#### TRANSLATORS' EXPLANATORY NOTE

The English content of this report is a free translation of the registered auditor's report of the below-mentioned Polish Company. In Poland statutory accounts as well as the auditor's report should be prepared and presented in Polish and in accordance with Polish legislation and the accounting principles and practices generally adopted in Poland.

The accompanying translation has not been reclassified or adjusted in any way to conform to the accounting principles generally accepted in countries other than Poland, but certain terminology current in Anglo-Saxon countries has been adopted to the extent practicable. In the event of any discrepancies in interpreting the terminology, the Polish language version is binding.

### Independent Registered Auditor's Report

To the General Shareholders' Meeting and the Supervisory Board of TOYA S.A.

Report on the audit of annual consolidated financial statements

#### Our opinion

In our opinion, the attached annual consolidated financial statements of TOYA S.A. capital group ("the Group"), in which TOYA S.A. is the parent entity ("the Parent Company"):

- give a true and fair view of the consolidated financial position of the Group as at 31 December 2017 and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the applicable International Financial Reporting Standards as adopted by the European Union and the adopted accounting policies;
- comply in terms of form and content with the laws applicable to the Group and the Parent Company's Articles of Association.

Our opinion is consistent with our additional report to the Audit Committee issued on the date of this report.

#### What we have audited

We have audited the annual consolidated financial statements of TOYA S.A. capital group, which comprise:

 the consolidated statement of financial position as at 31 December 2017;

and the following prepared for the financial year from 1 January to 31 December 2017:

- the consolidated statement of profit or loss and other comprehensive income;
- the consolidated statement of changes in equity;
- the consolidated cash flows statement, and
- the notes comprising a description of the adopted accounting policies and other explanations.

#### **Basis for opinion**

#### Basis for opinion

We conducted our audit in accordance with the International Standards on Auditing as adopted as National Standards on Auditing by Resolution no. 2783/52/2015 of the National Council of Statutory Auditors dated 10 February 2015; International Standards on Auditing issued by IAASB (together "Auditing Standards") and pursuant to the Act of 11 May 2017 on Registered Auditors, Registered Audit Companies and Public Oversight ("the Act on Registered Auditors" – Journal of Laws of 2017, item 1089), and Regulation (EU) No. 537/2014 of 16 April 2014 on specific requirements regarding the statutory audit of public-interest entities ("the EU

Regulation" – Journal of Laws EU L158). Our responsibilities under those Auditing Standards are further described in the *Auditor's* responsibilities for the audit of the consolidated financial statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence and ethics

We are independent of the Group in accordance with the International Federation of Accountants' *Code of Ethics for Professional Accountants* ("the IFAC Code") as adopted by resolutions of the National Council of Statutory Auditors and other

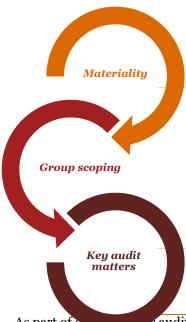

PricewaterhouseCoopers Sp. z o.o., ul. Lecha Kaczyńskiego 14, 00-638 Warsaw, Poland T: +48 (22) 746 4000, F: +48 (22) 742 4040, www.pwc.com

ethical requirements that are relevant to our audit of the financial statements in Poland. We have fulfilled our other ethical responsibilities in accordance with these requirements and the IFAC's Code. During the audit, the key registered auditor and the registered audit firm remained independent of the Group in accordance with the independence requirements set out in the Act on Registered Auditors and in the EU Regulation.

#### Our audit approach

#### Overview

- The overall materiality threshold adopted for the purposes of our audit was set at PLN 2.5 million, which represents 5% of the profit before tax.
- We have audited the annual financial statements of the Parent Company.
- We have performed selected audit procedures over financial information of the following subsidiaries: Yato Tools (Shanghai) Co., Ltd and TOYA Romania S.A.
- The scope of our audit covered 62% of the Group's revenue and 76% of the sum of total assets of all the consolidated Group companies before consolidation eliminations.
- Key audit maters included valuation of goods for resale.

As part of or an audit, we determined materiality and assessed the risks of material misstatement in the consolidated financial statements. In particular, we considered where the Parent Company's Management Board made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. We also addressed the risk of management override of internal controls, including among other matters, consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

We tailored the scope of our audit in order to perform sufficient work to enable us to provide an opinion on the consolidated financial statements as a whole, taking into account the structure of the Group, the accounting processes and controls, and the industry in which the Group operated.

#### **Materiality**

The scope of our audit was influenced by the adopted materiality level. Our audit was designed to obtain reasonable assurance that the

consolidated financial statements as a whole are free from material misstatement. Misstatements may arise due to fraud or error. They are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the consolidated financial statements.

Based on our professional judgement, we determined certain quantitative thresholds for materiality, including the overall materiality for the consolidated financial statements as a whole, as presented below. These thresholds, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements, both individually and in aggregate on the consolidated financial statements as a whole.

The concept of materiality is used by the registered auditor both in planning and conducting an audit, as well as in assessing the effect of the misstatements identified during the audit and the unadjusted misstatements (if any), on the financial statements, and also when

forming the registered auditor's report. Therefore, all opinions, assertions and statements contained in the registered auditor's report have been made taking into consideration the quantitative and qualitative materiality levels determined in accordance with the audit standards and the registered auditor's professional judgement.

Overall Group materiality	PLN 2.5 million (for 2017) and PLN 1.6 million (for 2016)
Basis for determination	5% of profit before tax
Rationale for the materiality benchmark applied	We have adopted profit before tax as the basis for determining materiality because, in our opinion, it is an indicator commonly used by the users of financial statements to evaluate the Group's operations and is a generally adopted benchmark. We adopted the materiality threshold at 5% because based on our professional judgement it is within the acceptable quantitative materiality thresholds.

We agreed with the Parent Company's Audit Committee that we would report to them of misstatements identified during our audit of the consolidated financial statements above PLN 0.25 million, as well as any misstatements below that amount, that in our view, warranted reporting for qualitative reasons.

#### **Key audit matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. They include the most significant identified risks of material misstatements, including the identified risks of material misstatement resulting from fraud. These matters were addressed in the

context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon. We summarized our response to these risks and, when deemed appropriate, presented the most important observations relating to these risks. We do not provide a separate opinion on these matters.

#### Key audit matter

#### How our audit addressed the key audit matter

#### Valuation of goods for resale

Balance of goods for resale in the consolidated financial statements of the Group as at 31 December 2017 amounted to PLN 165.9 million, which represents approx. 62% of Group's total assets. Inventory write-off in the amount of PLN 0.3 million was recorded by the Group in 2017 and presented as *Cost of sales of goods for resale*.

Note 3.14 and note 12 included in the consolidated financial statements of the Group provide detailed information on inventories, including information regarding inventory write-off.

Calculation of inventory write-off requires the

Our audit procedures performed in relation to goods for resale, included among others:

- understanding and evaluation of inventory valuation procedures, including assessment of how the Management Board of the Parent Company identifies situations in which cost of purchase of inventory item exceeds its net sale price and assessment of inventory write-off calculation and verification method;
- understanding and critical assessment of significant judgements and assumptions made by the Management Board in estimation of inventory writeoffs, in particular analysis of the stock rotation

Management Board of the Parent Company to make a number of assumptions (i.e. regarding market and macroeconomic conditions) and judgements, in particular in relation to expected future Group's commercial offer.

In view of the above and taking into consideration significance of inventories balance in the consolidated financial statements of the Group, we considered the valuation of inventories to represent key audit matter.

reports for inventory items included in the Group's commercial offer;

- observation of inventory stock counts in selected locations, including assessment of inventory count procedures and procedures for identification of damaged and obsolete goods for resale;
- verification of mathematical accuracy of the inventory write-off calculation;
- assessment of adequacy and completeness of inventories related disclosures in the consolidated financial statements.

We have not identified material misstatements as a result of our work.

