.3%

Key:

Sales profit margin – the ratio of gross profit to sales revenues

Operating profit margin – the ratio of operating profit to sales revenues

Pre-tax profit margin – the ratio of pre-tax profit to sales revenues

Net profit margin – the ratio of net profit from continuing operations to sales revenues.

For TOYA S.A. Group, the sales profit margin is the key indicator of the Group's market competitiveness, which has decisive impact on its financial position. Analysis of this ratio for 2011 shows that the sales profit in this period increased by 1.6 percentage points as compared to 2010, generating PLN 3,365 thousand of additional gross profit during the analysed period.

Profit margins at the level of the operating profit, pre-tax profit and net profit from continuing operations show a clear upward trend in 2011 as compared to the previous year, which is mainly connected with the continued growth in sales as well as the continued optimisation of the operating and financial expenses.

Cash flows of TOYA S.A. (PLN '000)

	For 12 months ended	
	31 December	
	2011	2010
Continuing operations		
Cash flows from operating activity	7,142	6,566
Cash flows from investment activity	-2,844	-1,758
Cash flows from financial activity	-2,858	11,595
Net change in cash – continuing operations	1,440	16,403
Opening balance of cash and cash equivalents	2,489	2,183
Closing balance of cash and cash equivalents	3,731	2,489

In 2011, the Group recorded positive cash flows from operating activities, amounting to PLN 7.1 million despite the fact that in order to increase the scale of orders and purchases made by customers as well as to adapt to their needs and to ensure the availability of goods, the Company increased its inventories by PLN 22.5 million and trade and other receivables by PLN 2.3 million.

In 2011, the Group did not undertake any significant investment activities in the area of continuing operations. Cash outflows during that period were mainly connected with renovation of warehouse buildings and purchase of computer software.

In 2011, the Group generated negative cash flows from financial activity, primarily due to the reduction of its credit exposure and payment of dividends in the amount of PLN 9.3 million. The Group decreased the level of loans and borrowings by PLN 13.4 million within the existing limits set by financing banks. In 2011, the Group obtained proceeds from issue of shares in the amount of PLN 25.9 million. These proceeds allowed for

financing the increase in inventory levels, which in turn resulted from a growing number of orders from customers and implementation of the share issue objectives.

The liquidity of TOYA S.A. Capital Group during the analysed period remained at the right level. The Group's net working capital was positive, covering the demand arising from the volume of sales revenues. The ability to cover short-term liabilities was correct.

Liquidity ratios for continuing operations

	31.12.2011	31.12.2010
Current liquidity ratio	1.89	1.44
Quick liquidity ratio	0.59	0.48

Key:

Current liquidity ratio – the ratio of current assets to short-term liabilities (excluding “Liabilities directly associated with the disposal Group classified as held for distribution” – the liabilities of the Separated Branch of TOYA S.A. in Krynitzno)

Quick liquidity ratio – the ratio of current assets less inventories to short-term liabilities (excluding “Liabilities directly associated with the disposal Group classified as held for distribution”)

The value of the current liquidity ratio increased to 1.89 as at 31 December 2011 in relation to 1.44 as at 31 December 2010. Therefore, a higher level of the current liquidity ratio suggests a lower growth rate of liabilities in relation to the growth rate of the current assets.

The value of the quick liquidity ratio increased to 0.59 as at 31 December 2011 in relation to 0.48 as at 31 December 2010. It is notable that this ratio remains at a very safe level.

Return on equity ratio (ROE) – the ratio of net profit from continuing operations to equity as at the end of the period

Return on current assets ratio – the ratio of net profit from continuing operations to current assets as at the end of the period, excluding the “Disposal group classified as held for distribution”

As at 31 December 2011, the Group's tangible fixed assets constituted 12% of total assets used in continuing operations. Tangible fixed assets comprise primarily land, buildings and structures necessary for the Parent Company's commercial activity. There were no material changes in their structure during the analysed period.

As at 31 December 2011, investments in jointly controlled entities, appraised using the equity method, included shares in Yato China Trading with value amounting to PLN 1,868 thousand.

The structure of current assets used in continuing operations of TOYA S.A. Capital Group, which as at 31 December 2011 constitute 88% of total assets, includes primarily inventories and trade and other receivables, which is typical to the business activity conducted by TOYA S.A. and its Capital Group. Both these items constituted, in total, 97% of current assets involved in continuing operations as at 31 December 2011 and 98% as at 31 December 2010.

TOYA S.A. Capital Group conducts efficient warehouse management by adjusting the stock levels to the customers' demand. In 2011, the Group increased its inventories by 30% as compared to the end of 2010 in order to ensure coverage of the continuously growing number of customer orders.

The ratio of coverage of fixed assets with equity and long-term liabilities – the ratio of total equity and long-term liabilities to fixed assets

As at 31 December 2011, the main item in the Group's equity was retained earnings, amounting to PLN 53,748 thousand. As at 31 December 2011, the Group's share capital increased, as compared to 31 December 2010, by PLN 926.3 thousand through public issue of 9,263,000 series C shares and amounted to PLN 7,484 thousand. Based on the resolution of the EGSM dated 8 February 2011, the Parent Company's Management Board conducted a public offer, as a result of which 9,263,000 shares were allocated to individual and institutional investors at the issue price of PLN 2.8 per share. The surplus of the issue price over the par value was reduced by transaction costs and recognised under the item Supplementary capital from surplus of the issue price over the par value in the amount of PLN 22,907 thousand.

The main sources of financing continuing operations, in particular current assets, include equity and short-term financing — primarily from bank loans. As at 31 December 2011, the Group financed 53% of its operations from equity. As at this date, the Group's short-term liabilities due to loans, borrowings and other debt instruments amounted to PLN 46,692 thousand. The long-term debt ratio in continuing operations as at 31 December 2011 amounts to 0%.

Group management effectiveness ratios.

	For 12 months ended 31 December	
	2011	2010*
Inventories turnover period (days)	166	142
Receivables inflow period (days)	69	66
Liabilities repayment period (days)	40	48

* excluding the "Disposal group classified as held for distribution" (assets of the Separated Branch of TOYA S.A.) and liabilities directly associated with the Disposal group classified as held for distribution (liabilities of the Separated Branch of TOYA S.A.); applicable to continuing operations

Key:

Inventories turnover period (days) – the ratio of inventories as at the end of the period, multiplied by 360 days, to revenue from sales

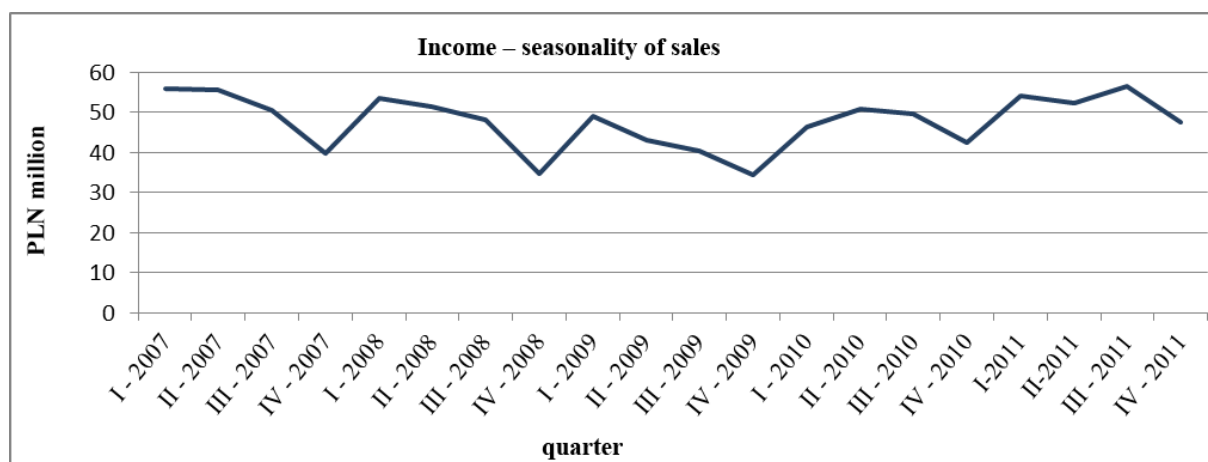

Receivables inflow period (days) – the ratio of trade and other receivables as at the end of the period, multiplied by 360 days, to revenue from sales

Liabilities repayment period (days) – the ratio of trade and other liabilities as at the end of the period, multiplied by 360 days, to revenue from sales

In 2011, the liabilities repayment period was shorter than the receivables inflow period. This means that the credit terms the Company extended to its customers were longer than those it received from its suppliers. It implies higher demand for financing working capital, which is typical of the industry in which TOYA S.A. conducts its commercial activity. The inventories turnover period in 2011 increased as compared to 2010, primarily due to the rapid expansion of the product range in response to dynamic increase in demand for products offered by the Group, which was one of the share issue objectives. Importantly, the Group conducts activity associated with selection of offer appropriately to the customer's needs, increasing the efficiency of the entire sales group as well as continuous improvement of logistics processes.