# Responsibility of the Management and Supervisory Board for the consolidated financial statements

The Management Board of the Parent Company is responsible for the preparation of annual consolidated financial statements that give a true and fair view of the Group's financial position and results of operations, in accordance with the International Financial Reporting Standards as adopted by the European Union, the adopted accounting policies, the applicable laws and the Parent Company's Articles of Association, and for such internal control as the Management Board determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Parent Company's Management Board is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management Board either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Parent Company's Management Board and members of its Supervisory Board are obliged to ensure that the consolidated financial statements comply with the requirements specified in the Accounting Act of 29 September 1994 ("the Accounting Act" – Consolidated text: Journal of Laws of 2018, item 395, as amended). Members of the Supervisory Board are responsible for overseeing the financial reporting process.

#### Auditor's responsibility for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the NSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence economic decisions of users

taken on the basis of these consolidated financial statements.

The scope of the audit does not cover an assurance on the Group's future profitability or the efficiency and effectiveness of the Parent Company's Management Board conducting its affairs, now or in future.

As part of an audit in accordance with the NSA, we exercise professional judgement and maintain

professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Parent Company's Management Board;
- conclude on the appropriateness of the Parent Company's Management Board's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;

- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated to the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other information, including the Report on the operations

#### Other information

Other information comprises a Report on the Group operations for the financial year ended 31 December 2017 ("the Report on the operations") and the corporate governance statement, which is a separate part of the Report on the operations.

# Responsibility of the Management and Supervisory Board

The Management Board of the Parent Company is responsible for preparing the Report on the operations in accordance with the law.

The Parent Company's Management Board and the members of the Supervisory Board are obliged to ensure that the Report on the Group's operations (including its separate parts) complies with the requirements of the Accounting Act.

#### Registered auditor's responsibility

Our opinion on the audit of the consolidated financial statements does not cover Report on the operations.

In connection with our audit of the consolidated financial statements, our responsibility is to read the Report on the operations and, in doing so, consider whether it is materially consistent with the information in the consolidated financial statements, our knowledge obtained in our audit, or otherwise appears to be materially misstated. If, based on the work performed, we identified a material misstatement in the Report on the operations, we are obliged to inform about it in our audit report. In accordance with the requirements of the Act on the Registered Auditors, we are also obliged to issue an opinion on whether the Report on the operations has been prepared in accordance with the law and is consistent with information included in annual consolidated financial statements.

Moreover, we are obliged to issue an opinion on whether the Parent Company provided the required information in its corporate governance statement.

#### Opinion on the Report on the operations

Based on the work we carried out during the audit, in our opinion, the Report on the Group's operations:

- has been prepared in accordance with the requirements of Article 49 of the Accounting Act and para 92 of the Regulation of the Minister of Finance dated 19 February 2009 on current and periodical information submitted by issuers of securities and conditions for considering as equivalent the information required under the legislation of a non-Member State ("Regulation on current information" Journal of Laws 2014, item 133, as amended);
- is consistent with the information in the consolidated financial statements.

Moreover, based on the knowledge of the Group and its environment obtained during our audit, we have not identified any material misstatements in the Report on the Group's operations.

# Opinion on the corporate governance statement

In our opinion, in its corporate governance statement, the Group included information set out in paragraph 91(5)(4) (a), (b), (g), (j), (k) and (l) of the Regulation on current information. In addition, in our opinion, information specified in paragraph 91(5)(4)(c)–(f), (h) and (i) of the said Regulation included in the corporate governance statement are consistent with the applicable provisions of the law and with information included in the consolidated financial statements.

#### Report on other legal and regulatory requirements

# Statement on the provision of non-audit services

To the best of our knowledge and belief, we declare that the non-audit services we have provided to the Parent Company and its subsidiaries are in accordance with the laws and regulations applicable in Poland and that we have not provided any non-audit services prohibited under Article 5(1) of the EU regulation and Article 136 of the Act on Registered Auditors.

The non-audit services which we have provided to the Parent Company and its subsidiaries in the audited period are disclosed in note 14 to the Report on the Group's operations.

#### **Appointment**

We have been appointed for the first time to audit the annual consolidated financial statements of the Group by resolution of the Supervisory Board dated 27 August 2010 and re-appointed by resolution dated 28 April 2017. We have been auditing the Group's financial statements without interruption since the financial year ended 31 December 2010, i.e. for 8 consecutive years.

The Key Registered Auditor responsible for the audit on behalf of PricewaterhouseCoopers Sp. z o.o., a company entered on the list of Registered Audit Companies with the number 144, is Anna Antoszewska.

[signature] Anna Antoszewska Key Registered Auditor No. 12807

#### Accounting policy and other explanatory notes

#### 1. General information

TOYA S.A. (the "Company" or the "Parent Company") is a joint stock company established under the Commercial Companies Code. The Company has its registered office in Wrocław at ul. Sołtysowicka 13/15.

The Company is a successor of the civil law partnership "TOYA IMPORT-EKSPORT" with its registered office in Wrocław, whose partners, given the scale of the business and its rapid development, resolved to transfer the business in 1999 to a newly established joint stock company TOYA S.A. with its registered office in Wrocław.

The Company was incorporated by virtue of a Notarial Deed of 17 November 1999 drawn up by Notary Public Jolanta Ołpińska in the Notarial Office in Wrocław (Rep. A No 5945/99). Next, pursuant to a court decision of 3 December 1999, the Company was entered into the Commercial Register maintained by the District Court for Wrocław-Fabryczna, 6<sup>th</sup> Commercial Division, under entry No RHB 9053. By virtue of a decision of 5 December 2001, the District Court for Wrocław-Fabryczna, 6<sup>th</sup> Commercial Division of the National Court Register, entered the Company into the Register of Entrepreneurs under entry No KRS 0000066712.

As at 31 December 2017, TOYA S.A. operates one branch - in Nadarzyn.

The Company's Statistical Identification Number (REGON) is 932093253, the Nadarzyn Branch has been assigned the Statistical Identification Number (REGON): 932093253-00031.

The core business activities of TOYA S.A. include import and distribution of industrial goods, including primarily hand and power tools for professional and DIY use. The Company distributes goods manufactured and supplied mainly by companies located in China. For many years, the Company has been implementing its strategy of expanding into international markets. It focuses primarily on Central, Southern, and Eastern Europe (Romania, Hungary, Czech Republic, Germany, the Balkan States, Russia, Lithuania, Ukraine, Belarus, Moldova). In 2003, a subsidiary, TOYA Romania S.A., was established, which business includes sales of hand and power tools in Romania. This company offers the same products and brands as those offered by the Company in Poland. In 2013, the company Yato Tools (Shanghai) Co. Ltd., located in China was included in the group of entities subject to full consolidation. The entity deals in the distribution of YATO brand tools and power tools in China and in certain other foreign markets not supported by the Parent Company.

The duration of the Parent Company is unlimited.

In the period from 1 January 2017 to 31 December 2017, the Management Board of the Parent Company composed of the following members:

Grzegorz Pinkosz
 Maciej Lubnauer
 President of the Management Board;
 Vice-President of the Management Board.

In the period from 1 January 2017 to 29 June 2017, the Supervisory Board of the Parent Company was composed of the following members:

Piotr Mondalski
 Jan Szmidt
 Tomasz Koprowski
 Dariusz Górka
 Grzegorz Maciąg
 President of the Supervisory Board;
 Member of the Supervisory Board;
 Member of the Supervisory Board.
 Member of the Supervisory Board.

From 29 June 2017 and as of the day of approval of these consolidated financial statements for publication, the Supervisory Board of the Parent Company was composed of the following members:

Piotr Mondalski
 Jan Szmidt
 Dariusz Górka
 Tomasz Koprowski
 Michał Kobus
 Grzegorz Maciąg
 Wojciech Bartłomiej Papierak
 President of the Supervisory Board;
 Member of the Supervisory Board.