SEASONALITY

The fourth quarter of the year is usually characterised by lower sales and net profit as compared to previous quarters (in Q4 2011, sales revenues amounted to PLN 47,518 thousand, which amounted to 22.6% of annual sales revenues, while net profit during this quarter stood at PLN 5,009 thousand, making up 19.9% net profit on continuing operations for 2011). The main reasons for seasonality in sales are weather factors (lower demand for the Group's goods in winter), lower likelihood for customers to stock up on the goods (tendency for companies to maintain low warehouse stocks at the end of the year due to the obligatory inventory counts) as well as lower activity in industries making use of hand and power tools. The Capital Group counters seasonality mainly by expanding its product range. The seasonality of the Group's revenues also impacts the 3rd quarter, which has been the period of the highest revenues for the last two years. In 2011, revenues in the 3rd quarter amounted to PLN 56,373 thousand and constituted 26.8% of annual sales revenues.

5.3 External and internal factors crucial for the Group's development and analysis of the Group's development perspectives in 2012, taking into account the Group's market strategy components

Macroeconomic situation

The Group's economic standing is connected with the macroeconomic situation in Europe and GDP growth rate, which has considerable impact on demand for goods sold by the Group. As Polish economy is strictly linked to the global economy, the global economic situation can also impact the economic situation in Poland and the amounts of purchases made by domestic customers. Additional factors, such as the government's economic policy, decisions made by the National Bank of Poland and the Monetary Policy Council which affect money supply, interest rates and FX rates, the tax system, inflation and unemployment rate, can also affect, in the company's opinion, internal demand and the company's development.

Competition

The Polish market for distribution of industrial goods, which is the Group's main field of operation, is relatively highly dispersed in spite of the presence of three market leaders. Entities currently competing with the Group can take additional actions to intensify their development through aggressive pricing policy aimed at current, target or potential customers. Such actions may impede and slow down the increase in market share. Intense actions on the part of competition can also have negative effects on the Group's financial standing and financial results. The Group monitors the market it operates in and takes measures to maintain its competitive advantage.

Changes in FX markets

The Group's strict link with foreign suppliers and settlements made primarily in USD make the Group's financial results sensitive to changes in FX rates. The Group maintains a policy of fixed prices, updated only periodically to reflect developments in the market. However, in order to maintain fixed prices for products sold on the Polish market, the Parent Company may decrease the sales margin, which may have negative impact on financial performance.

A part of the Group's sales revenues comes from export activity based on prices set in foreign currencies – USD and EUR – which to some extent protects the Company from adverse movements in exchange rates. However, due to the fact that the main currency used in trade with foreign customers is EUR, it is possible that in the future, FX fluctuations may still have negative impact on the Company's financial performance. To minimise this risk, the Parent Company concluded framework agreements with banks; however, the company did not carry out any transactions in derivatives in 2011.

Interest rate movements

The Company makes considerable use of external capital funding. An increase in interest rates could have negative influence on the servicing costs of funding and could impair the Group's profitability since the Parent Company has entered into loan agreements with floating interest rates in PLN.

To minimise this risk, the Parent Company runs simulations of various scenarios in order to choose the optimal funding sources, taking into consideration refinancing, roll-over of the existing positions and alternative financing.

Interpretation and application of legal regulations

Changes in legislation and diverse interpretations of the law impede the Group's operations. Possible changes in legislation, in particular in tax, customs, labour and social insurance law, may have negative consequences for the Group's activity. Frequent changes in the interpretation of the tax law and lack of uniform practices of national fiscal authorities and courts in the application of tax legislation, including the areas of transactions and restructuring processes, are particularly burdensome. Such transactions involve the risk of third-party claims and proceedings of various state authorities. In addition, because of their complexity and inconsistent taxation practices, they are often the subject of disputes with tax authorities. The Parent Company exercises due care to ensure that these transactions are compliant with legislation – in particular with the tax law. In spite of that, the risk of third-party claims, possible disputes with tax authorities or proceedings of various state authorities cannot be ruled out. Such claims, disputes or proceedings, as well as cases when fiscal authorities or courts and the Parent Company adopt different interpretations of tax regulations and different tax qualification of events

and transactions in which the Parent Company participated, may have adverse impact on the Group and its financial performance.

However, it should be noted that the Group takes measures to mitigate the effects of changes in law. The Parent Company uses external services of renowned law and tax firms, which facilitate its current operations.

The Group's development prospects for 2012

The Group intends to undertake a series of development activities in 2012. The key measures will be taken using funds raised through the public offering which took place in mid-2011. Share issue objectives should be met in the following areas:

- Increasing the scale of business activities by stepwise extension of the product range. The Group remains the industry leader in terms of introducing new items to its product range. It is estimated that several hundred new products are introduced each year. The objective is to expand the customer base and to better tailor the offer to customer expectations and habits as well as to technological changes in the market. This development policy has been pursued successfully for several years;
- Acquisitions – in addition to organic growth, the Group is interested in equity investments, which should lead to expansion of the Toya S.A. Capital Group. The goal of growth through acquisition is rapid development of the Group in the areas which the Parent Company considers to be particularly attractive. The Parent Company is constantly monitoring the market and is going to implement the project should an attractive entity that can be taken over emerge;
- Development of YATO authorised retail stores. The Parent Company finds it extremely important to develop its authorised stores, and is the industry leader in this respect. The Parent Company's Management Board intends to continue this project and plans to launch approximately 60 new stores in this segment each year. The creation of a retail chain in this format should be completed in 2013.
- Recapitalisation of Yato China. One of the key elements of the Capital Group is the jointly controlled company: Yato China. The Group is aware of the huge potential of the Asian market, where the company operates, and finds it necessary to support the company through recapitalisation. The Management Board of the Parent Company expects that this will trigger further dynamic growth of that company;
- The Parent Company's Management Board attaches great importance to the development of traditional sales channels and at the same time recognises the need to develop modern distribution channels. A significant development of the on-line sales channel and expansion of the customer base preferring this type of distribution are planned for the first half of 2012;
- The Group takes a number of measures to increase its market share. One of the key elements is continuous modernisation of IT sales systems. This is due to the fact that the Group's strategy assumes that the key to improve sales handling is an IT system which should always be adjusted to changing market conditions.
- Another crucial development priority for 2012 is establishment of a Product Development Centre (CRP) at the Parent Company, which will ensure that the product range is better suited to the customers' needs. Through CRP development, the Parent Company's Management Board expects to improve our competitive advantage by offering products which are more ergonomic, have higher value in use and most of all, are higher quality and innovative.

6. DIFFERENCES BETWEEN THE FINANCIAL RESULTS INDICATED IN THE ANNUAL REPORT AND EARLIER FORECASTS

The Parent Company's Management Board did not publish forecasts of the Group's performance for 2011.

7. MAIN RISKS AND HAZARDS

7.1 Financial risks

The main financial risks include:

- FX risk,
- interest rate risk,
- liquidity risk.

The abovementioned financial risks and risk management are discussed in item 8.