#### 2. Capital group structure

As at 31 December 2017, the Group comprised the following entities:

Entity name	Registered office	Business profile	Type of equity link	% of shares and votes held	Date of assuming control	consolidation as at the end of the reporting period
TOYA S.A.	Wrocław, Poland	Distribution of hand and power tools	Parent Company	Not applicable	Not applicable	Full consolidation method
Toya Romania S.A.	Bucharest, Romania	Distribution of hand and power tools	Subsidiary	99.99	November 2003	Full consolidation method
Yato Tools (Shanghai) Co., Ltd *	Shanghai, China	Distribution of hand and power tools	Subsidiary	* 100.00	January 2013	Full consolidation method

<sup>\*</sup> In June 2008, the Company and Saame Tools (Shanghai) Import & Export Co., Ltd China established a joint venture under the name Yato China Trading Co., Ltd. The Company acquired 51% of the shares in the share capital, the remaining 49% was acquired by Saame Tools (Shanghai) Import & Export Co., Ltd China. On 2 January 2013, TOYA S.A. increased the share capital in Yato China Trading Co. Ltd. As a result of this transaction, the Company increased its share in Yato China from 51% to 75%. At the same time, changes were introduced to Yato China's Articles of Association, whereby TOYA S.A. gained the right to nominate the majority of members of Yato China's Management Board. As a result, on 2 January 2013, TOYA S.A. took control over Yato China. In April 2013, the name of the company was changed to Yato Tools (Shanghai) Co., Ltd. (hereinafter: Yato Tools). On 16 July 2014 TOYA S.A. acquired stake in the share capital, obtaining a total of 100% share in the entity's equity.

#### 3. Summary of significant accounting policies

The most significant accounting principles applied for the drawing up of these consolidated financial statements have been presented below. Those principles were applied in all periods presented in a continuous way, unless stated otherwise.

#### 3.1 Basis of preparation and change in accounting policies

These consolidated financial statements of the Group for the financial year ended 31 December 2017 have been prepared in accordance with the International Financial Reporting Standards ("IFRS") and interpretations issued by the International Accounting Standards Board, as adopted by the European Union ("EU").

These consolidated financial statements have been prepared in accordance with IFRS and Interpretations of the International Financial Reporting Interpretations Committee ("IFRIC") which were issued and in effect as at the reporting date, i.e. 31 December 2017.

Apart from the above, the policies described below have been consistently applied to all the periods presented, except for changes following from the application of new or amended IFRS to the extent prospective application was required.

These consolidated financial statements have been prepared in accordance with the historical cost convention.

The preparation of the consolidated financial statements in conformity with IFRS requires the use of significant accounting estimates. It also requires the Management Board of the Parent Company to exercise judgement in the process of applying the accounting policies adopted by the Group. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are material from the point of view of the consolidated financial statements are disclosed in note 5.

#### Approval of the financial statements

These consolidated financial statements were approved for publication and signed by the Management Board of the Parent Company on 15 March 2018.

#### Going concern

These consolidated financial statements have been prepared on the assumption that the Group companies will continue as going concerns in the foreseeable future. As at the date of approval of these consolidated financial statements, no facts or circumstances are known that would indicate any threat to the Group companies continuing as going concerns.

## 3.2 Effect of new or amended standards and interpretations on the Group's consolidated financial statements

These consolidated financial statements have been prepared on the basis of the EU IFRS issued and effective as at the reporting date, i.e. 31 December 2017.

The EU IFRS comprise all International Accounting Standards, International Financial Reporting Standards and related Interpretations, excluding Standards and Interpretations listed below, which are awaiting endorsement by the European Union.

#### a) New standards, interpretations and amendments to existing standards effective in 2017

The following new and revised standards and interpretations, effective from or after 1 January 2017, were applied for the first time in these consolidated financial statements:

#### • Amendments to IAS 7: Disclosure Initiative

The amendment to IAS 7 is effective for annual periods starting on 1 January 2017 and introduces requirement for entities to disclose the reconciliation of changes in liabilities resulting from financing activities.

The Group presented required disclosures in notes 18 and 21.

#### Amendments to IAS 12 relating to the recognition of deferred tax assets on unrealised losses

The amendment to IAS 12 clarifies the requirements on recognition of deferred tax assets for unrealised losses on debt instruments. The entity is required to recognise deferred tax asset for unrealised losses that arise as a result of discounting cash flows of debt instruments at market interest rates, even if it expects to hold the instrument to maturity and no tax will be payable upon collecting the principal amount. The economic benefit embodied in the deferred tax asset arises from the ability of the holder of the debt instrument to achieve future gains (unwinding of the effects of discounting) without paying taxes on those gains.

The amendments had no impact on the consolidated financial statements.

# b) New standards, interpretations and amendments, which are not yet effective and have not been applied early by the Group

In these consolidated financial statements, the Company decided not to apply in advance the published standards, interpretations and amendments listed below, before their effective date:

#### IFRS 9 "Financial Instruments"

IFRS 9 replaces IAS 39. The standard is effective for annual periods starting on or after 1 January 2018.

The standard introduces a single classification model under which assets can be measured either at fair value or at amortised cost. The classification is performed as at the initial recognition and depends on the financial instrument management model adopted by the entity, as well as the characteristics of contractual cash flow from those instruments.

IFRS 9 introduces a new model for the determination of revaluation write-downs — the model of expected credit losses.

Most of the IAS 39 requirements with regard to classification and measurement of financial liabilities have been moved to IFRS 9 in an unchanged form. The key change is the requirement imposed on entities – to publish changes of own credit risk from financial liabilities earmarked for fair value measurement by the financial result in other total income.

In the area of hedge accounting, the objective of the amendments is to align hedge accounting to risk management practices better.

The Group will apply IFRS 9 in the annual period starting on 1 January 2018.

The Group expects that applying the standard from 1 January 2018 will result in increase of the allowance for doubtful accounts receivable by approx. PLN 55 thousand. The standard will not have material impact on any other assets or financial liabilities.

#### Amendments to IFRS 9: Prepayment Features with Negative Compensation

Amendments to IFRS 9 are effective for annual periods starting on or after 1 January 2019, early adoption is permitted. Amendments to IFRS 9 will enable companies to measure some prepayable financial assets with negative compensation at amortised cost or at fair value through other comprehensive income, if certain conditions are met. Previously such assets have been measured at fair value through profit or loss (FVTPL).

As at the date of drawing up these consolidated financial statements, the amendment has not yet been approved by the European Union. The Group intends to apply the changes as of the date of entry into force established by the EU.

#### IFRS 15 "Revenue from contracts with customers"

IFRS 15 "Revenue from Contracts with Customers" is effective for annual periods starting on or after 1 January 2018.

The rules provided for in IFRS 15 will apply to all contracts resulting in revenue. The fundamental principle of the new standard is to recognise revenue at the time of transfer of goods or services to the client, in the amount of the transaction price. Any goods or services sold in packages that can be distinguished within the package are to be reported separately; moreover, any discounts and rebates on the transaction price should in principle be allocated to the individual elements of the package. In the case where the amount of revenue is variable, in accordance with the new standard, the amount of variables is included in the revenue, if there is a high probability that in the future there will be no reversal of the recognition of revenue as a result of the revaluation. Furthermore, in accordance with IFRS 15 costs incurred to acquire and secure a contract with a customer must be activated and accounted for over the period of consumption of the benefits of this contract.

The Group intends to apply IFRS 15 in the annual period starting on 1 January 2018. New standard will not have material impact on the consolidated financial statements, because based on the analysis of the Group operations, the Group has not identified any goods or services sold in packages, which could be distinguished within the package and which would have to be reported separately.

#### • Clarifications to IFRS 15 "Revenue from Contracts with Customers"

Clarifications to IFRS 15 "Revenue from Contracts with Customers" were published on 12 April 2016 and is effective for annual periods starting on or after 1 January 2018. The clarifications provide additional information and explanations regarding the base principles of IFRS15, including: determination whether a company is an agent or the provider of a good or service (principal); and revenue recognition principles for revenue from granting of licenses. In addition to the clarifications, the amendments include additional reliefs and simplifications for a company when it first applies the new standard.

The Group intends to apply IFRS 15 in the annual period starting on 1 January 2018.

Applying these clarifications will not have material impact on the consolidated financial statements, because based on the analysis of the Group operations, the Group has not identified any goods or services sold in packages, which could be distinguished within the package and which would have to be reported separately.

#### • IFRS 16 "Leases"

IFRS 16 "Leases" is effective for annual periods starting on or after 1 January 2019.

The new standard sets out the principles for the recognition, measurement, presentation and disclosure of leases. All leases result in the lessee obtaining the right to use an asset and liability due to its payment obligation. Accordingly, IFRS 16 eliminates the classification of leases as either operating leases or finance leases as is required by IAS 17 and, instead, introduces a single lessee accounting model. Lessees will be required to recognise: (a) assets and liabilities for all leases with a term of more than

12 months, unless the underlying asset is of low value; and (b) depreciation of lease assets separately from interest on lease liabilities in the income statement.

IFRS 16 substantially carries forward the lessor accounting requirements from IAS 17. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently.

The Group intends to apply IFRS 16 in the annual period starting on 1 January 2019.

As a result of application of the standard, the Group will recognize in the books, in correspondence with lease liabilities, certain asset that are currently classified as operating leases. These assets include rights to use warehouses and office premises in Nadarzyn and in subsidiaries, as well as the rights to use few dozens of passenger cars. The quantification of the impact of application of the standard on the consolidated financial statements of the Group will be disclosed in the consolidated financial statements for 2018.

#### • IFRS 17 "Insurance contracts"

IFRS 17 "Insurance contracts" was issued by the International Accounting Standards Board on 18 May 2017 and is effective from annual reporting periods beginning on or after 1 January 2021.

New IFRS 17 "Insurance contracts" will replace IFRS 4, which allows diversified approach in terms of accounting for insurance contracts. IFRS 17 will have significant impact on accounting for the companies, which have insurance and investment contracts in their portfolios.

The Group intends to apply IFRS 17 as of the date of entry into force established by the EU.

IFRS 17 do not apply to the Group's activities.

#### Amendments to IFRS 2: Classification and measurement of Shared-based Payment Transactions

Amendments to IFRS 2 are effective from annual reporting periods beginning on or after 1 January 2018. The amendments set out the principles for: measurement of the fair value of the liability incurred in a cash-settled share-based payment, accounting for a modification of a share-based payment from cash-settled to equity-settled and recognition of employee's tax obligation associated with the equity-settled transactions

As at the date of drawing up these consolidated financial statements, the amendment has not yet been approved by the European Union. The Group intends to apply the changes as of the date of entry into force established by the EU.

The amendments will not have impact on the consolidated financial statements as currently the Group does not carry out share-based transactions.

#### Amendments to IFRS 4: Applying IFRS 9 Financial Instruments with IFRS 4 Insurance Contracts

Amendments to IFRS 4 "Insurance contracts" address the concerns about adoption of the new IFRS 9 "Financial instruments". The amendments to IFRS 4 supplement the optional solutions already provided in the standards and aim to alleviate the volatility of results of the insurance companies that may arise when applying IFRS 9.

The Group intends to apply these amendments in the annual period starting on 1 January 2018.

These amendments do not apply to the Group's activities.

#### Annual Improvements to IFRSs 2014-2016

In December 2016, the International Accounting Standards Board issued "Annual improvements to IFRS 2014-2016", which consist of improvements to 3 standards: IFRS 12 "Disclosure of Interests in Other Entities", IFRS 1 "First-time Adoption of International Financial Reporting Standards" and IAS 28 "Investments in Associates and Joint Ventures".

The improvements include changes in presentation, recognition and measurement, as well as terminology and editorial changes.

The Group intends to apply the changes in accordance with recommendations of the European Union (in relation to improvements to IFRS 12) / from 1 January 2018 (in relation to amendments to IFRS 1 and IAS 28).

Annual improvements 2014-2016 will not have a significant impact on the consolidated financial statements

As at the date of drawing up these consolidated financial statements, the amendments have not yet been approved by the European Union.

#### • Amendments to IAS 40: Transfer of Investment Property

The amendments to IAS 40 clarify the requirements related to transfer of property to or from investment property. Amendments to IAS 40 are effective from annual reporting periods beginning on or after 1 January 2018.

The amendments will have no impact on the consolidated financial statements.

As at the date of drawing up these consolidated financial statements, the amendment has not yet been approved by the European Union. The Group intends to apply the changes as of the date of entry into force established by the EU.

#### • Amendments to IAS 28 "Investments in Associates and Joint Ventures"

The amendments are effective for annual periods beginning on or after 1 January 2019. The amendments to IAS 28 "Investments in Associates and Joint Ventures" clarify that a reporting entity applies IFRS 9 to long-term investments in Associates and Joint Ventures to which the equity method is not applied. The amendments are accompanied by an example, published by the Board, which illustrates how an entity accounts for long-term interests in associates or joint ventures.

The amendments will not have material impact on the consolidated financial statements as the Group does not have any investments in associates or joint ventures.

As at the date of drawing up these consolidated financial statements, these changes have not yet been approved by the European Union. The Group intends to apply the changes as of the date of entry into force established by the EU.

#### • IFRIC 22: Foreign currency Transactions and Advance Considerations

IFRIC 22 clarifies the accounting for transactions that include the receipt of payment of advance consideration in foreign currency. The interpretation is effective from annual reporting periods beginning on or after 1 January 2018.

IFRIC 22 will not have material impact on the consolidated financial statements.

As at the date of drawing up these consolidated financial statements, this standard has not yet been approved by the European Union. The Group intends to apply the changes as of the date of entry into force established by the EU.

#### • IFRIC 23: Uncertainty over Income Tax Treatments

IFRIC 23 clarifies the rules for recognition and measurements under IAS 12, when there is uncertainty over income tax treatments. IFRIC is effective for annual periods beginning on or after 1 January 2019.

IFRIC 23 will not have material impact on the consolidated financial statements.

As at the date of drawing up these consolidated financial statements, the amendment has not yet been approved by the European Union. The Group intends to apply the changes as of the date of entry into force established by the EU.

#### Annual Improvements to IFRSs 2015-2017

International Accounting Standards Board issued in December 2017 the "Annual improvements to IFRSs 2015-2017" cycle changing four standards: IFRS 3 "Business combinations", IFRS 11 "Joint arrangements", IAS 12 "Income taxes" and IAS 23 "Borrowing costs".

Amendments contain clarifications and specification relating to recognition and valuation.

The Group is currently assessing the impact of this standard on the consolidated financial statements.

As at the date of drawing up these consolidated financial statements, these improvements have not yet been approved by the European Union. The Group intends to apply the changes as of the date of entry into force established by the EU.

#### IFRS 14 "Regulatory deferral accounts"

The standard permits first-time adopters of IFRS (preparing financial statements for annual periods starting on or after 1 January 2016) to continue to recognise amounts related to rate regulation in accordance with their previously binding accounting policies. To enhance comparability with entities that already apply IFRS and do not recognise such amounts, IFRS 14 requires that the effect of rate regulation must be presented separately from other items both in the statements of financial position as well as in the income statements and statements of other comprehensive income.

According to the decision of the European Union, IFRS14 will not be approved.

# • Amendments to IFRS 10 and IAS 28 concerning sale or contribution of assets between an investor and its associates or joint ventures

These amendments address an inconsistency between the requirements in IFRS 10 and those in IAS 28. The accounting approach depends on whether the contribution of non-monetary assets to an associate or a joint venture constitutes a business.

If the non-monetary assets meet the definition of a "business", the investor will show the full gain or loss on the transaction. If a transaction involves assets that do not constitute a business, a partial gain or loss is recognised (excluding the part representing the interests of other investors).

The amendments were published on 11 September 2014. The effective date of the amendment regulations has not yet been set by the International Accounting Standards Board.

As at the date of drawing up these consolidated financial statements, the approval of these amendments has been deferred by the European Union.

#### 3.3 Consolidation

#### **Subsidiaries**

Subsidiaries comprise all entities with respect to which the Group is authorised to govern the financial and operating policies, which generally accompanies the control of the majority of the overall voting rights in their decision-making bodies. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Subsidiaries are fully consolidated from the date on which the control is transferred to the Group. They are no longer consolidated once the control ceases.