7.2 Non-financial risks:

The main non-financial risks include:

- the risk of changes in the macroeconomic situation, especially changes in the GDP growth rate, inflation level, the situation in industrial, automotive, household and gardening, infrastructural and housing construction, construction and assembly segments, the level of investments in enterprises, interest rate policy, budget standing or the society's income situation,
- competition risk,
- risk associated with changes in legislation and taxation.

The above risks have been described in item 5.3.

8. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

8.1 Financial instruments in the scope of the risk of price change, credit and liquidity risk

The purchase prices of goods sold by the Group fluctuate, in particular due to changing manufacturing costs of purchased goods (incl. prices of raw materials) born by their manufacturers (the Group's suppliers). Moreover, the purchase price of goods depends on the exchange rate of USD — the main currency used in settlements. The above factors affect the level of applied margins. To minimise the negative impact that fluctuations in goods purchase prices have on the financial result, the Group negotiates contracts with relatively high values and chooses manufacturers offering competitive prices. The Group does not use financial instruments to hedge against the risk of changes in goods purchase prices as a result of FX rate fluctuations.

Credit risk is not material due to high dispersion of customers. The highest turnover is carried out with commercial chains with established market position. Additionally, to reduce the risk of overdue receivables from counterparties (customers), the Company periodically examines their creditworthiness and systematically monitors due balances (internally and externally). Credit limits for individual counterparties are set by the Management Board. A transaction exceeding the credit limit may only be executed if authorised by the sales director. Customers systematically exceeding payment dates are subject to an appropriate debt collection procedure and have a limited possibility of purchasing goods from the Group. To minimise risk, the Parent Company also concludes agreements on insurance of receivables.

Due to the specific nature of its operations, the Group requires working capital to secure settlements with suppliers before receiving payments from customers of goods. At present, this capital is provided, among others, by concluding short-term loan agreements for financing current assets. In order to diversify its lenders, the Parent Company uses services of several different banks. Its lenders include financial institutions with high credibility ratings. The interest rate on received loans is based on WIBOR rate. The Company does not employ instruments to hedge against the risk of movements in interest rates.

The Parent Company has good relationships with banks and so far has had no problems renewing its loans. On this basis, the Parent Company's Management Board believes that the risk resulting from short-term debt is not significant.

The Group's liquidity is secured for the foreseeable future. The Group follows a rigorous liquidity risk management policy, which focuses on maintaining an adequate level of cash and securing the ability to use the credit facilities. The Company monitors the level of short-term liabilities and current assets, as well as current cash flows of the Company and the Group.

8.2 Objectives and methods of financial risk management

Due to strict link with foreign suppliers and settlements made primarily in USD, the Group is sensitive to changes in FX rates and hence requires increased expenditure on purchase of goods abroad. On the other hand, a part of the Group's sales revenues comes from export activity based on prices set in foreign currencies, mainly EUR, as a result of which the Group is partly subject to natural hedging. There is a risk, however, that future FX fluctuations may have a negative effect on the Group's financial performance.

To minimise the FX risk, the Parent Company entered into framework agreements (with two banks) on cooperation regarding term and derivative transactions. In 2011, the Group did not conclude transactions in derivatives. Therefore, the Group does not apply hedge accounting.

9. ASSESSMENT OF FINANCIAL RESOURCES MANAGEMENT AND THE ABILITY TO COVER LIABILITIES

47% of the Group's activity is financed from external capital. Loan agreements require the Parent Company to maintain its financial debt ratios and debt servicing ratios at an agreed level throughout the lending period. The bank has the right to terminate the loan agreements if the condition of maintaining ratios at the level, specified by the bank, is not fulfilled.

The Parent Company has extremely good relationships with banks and financial institutions and in the up to date activity, it had no problems renewing its loans on advantageous terms. The Company continues dynamic development of its activity, maintains a high level of liquidity and conducts conservative debt policy. This is why, in view of the Management Board, the Company's ability to cover liabilities is high.

At the moment, there are no events which may, according to the Management Board, have a negative effect on the Company's ability to cover its liabilities.

10. ASSESSMENT OF THE ABILITY TO CARRY OUT INVESTMENT OBJECTIVES

In the opinion of the Parent Company's Management Board, there are no threats to implementation of investment objectives. The measures planned for 2012 have been described in item 5.3. Apart from funds generated by operations, the Group has secured its external funding in the form of credit limits, pursuant to the agreements discussed in item 15.

11. MAIN COMMODITY GROUPS

The Company offers a wide range of goods sold under its own brands:

- YATO (professional hand tools, gardening tools),
- POWER UP, STHOR, LUND (power tools),
- VOREL (hand workshop and construction tools),
- FLO (hand and fuel-powered gardening tools, gardening power tools),
- FALA (bathroom furnishings).

TOYA S.A. is also the general distributor of the Italian brand GAV (pneumatic tools).

The Group's most recognisable and leading brand, which also generates the highest sales growth, is **YATO**. It offers a wide range of professional hand and pneumatic tools intended for work in industrial and service conditions. YATO's products include both general-purpose and specialist tools.

The YATO brand sells primarily workshop, construction and gardening tools, such as spanners, sockets, impact sockets, torque wrenches and torque multipliers, screwdrivers and screwdriver bits, pliers and pipe wrenches, electrician tools, hammers, chisels, punches and axes, clamps, vices and supports, cutting and forming tools, hydraulic tools, fastening tools, construction tools, measuring tools, pneumatic tools, special automotive tools and equipment.

YATO products are made from high-quality steel alloys, using modern thermal and chemical treatment technologies. YATO products combine innovative designs and ergonomics. The Company continuously improves the quality of its goods and expands their range, launching several hundred new products each year. As a result, YATO enjoys good reputation in the market, both with respect to quality and offered prices.

Revenues from sales of YATO branded products accounted for 39% of the Group's revenues in 2011 (31% in 2010).

VOREL is the brand which has had the highest share in sales of the Group's products for approx. 9 years. This brand's product range includes hand workshop and construction tools intended primarily for DIY enthusiasts and households. VOREL's product range includes, among others, spanners, sockets, accessories and sets, screwdrivers and screwdriver bits, pliers and pipe wrenches, electrician tools, hammers, chisels, punches and axes, clamps and vices, cutting tools, hydraulic tools, fastening tools, construction tools, measuring tools, pneumatic tools, special automotive tools and equipment, power tools and accessories, welding equipment, safes, padlocks, locks, tool bags, boxes, trolleys, safety products, electric products, garden tools.

Products offered under this brand are nearly all tools required for gardening works, such as garden hand tools, electric garden tools, gasoline garden tools, gasoline and electric garden accessories as well as other garden accessories.

Revenues from sales of FLO branded products accounted for 7% of the Group's revenues in 2011 (9% in 2010).

The product range of **POWER UP** brand covers power tools. Products under this brand are intended for workshops and demanding DIY enthusiasts. The range of POWER UP products includes, among others: impact drills, rotary hammers, cordless tools, grinders, polishers, jig saws, circular saws, planers, decoration tools, soldering guns, mortar mixers, stationary power tools, water pumps and electric pressure washers.

Revenues from sales of POWER UP branded products accounted for 6% of the Group's revenues in 2011 (7% in 2010).

Under **FALA** brand, the Group also sells bathroom fittings. The product range covers basic types of items, such as: faucets, bathroom and shower sets, shower hoses, pop-up wasters, shower heads, shower rails, bathroom scales, toilet seats and baby toilet seats as well as bathroom accessories.

Revenues from sales of FALA branded products accounted for 2% of the Group's revenues in 2011 (3% in 2010).

Under the brand **STHOR**, the Group sells modern common use power tools. The brand's product range is addressed to DIY enthusiasts and households members who do not use the tools professionally. These tools include: impact drills, cordless tools, rotary hammers, grinders, jig saws, circular saws, planers, soldering guns and decoration tools.

Revenues from sales of STHOR branded products accounted for 2% of the Group's revenues in 2011 and 2010

The latest brand, established in mid-2010, under which the Company sells power tools, is **LUND**. Its product offer includes a broad range of power tools useful in basic renovation, finishing and decoration works. LUND is a brand dedicated to DIY enthusiasts, for household and domestic workshop use. The product range of LUND includes: impact drills, cordless drills, angle grinders, multi-sanders, orbital sanders, polishers, jig saws, circular saws, cutters, hot air guns, and submersible pumps.