Acquisition of subsidiaries by the Group is accounted for using the acquisition method.

The cost of an acquisition is measured as the fair value of the assets transferred, financial instruments issued and liabilities incurred or assumed at the date of exchange, plus liabilities resulting from a contingent consideration arrangement. Acquisition-related costs are recognised in the consolidated profit or loss as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. For each acquisition, the Group recognises non-controlling interests in the acquiree at their fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

Any excess of the consideration transferred, the value of non-controlling interests in the acquiree and the fair value of any previously held equity interest in the acquiree as at the acquisition date over the fair value of net identifiable assets acquired is recorded as goodwill. If that amount is lower than the fair value of net assets of the acquiree, the difference is recognised directly in consolidated profit or loss.

Revenue and costs, balances and unrealised gains on transactions between the Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of impairment of the asset transferred. Where necessary, the accounting policies of subsidiaries were changed to ensure consistency with the accounting policies applied by the Group.

#### 3.4 Segment reporting

Information on operating segments is presented on the same basis as that used for internal reporting to the parent company's Management Board, which is responsible for the allocation of resources and assessment of the segments' results. Amounts presented in the internal reporting process are measured using the same policies as those followed in these consolidated financial statements prepared in accordance with the IFRS.

#### 3.5 Valuation of items denominated in foreign currencies

#### **Functional currency**

Items included in the financial statements of individual Group companies are measured in the currency of the primary economic environment in which a given company operates (the "functional currency"). The consolidated financial statements are presented in the Polish zloty, which is the functional currency of the Parent Company and the presentation currency of the Group.

#### **Transactions and balances**

Transactions expressed in foreign currencies are translated into the functional currency according to the exchange rate applicable on the transaction date. Any currency exchange gains or losses arising on settlement of such transactions or on accounting measurement of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Monetary assets and liabilities expressed in foreign currencies are translated as at the reporting period end date using the average market rate effective for the given currency for that date.

Non-monetary assets and liabilities carried at historical cost in a foreign currency are translated using the average market rate effective for the transaction date. Non-monetary items of the statement of financial position expressed in foreign currencies which are carried at fair values are translated using the average market exchange rate effective for the fair value measurement date.

#### Translation of the Group companies' data

Financial results and items of the statement of financial position of all entities, none of which conducts operations in a hyperinflationary economy, whose functional currencies differ from the currency of presentation, are translated into the presentation currency in the following manner:

- in each presented statement of financial position, assets and liabilities are translated using the average market exchange rate quoted by the National Bank of Poland for the last day in the reporting period;
- revenue and expenses are translated using exchange rate determined as the arithmetic average of the average market exchange rates effective for the last day in each month of the financial year, and
- any currency exchange differences resulting from such translation are recognised in other comprehensive income.

Goodwill and fair value adjustments arising from the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate on the final day of the reporting period.

#### 3.6 Property, plant and equipment

Property, plant and equipment are stated at acquisition or production cost less accumulated depreciation and potential accumulated impairment.

Acquisition cost comprises the price for which a given asset was purchased (i.e. amount due to the seller, net of any deductible taxes: VAT and excise duty), public charges (in the case of imports) and expenditure directly attributable to the acquisition of the asset and its adaptation for its intended use, including the costs of transport, loading and unloading. Rebates, discounts as well as other similar concessions and recoveries decrease the asset acquisition cost.

Production cost of a tangible fixed asset or a tangible fixed asset under construction includes all the expenses incurred by the Group during its construction, assembly, adaptation or improvement, incurred until the date on which the asset became available for use, including any non-deductible VAT and excise duties.

Any subsequent expenditure on replacement of parts of items of property, plant and equipment is capitalised if it can be measured reliably and it is probable that the Group will derive economic benefits associated with the replaced items. Repair and maintenance costs are charged to profit or loss as incurred.

Except for land and tangible non-current assets under construction, all items of property, plant and equipment are depreciated over their estimated useful lives using the straight-line method, taking into account the residual value, if material. The following groups are depreciated using the following depreciation rates:

Buildings and structures 3% to 6%
Plant and equipment 5% to 50%
Vehicles 8% to 50%
Other tangible fixed assets 10% to 100%

Correctness of the applied useful lives, depreciation methods and residual values (except where insignificant) is reviewed by the Group on an annual basis. Any changes are presented as changes in accounting estimates and their effect is taken to profit or loss in the period when the estimate changes and in subsequent periods.

Significant components of property, plant and equipment are depreciated based on their estimated useful lives.

#### **TOYA S.A. Capital Group**

Consolidated financial statements for the financial year ended 31 December 2017 (amounts are expressed in PLN thousand, unless specified otherwise)

Any gains or losses on the disposal or liquidation of items of property, plant and equipment are determined as the difference between the revenue from the sale and the carrying amount of the items, and recognised in profit or loss.

Tangible fixed assets under construction are stated at cost or at the amount of the aggregate expenses directly associated with their production, less impairment. The cost of borrowings contracted to finance tangible fixed assets under construction increases their value.

#### 3.7 Leases

Finance leases, which transfer to the Group substantially all the risks and rewards incidental to ownership of the leased asset, are recognised in the consolidated statement of financial position at commencement of the lease term at the lower of the fair value of the asset and the present value of the minimum lease payments. Lease payments are apportioned between the finance charge and the reduction of the outstanding liability, in a way to produce a constant rate of interest on the remaining balance of the liability. The finance charge is recognised in profit or loss.

Tangible fixed assets used under finance lease agreements are depreciated over the shorter of their estimated useful life or the lease term.

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating leases. Operating lease payments and subsequent lease instalments are recognised as expenses and charged to profit or loss over the lease term on a straight-line basis.

#### 3.8 Intangible assets

Intangible assets are stated at acquisition or production cost less accumulated amortisation and impairment.

Any subsequent expenditure on existing intangible assets is capitalised only when it increases the future economic benefits to be generated by the asset. Other expenditures are taken to profit or loss as incurred.

The period and method of amortisation of intangible assets are reviewed at the end of each financial year. Any changes are recognised as changes in accounting estimates, and their effect is charged to profit or loss in the period in which the amortisation rates are changed and in subsequent periods.

Amortisation is calculated over the estimated useful life of intangible assets, using the straight line method. The amortisation rates applied to intangible assets are as follows:

Trademarks 10% to 20% Licences and software 5% to 50%

#### 3.9 Goodwill

Goodwill is not amortised, but it is tested for impairment annually or more frequently if there is any indication of impairment.

As at the acquisition date, the acquired goodwill is allocated to each of the cash-generating units that will benefit from the synergies of the business combination, not larger than an operating segment. The accounting policies applicable to goodwill impairment testing are presented in note 3.10.

#### 3.10 Impairment on non-financial non-current assets

As at the end of each reporting period, the Group assesses whether there is any evidence that any of its non-financial non-current assets may be impaired. If the Group finds that there is such evidence, or if the Group is required to perform annual impairment tests (in the case of goodwill), the Group estimates the recoverable amount of the given asset or cash-generating unit to which the asset belongs.

The recoverable amount of an asset or cash-generating unit ("CGU") is equal to the higher of the asset's or cash-generating unit's fair value less costs to dispose or its value in use. The recoverable amount is determined for individual assets unless a given asset does not generate separate cash inflows largely independent from those generated by other assets or asset groups. If the carrying amount of an asset is higher than its recoverable amount, the asset is impaired and an impairment loss is recognised up to the established recoverable amount. The impairment loss is allocated in the following order: first, the carrying amount of goodwill is reduced, and then the carrying amounts of other assets of the cash-generating unit are reduced pro rata. Impairment losses related to assets are disclosed under the cost categories corresponding to the function of the asset with respect to which impairment has been identified.

As at the end of each reporting period, the Group assesses whether there is evidence that any impairment loss recognised in the previous periods with respect to a given asset (other than goodwill) or CGU is no longer necessary or should be reduced. If such evidence exists, the Group measures the recoverable amount of the given asset or CGU.