Revenues from sales of LUND branded products accounted for 1% of the Group's revenues in 2011 and 2010

GAV is an Italian brand. TOYA S.A. is not its owner, but its general distributor. Products under this brand include pneumatic tools used in modern automotive services. The brand is characterised by Italian style, innovativeness and high-quality manufacturing.

Revenues from sales of GAV branded products accounted for 1% of the Group's revenues in 2011 and 2010.

The most profitable brand is YATO. Every year, the Company records an increase in the sales volume of this brand in the domestic market. However, the Group still achieves the highest revenues from the sale of the VOREL brand.

Revenues from sales in the Capital Group's core business, broken down by brand and its profitability for each financial year, are shown in the following tables:

12. MAIN SELLING MARKETS

12.1 Sales structure

The main distribution channels of Toya S.A. Capital Group include:

a) domestically:

- Wholesale market, i.e. distributors, wholesalers and stores
- Retail networks and
- The on-line store;

b) export.

The largest portion of sales is generated by TOYA S.A. Capital Group through the domestic wholesale distribution channel (50% share of the segment "Trading activity – the wholesale market" in sales revenues for 2011). At the same time, this channel is the most profitable one (in 2011, its profitability stood at 38%). The Group's distribution channel with the second highest share in sales is the segment "Trading activity – export". In 2011, its sale in shares amounted to 27% with 32% profitability. Distribution through retail chains in the domestic market has the lowest share in sales revenues, which in 2011 reached the level of 23%, with a profit margin of 32%.

Abroad, the goods are launched through the subsidiary Toya Romania S.A., a company jointly controlled by Yato China Trading, as well as authorised distributors and representatives. Such diversified sales network provides access to a broad market, professional service as well as optimised availability of the entire range of products sold by the Group.

Revenues of the Capital Group, broken down by distribution channels and their profitability, are shown in the tables below.

Table. The structure and volume of sales revenues from continuing (trading) operations of the Capital Group, broken down by segments which are distribution channels

The Group's sales revenues	For 12 months ended 31 December			
	2011		2010	
	PLN '000	%	PLN '000	%
Trading activity – the wholesale market	104,428	50%	91,325	48%
Trading activity - export	57,216	27%	44,804	24%
Trading activity – retail networks	48,664	23%	53,007	28%
Total	210,308		189,136	

Table. Sales profitability on continuing operations of segments which are the distribution channels of the Capital Group

	2011	2010
Trading activity – the wholesale market	38%	36%
Trading activity - export	32%	30%
Trading activity – retail networks	32%	30%
Weighted average	35%	33%

Taking into account the Capital Group's main operations only, a half of sales revenues generated in 2011 was attributable to the wholesale segment. Data from previous years reveal less significant domination of this segment for the benefit of the export and retail networks segments.

12.1.1 Wholesale market – sales in Poland

TOYA S.A. has been present in Poland for more than 20 years and during this time, it has been systematically strengthening its market position. The highest sales in Poland take place through traditional distribution channels, i.e. through distributors, wholesalers and stores. In 2011, TOYA S.A. cooperated with 9 authorised distributors and with several dozen wholesale customers in all regions in order to increase its sales, margins and promote its own brands. The company employs several dozen sales representatives – assistants of partners in the wholesale market – and is planning further development of this distribution channel.

12.1.2 Retail networks – sales in Poland

Domestic sale to retail networks constitutes approx. 23% of the Group's sales revenues. TOYA S.A. cooperates with more than 10 large networks in Poland.

The Parent Company sells industrial goods on the basis of its customers' orders for specific quantities of products to be delivered on specific dates. Upon acceptance, these orders give rise to typical contractual obligations. Sales revenues and structure of sales in the largest retail networks in Poland have been presented in the table below.

Toya Romania S.A.

Apart from the export sales described above, direct sales in Romania are carried out by the subsidiary established in 2003 – Toya Romania S.A., whose business includes sales of hand and power tools in Romania. The product range, offered brands and distribution channels (other than export) are identical to those of the Polish company.

The development concept of Toya Romania S.A. assumes, among others, further use of the synergy effect within the Group, in particular optimisation of goods purchase costs, based on common supply sources and logistics centres. Moreover, the Romanian company plans to strengthen its position in the local market through further expansion of the network of on-site representatives. Their task is to win customers in the traditional market from among specialist retail stores and institutional customers. Marketing activities focus on increasing the share of the high-margin YATO brand in the revenues structure, which will considerably increase the company's profitability when using the shortened distribution channel.

Yato China Trading

Yato China Trading has operated since the second half of 2008 as a jointly controlled entity with its registered office and logistics centre in Shanghai. During this time, the company's operations focused on development of the distribution network in individual provinces of the PRC, finding and training sales staff as well as preparing for expansion onto global markets. The last two years allowed for completion of the initial stage and development of a distribution network in the main provinces of the PRC as well as of a structure which enables consolidation and export of YATO products directly to customers/distributors in Southern and Eastern Asia, Africa, Australia and the Middle East. The company is also one of the main suppliers of goods for TOYA S.A. and TOYA Romania S.A.

So far, the distribution network in the Chinese market covers 19 out of 35 autonomic administrative units (22 provinces, 5 autonomic regions, 4 separated cities and 2 special regions), handled by one or more distributors depending on the local conditions, the population density and traditional forms of trade.

At present, the retail network of Yato China Trading covers an area with total population of 945 million out of a total 1.4 billion of the country's population. This means a considerable development potential for the retail network in the local market – not only through the already existent representatives, but also through new markets in other areas of China.

Export activity of Yato China Trading commenced in the second quarter of 2010 as the next step in the company's development. During this period, exclusive agreements were signed with distributors in the following countries: South Africa, Malaysia, Singapore, United Arab Emirates, (due to the specific nature of this region, the agreement covers most countries in Central and Eastern Asia), the Caribbean Islands, Mauritius.

12.1.4 On-line store – sales in Poland

In 2010, TOYA S.A. opened an on-line store at www.yato-shop.pl. As this distribution channel has not operated for long, its share in the Company's sales is not significant yet. The Company is planning further dynamic development of the e-store and eventually higher share of e-commerce in the Company's sales structure.

12.2 Suppliers

The network of suppliers the Group cooperates with is highly diversified. For many years, the Group has cooperated with more than 100 foreign and more than 70 domestic suppliers, which allowed it to establish durable business contacts. Such a broad range of suppliers ensures high independence and even enables strengthening of the Group's negotiating position. This position is additionally improved by the presence of Yato China Trading, both thanks to higher confidence of Asian manufacturers in a local partner as well as larger volumes of orders. The Parent Company usually signs short-term agreements on delivery of specific products or places one-off orders for products.

13. CONCLUDED AGREEMENTS IMPORTANT TO THE COMPANY'S OPERATIONS

The criterion for recognising agreements as important adopted by the Parent Company is agreement value exceeding 10% of the Parent Company's equity.

According to this criterion, the commercial cooperation agreement, concluded on 12 September 2011 with Selgros Sp. z o.o. with its registered office in Poznań, was deemed to be important.

The table below includes the Parent Company's insurance policies, including those meeting the criterion of being recognised as important agreements.

Pursuant to annex No 10 of 6 April 2011 to loan agreement No CRD/19815/05 of 11 October 2005 with Raiffeisen Bank Polska S.A., the borrower under the agreement was changed to Toya Development Sp. z o.o. S.K.A. On the same day, TOYA S.A. executed an agreement with Raiffeisen Bank Polska S.A. providing for its accession to the abovementioned obligations. Under the agreement, TOYA S.A. is jointly and severally responsible with the borrower for its liabilities up to the amount of PLN 19,974 thousand. The end of term of the debt accession agreement was defined as the date of full repayment of the debt under the loan agreement with BZ WBK S.A., but no later than 26 February 2019. The loan agreement with BZ WBK S.A. has been fully repaid by Toya Development Sp. z o.o. S.K.A. on 4 May 2011. On 12 May 2011, the bank confirmed that the Toya S.A.'s accession to the debt has expired.