#### 3.11 Borrowing costs

Borrowing costs that are directly attributable to acquisition or production of assets which take a substantial period of time to become available for their intended use, are capitalised (unless immaterial) as part of the cost of tangible non-current assets or intangible assets, as appropriate, until such assets become available for their intended use.

#### 3.12 Financial assets

Upon initial recognition, financial assets are measured at fair value of the consideration given plus transaction costs, with the exception of financial assets at fair value through profit or loss in the case of which the transaction costs are charged to profit or loss. Purchases and sales of financial instruments are recognised as at the date of the transaction.

Financial assets are derecognised when the rights to receive cash flows from these assets have expired or have been transferred and substantially all risks and rewards incidental to ownership of such assets have been transferred. If there has been no transfer of substantially all the risks and rewards of the asset, the asset is derecognised when the Company loses control over the asset.

Financial instruments are classified into one of the following four categories and recognised in the following manner:

#### Financial assets at fair value through profit or loss

This category includes two sub-categories:

- · financial assets held for trading, and
- financial assets designated as assets at fair value through profit or loss on initial recognition.

An asset is classified in this category if it was acquired primarily for the purpose of selling it in the near future or if it was assigned to this category by the Management Board.

#### Financial assets held to maturity

Financial assets held to maturity are measured at amortised cost using effective interest rate.

#### Loans and receivables

This category primarily includes loans granted and trade receivables.

Loans and receivables are measured at amortised cost determined using effective interest rate (in the case of current receivables, given that the discount effect would be insignificant due to short maturities, the amortised cost is assumed as equal to the initially invoiced amounts).

#### Available-for-sale financial assets

Available-for-sale financial assets are measured at fair value and any unrealised revaluation gains/losses are recognised in other comprehensive income.

The fair value of financial instruments for which an active market exists is determined by reference to the prices quoted on that market as at the end of the reporting period. If no quoted market price is available, the fair value is estimated based on a market price quoted for a similar instrument or based on projected cash flows.

Except for financial assets at fair value through profit or loss, all financial assets are tested for impairment as at the end of the reporting period.

As at 31 December 2017 and 31 December 2016, all financial assets held by the Group were classified as "loans and receivables".

#### 3.13 Impairment of financial assets

An impairment loss on a financial asset is recognised when objective evidence of its impairment is present, which may have an adverse effect on the amount of future cash flows attributable to the asset. Significant objective evidence includes: taking legal action against a debtor, serious financial problems of a debtor, or significant past due payments.

Impairment of financial assets carried at amortised cost is measured as the difference between the carrying amount of an asset and the present value of future cash flows discounted using the initial effective interest rate. Carrying amounts of individual financial assets of material unit value are reviewed as at the end of each reporting period in order to check whether there is any indication of impairment. Other financial assets are assigned to groups of assets with similar credit risk and tested for impairment collectively.

Impairment losses are reversed if a subsequent increase in the recoverable amount can be objectively attributed to an event occurring after the date when impairment was recognised. Impairment losses on doubtful receivables are measured based on an analysis of historical data on collectability of receivables, including the age structures of receivables, as well as information from the legal department concerning receivables with respect to which court proceedings have been instigated (bankruptcies, liquidations, arrangements, claims with respect to which a court payment order is sought). In particular, impairment losses are recognised in respect of the following types of receivables:

- receivables in an enforced debt collection process 100% of the amount of such receivables, less expected proceeds from insurance if the amount receivable was insured,
- receivables which are past due for more than 180 days 50% of the amount of such receivables,
- receivables which are past due for more than one year 100% of the amount of such receivables.

Impairment losses on receivables are charged to other expenses or to financial costs, as appropriate – depending on the type of the receivable in respect of which impairment is recognised. Impairment losses on previously accrued interest are recognised in financial costs.

#### 3.14 Inventory

Inventory includes materials and goods for resale (hand and power tools).

Inventory is measured at the costs of acquisition not higher than net realisable value.

Net realisable value is equal to the estimated selling price of an item of inventory less any costs of completion and costs necessary to make the sale.

Inventory decrease is measured based on average prices, i.e. determined as weighted average prices of individual goods for resale.

The amount of an impairment loss is calculated based on rotation of individual items of goods for resale and it depends on the ratio of inventory level and the quantity of goods sold over the last 12 months. Items

for which inventory level exceeds sales expected for the 2-years period are written off, but the impairment write-off never amounts to 100%. Inventory impairment is recognised in relation to goods which are in the constant offer of the Group due to the need to obtain reliable historical data in terms of actual data over a longer period of time. New products are excluded from the calculation of impairment loss, due to the period required to place the new product on the market and lack of sufficient historical data for further analysis.

Impairment losses on inventory are recognised in cost of sales.

#### 3.15 Cash and cash equivalents

Cash and cash equivalents disclosed in the statement of financial position include cash at bank and in hand as well as highly liquid current financial assets whose original maturity does not exceed three months and which are readily convertible into specific cash amounts and subject to insignificant risk of fluctuation in fair value.

#### 3.16 Equity

Equity is disclosed in the accounting records divided into categories, in accordance with the rules set forth in applicable laws and the provisions of the Company's Articles of Association.

The particular categories of equity are:

- share capital of the Company stated at its par value as specified in the Company's Articles of Association and entered in the court register,
- share premium is stated in the proceeds from the issue of shares in the amount exceeding the par value of shares, less transactions costs related to public share issue,
- own shares are stated at purchase price and presented in equity with a negative sign,
- reserve capital for buyback of own shares is created based on the resolution of General Shareholders' Meeting,
- other comprehensive income includes currency translation differences and actuarial profits and losses arising from the actuarial valuation of provisions for pensions and related benefits,
- retained earnings comprising profit/(loss) distributions, undistributed profit/(loss), and net profit/(loss) for the reporting period to which given financial statements relate.

Transaction cost related to the public share issue is taken to equity and reduces the share premium account as at the share issue date.

#### 3.17 Bank loan liabilities

Bank loans are initially recognised at fair value less transaction cost. Following initial recognition, bank loans are measured at amortised cost, using the effective interest method.

#### 3.18 Trade payables

Trade payables are initially recognised at fair value, and subsequently, where the discount effect is material, they are measured at amortised cost using the effective interest method.

#### 3.19 Current and deferred income tax

Mandatory decreases of profit include current and deferred income tax.

#### **Current tax**

Current tax expense is calculated based on the taxable profit for the given reporting period. Tax expense is calculated based on tax rates applicable during the fiscal year in question.

#### Deferred tax

Deferred tax assets and liabilities are determined based on temporary differences between the accounting and tax values of assets and liabilities.

Deferred tax assets are recognised only if it is probable that the Group will have future taxable profits allowing for utilisation of the temporary differences and deduction of the tax losses. Deferred tax assets are determined as the amount of income tax recoverable in the future in respect of deductible temporary differences which will reduce future income tax base and any deductible tax loss, determined in accordance with the prudence principle.

The amount of deferred tax assets and liabilities is determined using income tax rates which will be effective when a deferred tax asset is utilised or a deferred tax liability arises.

Deferred tax assets and liabilities have been offset at the level of individual Group members, as at this level the criteria of IAS 12 "Income taxes" with respect to offsetting deferred tax assets against deferred tax liabilities were met.

A deferred tax liability is recognised for temporary differences associated with investments in subsidiaries and jointly-controlled entities, except where the Group controls the reversal of such temporary differences and it is probable that such differences will not reverse in the foreseeable future.

#### 3.20 Liabilities from employee benefits

#### Post-employment benefit plan - the defined contribution plan

The Parent Company participates in the national post-employment benefit plan by paying an appropriate percentage of an employee's gross pay as a contribution to the Social Insurance Institution (ZUS). This plan is a defined contribution plan. The contributions are expensed as paid.

# Post-employment benefit plan - the defined benefit plan (retirement severance pays) and other benefits

In accordance with the applicable remuneration systems and rules, employees of the Group companies are entitled to death benefits and retirement severance pays. Death benefits are one-off benefits paid to the family of an employee, following the employee's death. Retirement severance pays are one-off benefits paid when an employee retires. The plan is fully financed by the Group. The amount of a retirement severance pay or death benefit depends on the length of employment and average remuneration of a given employee. The Group accrues for future retirement severance pay and death benefit obligations in order to attribute costs to the periods to which they relate.