(***) Pursuant to the annex of 13 January 2011, the agreement with Bank DnB Nord was terminated. The entire debt along with the due interest was repaid on 13 January 2011.

17. EXTENDED LOANS AND BORROWINGS

In 2011, the Group did not extend any borrowings or loans.

18. GRANTED GUARANTEES AND SURETIES CONTINGENT LIABILITIES AND ASSETS.

In 2011, the Parent Company granted the following guarantees:

Item	Counterparty	Type of guarantee	Subject matter and value	Date of expiry
1	Bank Handlowy	Guarantee of repayment of loan liabilities by Yato China Trading (*)	Bank guarantee of USD 2,500 thousand	31 December 2012

(*) To secure repayment of the loan, Toya S.A. established a USD 2,500 thousand mortgage on real estate located at ul. Sołtysowicka 13-15 in Wrocław (Land and Mortgage Register No WR1K/00096765/9).

On 24 March 2011, the Parent Company was released by Raiffeisen Bank Polska S.A. from its obligations under the guarantee issued to Scubatech Sp. z o.o.

The group has no other contingent liabilities or assets.

19. INFORMATION ABOUT SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE

19.1 Adoption of the resolution on increasing the share capital in relation with allocation of shares to the entitled members of the Supervisory Board.

After the balance sheet date, on 27 March 2012, the Management Board of the Parent Company adopted a resolution concerning an increase of the share capital through issue of series E shares within the authorised capital and a resolution concerning the exclusion of subscription right for new series E shares by existing shareholders.

The Management Board, acting pursuant to an authorisation granted under § 7 paragraphs 5-7 of the Company's Articles of Associations, adopted a resolution concerning an increase of the share capital from PLN 7,484 thousand to PLN 7,502 thousand, by way of issue of 187,842 ordinary bearer series E shares with par value of PLN 0.10 and issue price of PLN 0.10 per share.

The share capital is increased in order to offer shares to Supervisory Board Members in a private subscription. Persons entitled to subscribe for series E shares are exclusively the Supervisory Board Members (or entities indicated by them) listed in the Resolution No 10 of the Ordinary General Shareholders' Meeting dated 23 May 2011 concerning the remuneration of the Supervisory Board members (for detailed information – see note 16.1).

Given the fact that the agreements concerning the acquisitions of shares were signed by all the authorised members of the Supervisory Board and that all the shares were paid for, on 19 April 2012, the Management Board of Toya S.A. adopted a resolution concerning the allocation of the shares. An application for the registration of the capital increase will be filed with the National Court Register in the coming days.

After registration of the new shares by the Court, the Company will apply for admission of the series E shares to trading in the regulated market on Warsaw Stock Exchange.

19.2 Agreements with banks

Agreement with Raiffeisen Bank Polska S.A.

In connection with the terms of the debt limit facility agreement No CRD/L/11381/02 of 2 October 2002, as amended, on 16 February 2012, annex No 17 was signed regarding an extension of the contract until 28 September 2012 and an increase of the bank's margin.

20. STATEMENT CONCERNING APPLICATION OF THE PRINCIPLES OF CORPORATE GOVERNANCE

20.1 The set of principles of corporate governance to which the Parent Company is subject and the location where the text of the principles is publicly available

The Parent Company adopted the principles of corporate governance in the document entitled "Good Practices of Companies Listed on the Warsaw Stock Exchange", the content of which is available on the website www.corp-gov.pl. This statement concerning application of the principles of corporate governance, included in the Annual Report for the financial year 2011, refers to the principles of corporate governance applicable in 2011.

20.2 The scope in which the Parent Company departed from the provisions of the set of principles of corporate governance, indication of these provisions and explanation of the reasons for this departure

In 2011, the Parent Company observed the principles of corporate governance specified in the document entitled "Good Practices of Companies Listed on the Warsaw Stock Exchange", except for the principles listed below.

A. With regard to recommendations for best practices for listed companies:

- Enable on-line broadcasts of General Meetings over the Internet, record General Meetings, and publish the recordings on the company website
- The Parent Company did not broadcast General Meetings over the Internet. In the opinion of the Management Board, incompliance with the principle to the aforesaid extent does not pose a risk since

the Parent Company publishes news in the form of current reports and makes available on its website all the legally required information and documents, which enables the investors to acquaint with the subjects discussed during the General Meeting. Due to the shareholding structure, this solution would result in costs disproportionate to the effects. The Parent Company will consider fulfilling this recommendation in the future.

- The Parent Company should have a remuneration policy and rules of defining the policy. The remuneration policy should in particular determine the form, structure, and level of remuneration of members of supervisory and management bodies. Commission Recommendation of 14 December 2004 fostering an appropriate regime for the remuneration of directors of listed companies (2004/913/EC) and Commission Recommendation of 30 April 2009 complementing that Recommendation (2009/385/EC) should apply in defining the remuneration policy for members of supervisory and management bodies of the company.
- This principle was not observed with regard to remuneration of members of the Supervisory Board since in accordance with the Company's current Articles of Association, remuneration of the members of the Supervisory Board is determined by the General Meeting. By way of resolution dated 23 May 2011, the General Meeting determined the principles of remuneration of the Supervisory Board members for a three-year term of office, granting certain members the right to acquire the Company's shares in the quantity and on terms specified therein. For these members of the Supervisory board, it is the basic remuneration for holding the office of a Supervisory Board member and also an incentive. Supervisory Board members who are the Company's shareholders do not receive remuneration for holding their office. According to the Articles of Association, remuneration of Management Board Members is determined by the Supervisory Board. The Company has no documents specifying the principles of shaping the remuneration policy. The amount of remuneration of the Company's bodies is presented in annual reports.
- The WSE recommends to public companies and their shareholders that they ensure a balanced proportion of women and men in management and supervisory functions in companies, thus reinforcing the creativity and innovation of the companies' economic business.
- In the opinion of the Company's Management Board, the main criterion for electing members of the Management Board or the Supervisory Board is the candidate's experience and competencies for the applied position. The Parent Company declares that it will consider the subject recommendation and possibly comply with corporate governance in this respect.

B. With regard to good practices applied by management boards of listed companies:

- The Parent Company ensures operation of its website, also in English, at least in the scope indicated in part II. item 1.
- TOYA S.A. declares gradual implementation of its website, including in English – at least in the scope indicated in part II/ item 1.

C. With regard to good practices implemented by the shareholders

- The Parent Company should enable its shareholders to participate in the general meeting using electronic means of communication in the following manner:
 - 1) real-time transmission of the general meeting,
 - 2) bilateral real-time communication which allows the shareholders to speak during the general meeting while being present at a location other than the location of the meeting,
 - 3) exercising the voting right during the general meeting, in person or through a proxy.

The Parent Company did not implement these principles in 2011. According to the new principles of Corporate Governance, published at www.corp-gov.gpw.pl and in force since 1 January 2012, this principle should be applied starting from 1 January 2013 the latest.

TOYA S.A. declares that it will consider gradual implementation of appropriate corporate mechanisms, in particular additional organisational and technical means, allowing for application of the principles of corporate governance in the above-mentioned scope.

20.3 Description of basic features of internal control and risk management systems applied in the Group with respect to the process of preparing the financial statements

The Management Board of the Parent Company is responsible for the internal control system in the Group and its effectiveness in the process of preparing consolidated financial statements and periodical reports, which are developed and published in accordance with the Regulation of the Minister of Finance of 19 February 2009 on current and periodical information submitted by issuers of securities and on conditions for deeming equivalent the information required by the provisions of the law of a Non-Member State (Journal of Laws No 33, item 259). The Group applies internal control systems with regard to accounting and financial reporting to ensure reliable and transparent presentation of its financial and assets standing. The Group has in place documentation describing the adopted accounting principles, specifying the methods of assets and liabilities valuation and determination of the financial result, as well as the manner of keeping the books of account and the system for protection of data and data collections. The adopted accounting principles are applied on a continuous basis by ensuring comparability of financial statements while using the rule of going concern and prudent valuation. The Group's consolidated financial statements are audited by authorised entities chosen by way of resolution of the Supervisory Board. The statements are published according to the applicable provisions of the law.

The books of account are kept by the Parent Company and its subsidiaries in the ERP class IT system. Access to information resources of the IT system is restricted by appropriate rights of authorised employees solely in the scope of their duties.

The Group's accounting policy, compliant with IFRS, applies to all companies from the group during preparation of statement packages for consolidation purposes. Companies subject to consolidation and appraised using the equity method receive guidelines on the date of preparation of statement packages as well as the up-to-date package template, taking into account information necessary to prepare periodical consolidated statements.

Data submitted by the Group's companies are consolidated outside the ERP system, in an earlier prepared Excel consolidation spreadsheet. Due to the Group's structure, application of a dedicated consolidation model directly in the ERP system is economically unjustified.

The Financial Director supervises the process of preparing the Company's consolidated financial statements and periodical reports from the subject-matter point of view.

Organising works related with preparing annual and semi-annual consolidated financial statements is the competence of the accounting and control department.

After its approval by the Financial Director and before its publication, consolidated financial statements are verified by the Parent Company's Management Board and Supervisory Board.

20.4 Shareholders who hold, directly or indirectly, major blocks of shares, the number of shares held by these entities, their percentage share in the share capital, the number of votes resulting from them and their percentage share in the total number of votes at the general meeting.

The share capital of TOYA S.A. as at 31 December 2011 amounted to PLN 7,483,680.00 and was divided into 74,836,800 shares with par value of PLN 0.10 each. The shares are not preference shares and they correspond to one vote at the General Meeting.

	Number of shares	Number of votes	Share (%) in the share capital	Share (%) in votes at the general meeting
Jan Szmidt	28,170,647	28,170,647	37.6%	37.6%

Piotr Wojciechowski	5,057,728	5,057,728	6.8%	6.8%
Generali OFE	4,800,000	4,800,000	6.4%	6.4%
Other shareholders	11,225,521	11,225,521	15.0%	15.0%
TOTAL	74,836,800	74,836,800	100%	100%

20.5 Holders of any securities which provide special control rights

All shares in the Parent Company are ordinary bearer shares. Apart from shares, the Parent Company issued no other securities.

20.6 Any restrictions regarding exercising of voting rights

Shares of the Parent Company do not involve any restrictions with respect to exercising voting rights. According to the Articles of Association of TOYA S.A., each share entitles to one vote at the General Meeting.

20.7 Any limitations in transferring the ownership right to the issuer's securities

On 29 August 2011, by signing appropriate agreements, shareholders of the Parent Company (i.e. Jan Szmidt, Tomasz Koprowski, Romuald Szałagan and Piotr Wojciechowski) committed themselves towards Wood & Company Financial Services ("Wood & Co") that within twelve months of allocation of Offered Shares, without prior written agreement:

(a) they shall not sell any shares of the Parent Company held on the date of execution of the "Lock up" agreement, provided that shares can be sold without approval of Wood & Co exclusively in the case of: (i) a public call for sale or conversion of the Parent Company's shares in a quantity ensuring that 33% of the total number of votes in the Company is achieved or exceeded or (ii) sale of shares to an investor who acquires or holds a majority block of all shares in the Parent Company; and

b) they shall not perform any other actions which may result in transfer of the ownership of shares during the contractual period of reduced transferability. Reduced transferability of shares will not apply to any transfer of ownership of the shares by a shareholder of the Parent Company to other shareholders (listed above), provided that the shareholder purchasing shares submits a written declaration to Wood & Co that they will be bound by all transferability restrictions.

Shareholders are liable towards Wood & Co for failure to execute or duly execute agreements on reduced transferability on general principles following from the Civil Code, i.e. for damage caused by failure to execute or duly execute obligations under these agreements.

Moreover, on 30 June 2011, the Parent Company committed itself towards Wood & Co that within 360 days of the date of allocation of Series C Shares under the Offer, without prior written agreement, it would not take any actions aimed, directly or indirectly, at:

- offering any shares or other equity securities of the Parent Company to be taken up or acquired, except for debt securities, such as bonds,
- public announcement of the intention to offer the shares of the Parent Company to be taken up or acquired,
- sale of shares of the Parent Company or other disposal of these shares,
- commitment to issue or sell shares of the Parent company or otherwise dispose of these shares (including not to establish a pledge on the Parent Company's shares),
- issue of the Parent Company's shares or any financial instruments convertible or exchangeable for shares of the Parent Company or financial instruments which provide any other rights to acquire shares of the Parent Company,
- concluding any other transaction concerning the Parent Company (including a transaction involving use of derivatives) whose economic effect would be similar to that of sale or issue of the Parent Company's shares.

On 9 August 2011, new shareholders joined the Parent Company. On 9 August 2011, Ms Beata Szmidt, Ms Beata Szałagan, Ms Elżbieta Wojciechowska and Ms Wioletta Koprowska (new shareholders) concluded a lock-up agreement with WOOD & Co on the same terms as lock-up agreements concluded with hitherto shareholders. Lock-up agreements of current shareholders have been adjusted appropriately in order to take into account changes in the shareholding structure.

20.8 Description of principles concerning appointment and dismissal of managers and their entitlements, in particular the right to decide on issuance or redemption of shares.

Pursuant to the Articles of Association, the Management Board comprises from one to seven members, including the President of the Management Board and, in the case of a management board comprising several members, the Vice-President of the Management Board. The number of Management Board members for a given term is specified by the Supervisory Board. Members of the Management Board are appointed for a joint, three-year term of office, while mandates of the Management Board members expire no later than on the day of the General Meeting which approves the financial statements for the last full financial year of the term of office.

Members of the Management Board of TOYA S.A. are appointed and dismissed by the Supervisory Board.

Members of the Management Board can be dismissed at any time, without detriment to their claims from the work relationship or a different legal relationship which is the basis for holding the office of a Management Board Member.

The Management Board's competences relate to all matters of the Parent Company not restricted to the competences of the General Meeting or the Supervisory Board.

The Management Board operates on the basis of the Regulations approved by the Supervisory Board, as specified in the Articles of Association of TOYA S.A. The Regulations also specify detailed competences of the Management Board. The Management Board handles the affairs of the Parent Company, manages its assets and represents the company in front of third parties.

The abovementioned corporate documents, including a description of principles concerning appointment and dismissal of managers and their entitlements, in particular the right to decide on issuance or redemption of shares, are available on the website www.toya.pl in the Investor Relations tab.

20.9 Principles of introducing amendments to the articles of association

Amendments to the articles of association of the Parent Company, including increases or decreases in the share capital, are introduced according to the provisions of the Commercial Companies Code and are the sole competence of the Parent Company's General Meeting.

20.10 The functioning of the General Meeting, its basic entitlements, the rights of shareholders and the manner of exercising these rights and entitlements

The General Meeting of the Parent Company Toya S.A. (the Parent Company) takes place in accordance with the provisions of the Commercial Companies Code, the Articles of Association of the Parent Company as well as provisions of the Regulations, while taking into account other generally applicable provisions of the law. Subject to cases specified in the Commercial Companies Code, if the the General Meeting was convened correctly, it is valid and capable of adopting resolutions regardless of the number of shares represented at the meeting. The General Meeting of the Parent Company is convened by an announcements published on the Parent Company's website and in a manner specified for transmitting current information, according to generally applicable regulations. The announcement should be made at least twenty-six days before the date of the General Meeting. The announcement about the General Meeting of the Parent Company should include at least:

- 1) the date, time and place of the General Meeting as well as a detailed agenda,
- 2) a precise description of procedures regarding participation in the General Meeting and executing the voting right, in particular information about:
 - a) the shareholder's right to demand specific issues to be included in the agenda,
 - b) the shareholder's right to submit draft resolutions regarding issues on the General Meeting's agenda or issues which are to be included in the agenda before the date of the General Meeting,
 - c) the shareholder's right to submit draft resolutions regarding issues on the General Meeting's agenda during the General Meeting,
 - d) the manner of exercising the voting right via proxy, including, in particular, information about forms used in voting through a proxy and the manner of notifying the Parent Company about appointment of a proxy using electronic means of communication,
 - e) the possibility and the manner of participating in the General Meeting using electronic means of communication,
 - f) the manner of voicing opinions during the General Meeting, using electronic means of communication,
 - g) the manner of exercising the voting right by correspondence or using electronic means of communication,
- 3) the date of registration of participation in the General Meeting,
- 4) information that the right to participate in the General Meeting only applies to persons who are shareholders of the Parent Company on the date of registering their participation in the General Meeting,
- 5) information on where and how the person entitled to participate in the General Meeting can obtain the full text of documentation to be presented to the General Meeting as well as draft resolutions,
- 6) address of the website on which information concerning the General Meeting will be made available.