The present value of such obligations is determined by an independent actuary using the projected unit credit method. Accrued liabilities are equal to the discounted future payments, taking into account the employee turnover, and relate to the period until the end of the reporting period. Demographic information and information on staff turnover are based on historical information. Actuarial gains and losses are recognised in profit or loss, except for actuarial gains and losses recognised in other comprehensive income.

#### 3.21 Provisions

Provisions are created when the Group has a present obligation (legal or constructive) resulting from past events and when it is probable that the discharge of this obligation will result in an outflow of economic benefits, and the obligation can be measured reliably.

A provision is recognised as a reliable estimate of the amount required to settle the existing obligation, made as at the end of the reporting period taking into account the risks and uncertainties associated with the obligation.

In particular, a provision is created for the expected returns and complaints. The Group's historical data and past experience show that returns and complaints are generally made within three months of the date of sale. Therefore, the provision for returns and complaints is created as 0.5% of the revenue for the most recent quarter preceding the end of the given reporting period.

#### 3.22 Recognition of revenue

Revenue is recognised at fair value of consideration received or receivable, net of VAT, returns, rebates and discounts. Revenue is recognised when it is probable that the economic benefits associated with the transaction will flow to the Group, and the amount of the revenue can be measured reliably.

#### Revenues from sales of goods

Revenue from sales of goods for resale is recognised if the significant risks and rewards of the ownership of goods for resale have been transferred to the buyer, i.e. upon their release from the Group's warehouse.

#### Interest income

Interest income is recognised using the effective interest rate method.

#### 3.23 Dividends

The obligation to pay dividends is recognised when the shareholders' right to receive such dividends is approved.

#### 4. Foreign currencies used in preparation of these financial statements

Foreign currency items of the statement of financial position were translated using the following exchange rates:

	31 December	31 December
Currency	2017	2016
1 EUR	4.1709	4.4240
1 USD	3.4813	4.1793

Items of the statement of financial position of subsidiaries have been translated from the functional currency into the presentation currency using the following exchange rates:

	31 December	31 December
Currency	2017	2016
1 RON	0.8953	0.9749
1 CNY	0.5349	0.6015

Financial results of subsidiaries have been translated from the functional currency into the presentation currency using the following exchange rates:

Currency	31 December 2017	31 December 2016
1 RON	0.9282	0.9739
1 CNY	0.5552	0.5960

#### 5. Material accounting estimates and judgements

Estimates and judgements are verified on an ongoing basis. Estimates and judgements used during the preparation of the consolidated financial statements are based on historical experience as well as analyses and expectations of future events which, to the best knowledge of the Management Board of the Parent Company, are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the actual results. The estimates and assumptions that involve a significant risk of the necessity to make a material adjustment to the carrying amounts of assets and liabilities during the current or following financial year are outlined below.

#### Useful lives and depreciation rates for property, plant and equipment

The Group's Management Board determines estimated useful lives and depreciation rates for property, plant and equipment. The estimates are based on the projected useful lives for individual assets. The estimates may change materially as a result of new technological solutions emerging on the market, plans of the Parent Company's Management Board, or intensity of use. The Management Board increases or decreases a depreciation rate for a given asset if its useful life proves shorter or longer, respectively, than expected, and revalues technologically obsolete assets, and assets which are not of strategic importance and whose use has been discontinued. Property, plant and equipment value and depreciation are described in note 8.

If the actual useful lives of property, plant and equipment had been by 10% shorter than the Management Board's estimates, the depreciation of property, plant and equipment would have been higher by PLN 350 thousand as at 31 December 2017, and PLN 344 thousand as at 31 December 2016.

#### **Provisions and impairment write-downs**

As at each end of a reporting period, the Management Board of the Parent Company makes material estimates of provisions and impairment write-downs:

- <u>provisions for guarantees and complaints</u> estimated level of the ratio used to perform calculations in accordance with the policy described in note 3.21; This ratio was determined on the basis of historical costs and claims and is verified on a regular basis through reference with actually incurred costs; for details on the amount of the provision, see note 03;
- <u>impairment write-downs on inventory</u> estimated average period during which the product is sold, and beyond which a write-down is created in accordance with the policy described in note Błąd!
   Nie można odnaleźć źródła odwołania.; for details on the amount of the write-down, see note 12;
- <u>impairment write-downs on receivables</u> estimated amount of the write-down created for individual maturity brackets in accordance with the policy described in note 3.13; the values are determined on the basis of a historic analysis of recoverability of past due receivables; for details on the amount of the write-down, see note 13.
- <u>other provisions resulting from claims brought against the Group</u> the values are determined taking into consideration the probability of having to pay the obligation and the amount of potential claim see note 32.

#### 6. Financial risk management

#### 6.1 Financial risk factors

The Group's business activities expose it to a number of various financial risks, such as market risk (including foreign exchange risk and the risk of fair value or cash flow changes as a result of interest rate movements), credit risk and liquidity risk. The Group's overall risk management programme is designed to mitigate the potential effect of risk on the Group's financial performance. The Group does not use derivatives to hedge against those risks.

The Management Board defines overall risk management rules as well as the policy for specific areas such as credit risk or investing liquidity surpluses.

#### 6.2 Market risk

#### Foreign exchange risk

The Group purchases significant amounts of goods from foreign suppliers, located primarily in China, at prices denominated in foreign currencies, particularly in CNY and USD. As at 31 December 2017, trade payables in USD represented 19% of the total trade payables and trade payables in CNY represented 67% of total trade payables (as at 31 December 2016 – payables in USD represented 26% of that balance and payables in CNY represented 59% of that balance).

The Group may use PLN, EUR and USD denominated credit facilities available under executed credit facility agreements. As at 31 December 2017 and 31 December 2016, the Group has no loan liabilities denominated in foreign currencies.

As at 31 December 2017, cash in foreign currencies (USD and EUR) represented 33% of the total cash, cash in CNY represented 44% of total cash and cash in RON represented 20% of total cash (as at 31 December 2016 – cash in USD and EUR represented 53% of the total balance, cash in CNY represented 13% of the total balance and cash in RON represented 34% of the total balance).

32% of the Group's revenue is generated from exports (sales outside markets where the Group has its entities) and 16% of the Group's revenue is generated in local markets in China and Romania, at prices denominated in foreign currencies — in USD, EUR, CNY and RON. As at 31 December 2017, trade receivables in USD represented 16% of the total trade receivables (16% as at 31 December 2016) and trade receivables in EUR represented 5% of the total trade receivables (5% as at 31 December 2016). Moreover, as at 31 December 2017, 12% of trade receivables are denominated in CNY, due to sales on the local market in China (4% as at 31 December 2016) and 10% of trade receivables are denominated in RON due to sales in the local market in Romania (11% as at 31 December 2016).

There is a risk that future fluctuations of exchange rates may have a negative or positive effect on the Group's financial performance. Recent changes in global economy could have had and still can have negative impact on exchange rates. So far, the Group has not used derivative financial instruments to hedge against the results of future changes in exchange rates.

If, as at 31 December 2017, PLN appreciated/depreciated by 10% against USD (all other conditions remaining unchanged), the profit before income tax for 2017 would drop/rise by approximately PLN 232 thousand (drop/rise by approximately PLN 779 thousand in 2016) mainly due to the measurement of USD denominated trade receivables).

If, as at 31 December 2017, PLN appreciated/depreciated by 10% against EUR (all other conditions remaining unchanged), the profit before income tax for 2017 would drop/rise by approximately PLN 218 thousand (in 2016 by approximately PLN 239 thousand) due to the measurement of EUR denominated trade receivables.

#### Risk of interest rate changes affecting cash flows and fair values

As at 31 December 2017 and 31 December 2016 the Group held cash at bank accounts with a variable interest rate, which exposes the Company to the risk of interest rate changes affecting cash flows, however taking into consideration the amount of interest, the risk is insignificant. The group held no other interest-bearing assets.