The right to participate in the General Meeting of the Parent Company applies exclusively to persons who are shareholders of the Parent Company sixteen days before the date of the General Meeting (the date of registering participation in the General Meeting). The shareholder or their proxy are hereinafter also referred to as the Participants of the General Meeting (the Participant or Participants). The General Meeting can be attended by shareholders who submitted, to the entity keeping the securities account, a request for issue of a registered certificate of the right to participate in the General Meeting not earlier than after the announcement on the General Meeting being convened and not later than on the first business day following the date of registration for the General Meeting. The Parent Company determines the list of shareholders entitled to participate in the General Meeting on the basis of the list prepared by the entity maintaining the depository of securities, according to the provisions on trade in financial instruments, submitted to the Company not later than a week before the date of the General Meeting.

Shareholders can participate in the General Meeting and exercise the voting right in person or through a proxy. The power of attorney should be made in writing or in electronic form.

Upon arrival at the General meeting, each shareholder on the list of shareholders entitled to participate in the General Meeting reports their attendance (at the shareholder registration point) to the shareholder service team and is entered onto the attendance list. Preparing the attendance list of the General Meeting Participants involves the following tasks:

- 1) verification of identity of the shareholder or their proxy (if the shareholder is represented by a proxy, this fact must be indicated on the attendance list),
- 2) providing the number of shares held by the reporting Participant,
- 3) specifying the number of votes to which the reporting Participant is entitled,
- 4) the Participant placing a signature on the attendance list,
- 5) issue of a voting card, voting instructions and other materials for the meeting to the Participant.

The attendance list is signed by the Chairperson of the General Meeting (the Chairperson) immediately after their election. The Chairperson is competent for resolving complaints regarding this list. The attendance list is made available to the Participants of the General Meeting throughout the time of the meeting and is updated on a current basis.

Upon the request of shareholders holding a tenth of the share capital represented at the General Meeting, the attendance list will be verified by a commission appointed for this purpose, comprising at least three persons, including one chosen by the applicants. If the commission issues a decision disadvantageous to a certain person, that person can appeal to the General Meeting, which will resolve the issue by voting. If a Participant left the room during the General Meeting, the Chairperson corrects the attendance list, making note of the time when the Participant left the room, and recalculates the number of votes and the percentage of represented share capital. After calculations, the Chairperson declares whether the General Meeting has the required quorum and the majority of votes required to adopt resolutions, in particular if votes are planned on resolutions which require the qualified majority of votes.

If a Participant entitled to participate in the General Meeting is late, they should be allowed to attend the meeting. In such a case, the Chairperson orders a correction of the attendance list, marking the arrival time of the delayed Participant and the item of the agenda starting from which this person participates in the General Meeting, and once again calculates the number of votes and quorum represented since the arrival of the latecomer.

Members of the Management Board and the Supervisory Board participate in the General Meeting in composition which allows them to provide factual answers to questions asked during the General Meeting. If attendance of any of the participants of these bodies is impossible for important reasons, the participants of the General Meeting are informed about these reasons.

Members of the Management Board and the Supervisory Board of the Parent Company taking part in the General Meeting should, within their competences and to the extent necessary to resolve issues on the agenda, provide the Participants with explanations and information concerning the Parent Company, subject to restrictions following from the applicable regulations. In cases which require detailed, specialist knowledge of a given discipline, a Member of the Management Board or the Supervisory Board can appoint a person from among the employees of the Parent Company who will provide such information or explanations. The registered auditor conducting the audit of the Parent Company's financial statements is invited to the General Meeting, in particular if the agenda includes an item of the Parent Company's financial issues. The General Meeting can be transmitted via the Internet. Information about public transmission of the meeting will be published on the Parent Company's website immediately before the General Meeting.

The General Meeting is commenced by the President of the Supervisory Board or, if they are absent, the Vice-President of the Supervisory Board or a person appointed by the President or the Vice-President of the Supervisory Board, respectively. The person opening the meeting orders and conducts the election of the Chairperson from among persons who are entitled to vote. Until the abovementioned elections, the person opening the General Meeting has the Chairperson's rights.

Every Participant of the General Meeting is entitled to run for the Chairperson as well as to present one candidature for this post. The candidate is entered onto the list of candidates after stating that they accept the candidature. The Chairperson of the General Meeting is elected in a secret ballot. The person opening the General Meeting supervises the correct course of the ballot and announces its results.

The Chairperson ensures smooth course of the meeting and observance of the rights and interests of all shareholders. The Chairperson should counter, in particular, abuse of Participants' rights and ensure that the rights of minority shareholders are respected. The Chairperson should not resign from their function without material reasons and neither can they, without justified causes, delay the signature of the minutes of the General Meeting.

Duties and rights of the Chairperson of the General Meeting, apart from those listed in the Regulations of the General Meeting, include in particular:

- 1) declaring correctness of the manner in which the General Meeting was convened and the ability to adopt resolutions,
- 2) presenting the announced agenda of the General Meeting,
- 3) giving floor and removing it from a Participant who voices their opinion clearly off-topic or violates the principles of decent behaviour with their speech,
- 4) ordering ballots, supervising their correct course and announcing their results,
- 5) removing persons who are not entitled to participate in the General Meeting or who interrupt the meeting from the room,
- 6) ordering breaks in meetings, subject to the provisions of Regulations of the General Meeting,
- 7) resolving doubts concerning regulations, if needed after obtaining the opinions of persons listed in the Regulations of the General Meeting,
- 8) concluding the General Meeting after the meeting agenda has been exhausted.

The Chairperson is entitled to appoint a Secretariat of the General meeting (the Secretariat) comprising 1-3 persons for cooperation with the Chairperson during the General Meeting. The Chairperson of the General Meeting is entitled to consult the notary public, lawyers and other independent consultants appointed by the Management Board of the Parent Company to service the General Meeting. The Chairperson informs the attendants about the presence of the abovementioned persons at the General Meeting.

Every Participant of the General Meeting is entitled to submit a motion regarding formal issues. Motions regarding formal issues are motions regarding the manner of holding the meeting and voting, in particular motions for:

- 1) postponement or closure of discussion,
- 2) breaks in the meeting,
- 3) the voting order of motions submitted under a given item of the agenda,
- 4) closure of the list of candidates upon elections.

Subject to paragraph 5 of the Regulations of the General Meeting, motions regarding formal issues are resolved by the Chairperson and if any Participant objects their decision – by voting.

The Chairperson may order a short break in the meeting, in particular in order to allow:

- 1) formulation of conclusions,
- 2) agreement upon the Participants' positions,
- 3) obtaining opinions of persons referred to in § 6 paragraph 5 of the Regulations of the General Meeting,
- 4) the Management Board and the Supervisory Board to assume their positions,
- 5) handling other cases which require such breaks, in particular if the General Meeting lasts longer than 2 hours.

The ordered breaks cannot be aimed at impeding users in exercising their rights. Should the break in the meeting cause postponement of the General Meeting at least until the following day, the General Meeting must adopt the relevant resolution with at least 2/3 of votes. In total, such breaks cannot be longer than 30 days.

Subject to the provisions of § 8 of the Regulations of the General Meeting, every Participant should voice their opinion only on matters covered by the adopted agenda which are currently being considered, in particular by asking questions to the representatives of the Parent Company. Motions concerning draft resolutions or amendment thereof should be submitted, along with their justification, in writing to the Secretariat, or in the case of lack thereof, to the Chairperson. When taking the floor or submitting a motion, the Participant should provide their full name and, if they are not applying on their own behalf, also details of the shareholder they are representing.

The Chairperson gives the floor to Participants according to the order of applications and for the purpose of retorts – after the list of persons speaking on a given issue on the agenda is exhausted. The Chairperson can give the floor to the members of the Parent Company's Supervisory Board and Management Board out of turn. The Chairperson can limit the speaking time of a Participant of the General Meeting if the number of Participants who intend to take part in the discussion is so large that lack of time limits for their speeches could, taking into account the agenda, render impossible conducting the General Meeting efficiently. Restriction of the speaking time cannot cause a restriction in the shareholders' rights. The Participant can also voice their opinion by submitting a written statement, question or motion. After the list of speakers has been exhausted, the Chairperson informs the General Meeting about the content of such statements and organises explanations and, if needed, puts the submitted motions to vote. If there are doubts regarding the motion under vote, before voting, the Participant can ask the Chairperson to read the motion out. The Participant of the General Meeting who demanded an objection to be recorded in the minutes after the General Meeting adopted a resolution against which they had voted can briefly motivate the objection.

The Parent Company publishes questions asked in relation with the General Meeting as well as provided answers on its website, immediately after the end of the General Meeting.

Resolutions cannot be adopted with respect to issues not covered by the agenda unless the entire share capital is represented at the General Meeting and none of the attendants objects to adoption of the resolution. The

General Meeting can adopt, at any time, a resolution on convening an Extraordinary General Meeting, resolutions regarding the announced agenda and resolutions of organisational nature, which include:

- 1) a resolution on changing the order of individual discussed items on the agenda,
- 2) a resolution on removing individual issues from the agenda,
- 3) a resolution on the method of voting,
- 4) a resolution on breaks in the meeting.

A motion for a resolution on removing a specific issue from the agenda should be motivated. A matter whose consideration is obligatory pursuant to applicable regulations cannot be removed from the agenda.

A resolution is deemed adopted if its adoption was voted for by shareholders representing the majority of votes required according to the provisions of the Commercial Companies Code or the Articles of Association. If amendments were suggested for a draft resolution, these suggestions, subject to § 8 paragraph 2 of the Regulations of the General Meeting, are put to vote in the order determined by the Chairperson and subsequently, a vote is held on the entire draft resolution, together with adopted amendments.

The Chairperson orders a secret ballot for elections and in the case of motions for dismissal of members of the Parent Company's bodies, for holding them liable as well as in the case of personnel issues. The Chairperson also orders a secret ballot on other issues upon request of at least one Participant, except for votes on motions relating to formal issues. Voting and counting votes are assisted by a company which counts votes using a computer technique or in a different manner, specified in the voting instruction submitted by the Chairperson.

The Supervisory Board comprises from five to seven members, appointed for a joint term of office in a manner specified in the Parent Company's Articles of Association. The number of members of the Supervisory Board for a given term is determined by the General Meeting.

The principles below apply to appointment of members of the Supervisory Board by the General Meeting.

A candidate for an independent member of the Supervisory Board submits their agreement to be appointed member of the supervisory board and a curriculum vitae, as well as a written declaration of meeting the independence criteria referred to in the Parent Company's Articles of Association. Every Participant of the General Meeting is entitled to put forward candidatures for a member of the Supervisory Board. The candidature put forward is accompanied by a justification and a short curriculum vitae of the candidate, which covers in particular their education and hitherto work experience.

The candidate put forward is added to the list of candidates after declaring acceptance of the candidature and compliance with the criteria, adopted by the Company, necessary to be recognised as an independent member of the Supervisory Board, as well as submitting other declarations, if any, required by generally applicable provisions. A candidate who is absent at the General Meeting is entered onto the list of candidates after the person who proposes them presents:

- 1) the candidate's written agreement along with a declaration of compliance with the independence requirements, or
- 2) a written declaration concerning the candidate being put forth with respect to agreement for candidature and compliance with the independence criteria and
- 3) the candidate's other declarations required by the provisions of the law, submitted in the appropriate form.

Upon the request of the Chairperson or another Participant, the list of candidates for the Supervisory Board can be closed by the Chairperson if the number of elected candidates is at least equal to the number of posts to be appointed in the Supervisory Board. The list of proposed candidates for members of the Supervisory Board is prepared in alphabetic order by the Secretariat of the General Meeting.

Voting for the members of the Supervisory Board takes place separately for each candidate, in a secret ballot, according to absolute majority of votes. A vote cast for a number of candidates exceeding the number of mandate posts is invalid. The Supervisory Board comprises candidates who obtained the largest number and the absolute majority of votes; if there is an equal number of votes for the last mandate post, another vote is

held for these candidates, with the above principles applying respectively. The provisions of this section also apply if the agenda of the General Meeting covers changes in the composition of the Supervisory Board.

A special voting procedure is ordered by the Chairperson of the General Meeting in the case of group elections to the Supervisory Board. Upon the motion of shareholders representing at least one fifth of the share capital, the Supervisory Board should be elected by way of voting in separate groups even if the Articles of Association provide for a different manner of appointment of the Supervisory Board. During a group ballot, one share corresponds to one vote. Groups of shareholders are created at the General Meeting in order to elect members of the Supervisory board, provided that the number of created groups corresponds to the number of posts to be appointed in the Supervisory Board. A shareholder can only be a member of one voting group. The minimum number of shares needed for creating a group is established by dividing the number of shares represented at the General Meeting by the number of mandates to be appointed in the Supervisory Board. The group of shareholders is entitled to elect the number of members of the Supervisory Board equal to the number of times the shares represented by it exceed the calculated minimum. Groups of shareholders can merge in order to make optimal use of jointly held shares to elect members of the Supervisory Board. For each group, the Chairperson orders a separate attendance list to be prepared. Each group holds a vote for the chairperson of the meeting of a given group, who will ensure organisation of the ballot within the group, i.e. proposing candidates, holding ballots and minutes from the group's meeting being drawn up by the notary public. Each of the established groups is provided with a separate room to hold the elections unless this is impossible for organisational reasons. In such a case, groups take turns and use a single room. Each group holds the ballot before the notary public who, draws up the minutes; the order is determined by the Chairperson of the General Meeting. After holding a group ballot, the chairperson of the group delivers written results of secret ballots held in groups to the Chairperson of the General Meeting. The Chairperson of the General Meeting announces the composition of the Supervisory Board after collecting all results of group ballots.

Resolutions of the General Meeting are recorded in the minutes by the notary public, otherwise being null and void. The minutes are signed by the notary public and the Chairperson of the General Meeting. The minutes declare that the General Meeting has been convened correctly and can adopt resolutions; they also list the adopted resolutions and next to each of them, the number of shares from which valid votes were cast, the percentage of these shares in the share capital, the total number of valid votes, the number of votes for, against and withheld as well as voiced objections. The minutes are supplemented by the attendance list with signatures of the Participants. The Management Board of the Parent Company enters the extract from the minutes to the minutes book. The minutes book is also supplemented with evidence for convening the General Meeting.

On its website, the Parent Company publishes the ballot results within a week of the conclusion of the General Meeting. The ballot results will be available until the deadline for appealing against the resolution of the General Meeting.

General Meetings can be recorded; in such cases, the recording of the meeting will be published on the Parent Company's website immediately after conclusion of the General Meeting.

20.11 Principles of introducing amendments to the articles of association or memorandum of association of the Parent Company

Adopting resolutions concerning amendments to the Articles of Association of the Parent Company, including increases or decreases in the share capital, is the competence of the Parent Company's General Meeting.

In cases concerning amendments to the Articles of Association, including issue of new shares, resolutions of the General Meeting are adopted by the majority of $\frac{3}{4}$ votes cast (except for amendments for which the Commercial Companies Code provides otherwise).