The Group's policy envisages the use of bank loans bearing interest at variable rates. This exposes the Group to the risk of interest rate changes affecting its cash flows. As at 31 December 2017, all liabilities under bank loans bear interest at variable rates (which was also the case as at 31 December 2016).

The Group monitors its exposure to the risk of interest rate changes affecting its cash flows and fair values. The Group runs simulations of various scenarios, taking into consideration refinancing, roll-over of the existing positions, and alternative financing. The Group uses these scenarios to assess the impact of a change in interest rates on its financial performance. Simulations are run for bank deposits and liabilities, which represent the largest items exposed to interest rate risk.

The below sensitivity analysis of the Group's cash flows to interest rate risk was prepared for financial instruments based on variable interest rates. The financial instruments held by the Group were linked to WIBOR rates. The impact of interest rate fluctuations on the financial result was calculated as the product of liability balances as at 31 December 2017 and the assumed WIBOR variance.

	+20 basis	points	-20 basis points		
	Effect on profit before income tax	Effect on net profit and equity	Effect on profit before income tax	Effect on net profit and equity	
Financial liabilities					
Variable interest rate loans	(57)	(46)	57	46	
Total for 2017	(57)	(46)	57	46	
	+20 basis	s points	-20 basis points		
	Effect on profit before income tax	Effect on net profit and equity	Effect on profit before income tax	Effect on net profit and equity	
Financial assets/liabilities					
Other receivables from related parties	4	3	(4)	(3)	
Variable interest rate loans	(62)	(50)	62	50	
Total for 2016	(58)	(47)	58	47	

The Group does not use derivatives to hedge against the risk of interest rate changes affecting its cash flows and fair values.

#### 6.3. Credit risk

Credit risk arises mainly from bank deposits, loans granted, bonds purchased and credit exposures to customers, including trade receivables due.

Credit risk relating to bank deposits is considered by the Management Board as low because the Group cooperates with renowned financial institutions which enjoy premium credit ratings (Raiffeisen Bank Polska S.A., Bank Handlowy w Warszawie S.A., Bank Zachodni WBK S.A. and BNP Paribas Bank Polska S.A. in Poland, Citi Bank and Agrucultiral Bank in China and BRD Groupe Societe Generale in Romania).

Credit risk relating to credit exposures to Group's customers is considered as low by the Management Board. The Group sells its products to 2 key customer groups: retail chains and wholesale customers (including wholesalers, distributors and authorised retail stores). The Group sells its products on the Polish and foreign markets – mainly China, countries in Central, Eastern and Southern Europe (Romania,

Hungary, the Czech Republic, Germany, Balkan countries, Russia, Ukraine, Belarus, Moldova) as well as Arabic states, south Africa, Angola and Thailand.

The table below presents the Group's sales structure by customer group and market:

	2017	2016
Local markets – wholesale market (*)	47%	49%
Local markets – chains (*)	18%	19%
Export sales	32%	30%
Other sales	3%	2%
Total	100%	100%

(\*) local markets mean sales in countries where the Group has its entities, i.e. in Poland, Romania and China

As regards sales to retail chains, the Group sells its products to the largest chains in Poland and Romania. Credit exposures in this customer group are not evenly distributed as 2 key retail chains in Poland jointly account for approximately 84% of sales made through this particular channel. Credit risk exposure to retail chains is considered by the Company as low as most of them are reliable and financially transparent customers with an established market position and a sound payment history.

In the area of wholesale distribution, the Group has established cooperation with a few dozen authorised distributors, a few dozen wholesalers across the country and authorised retail stores, as well as with wholesalers in Romania and China. In 2017, 75% of sales in this group was executed to approx. 59 customers (50 customers in 2016). The Group pursues a policy of reducing credit exposures to wholesale customers with the use of a credit limit mechanism. The limits are set for each customer based on a detailed assessment of its financial performance, market position, payment discipline and the overall situation in the sector. The utilisation of credit limits is monitored on a regular basis. A transaction exceeding the credit limit may only be executed upon authorisation by authorised persons in accordance with an internal credit policy.

The Group mitigates its credit risk by having trade receivables insured in a renowned insurance company. The insurance covers receivables from the customers of the parent company. As at 31 December 2017, 63% of the short-term trade receivables were insured (69% as at 31 December 2016). This applies to customers who have been granted an individual limit and customers covered by the so-called automatic limit, up to the amount specified in the insurance contract. Under the insurance contract, the deductible is typical for such contracts.

The Group also mitigates credit risk through the implementation of an effective risk management system integrated with SAP, supporting the maintenance of proper payment discipline of the company's customers. It should be stressed that sales for the customers who are not in a stable and predictable financial condition is realised based on advance payments.

The maturity structure of receivables and details on past due receivables are presented in note 13.

The credit quality of financial assets not being either past due or impaired can be estimated by reference to external credit ratings or to historical information on the counterparty's defaults. The Parent Company's cash is held in banks with BBB+, BBB- and A- ratings (EuroRating agency), and the cash of subsidiaries — in banks with Fitch BBB+ rating (Romania) and A and BBB rating (China).

With respect to trade receivables, the Group does not have external ratings, but it monitors counterparties' payment delays ongoing basis. Receivables which as at 31 December 2017 were not past due and did not suffer impairment come from customers that settle their receivables to the Group on the due date or with a slight delay.

The maximum credit risk exposure is approximately equal to the book value of trade receivables, net of receivables insured and cash and cash equivalents. As at 31 December 2017, the maximum credit risk exposure is PLN 30,202 thousand (31 December 2016: PLN 22,046 thousand).

#### 6.4. Liquidity risk

The Management Board of the Parent Company believes that the Group's liquidity is secured for the foreseeable future. The Group follows a prudent liquidity risk management policy, which focuses on maintaining an adequate level of cash and securing the ability to use the credit facilities. The management monitors the level of current liabilities and current assets, as well as current cash flows of the Group.

Key items analysed for the purpose of monitoring of the liquidity risk are as follows:

	31 December 2017	31 December 2016
Current assets	236,253	209,600
Current liabilities	87,233	67,573
	2017	2016
Cash flow from operating activities	38,232	11,491

The table below presents financial liabilities of the Group by maturities, which are determined based on contractual future payment dates, uniform for each group of liabilities. The figures presented below represent undiscounted contractual cash flows.

	Up to 1 year	1-3 years	3-5 years	More than 5 years	Total
Loans	29,040	-	-	-	29,040
Trade and other payables	45,978	-	-	-	45,978
Liabilities from finance leases	475	1,187	-	=	1,662
As at 31 December 2017	75,493	1,187	-	-	76,680
Loans	31,443	-	-	-	31,443
Trade and other payables	27,680	-	-	-	27,680
Liabilities from finance leases	197	343	-	=	540
As at 31 December 2016	59,320	343	-	-	59,663

#### 6.5. Capital management

The Management Board of the Parent Company defines capital as the Group's equity. The equity held by the Parent Company meets the requirements provided for in the Polish Commercial Companies Code. There are no other capital requirements imposed by external regulations.

The Group's capital management activities are aimed at protecting the Group's ability to continue its operations so as to ensure a return on investment for the shareholders and benefits for other interested parties, as well as maintenance of the optimum capital structure to lower the cost of capital. The Group also follows a rule that non-current assets are to be fully financed by equity.

	31 December	31 December	
	2017	2016	
Non-current assets	27,729	26,663	
Equity	175,330	168,136	

In the period covered by these consolidated financial statements, the Group implemented the above objective.

# 6.6. Fair value measurement

The book value of financial assets and liabilities is similar to their fair value. For disclosure purposes, the fair value of financial assets and liabilities is estimated by discounting future contractual cash flows with market interest rate currently available to the Group for similar financial instruments (level 3).

# 7. Financial instruments

As at 31 December 2017	Financial assets	Other financial liabilities
	Loans and receivables	Liabilities measured at amortised
		cost
Trade receivables	60,899	-
Cash	8,907	-
Trade and other payables	-	45,978
Loans	-	28,489
Liabilities from finance leases		1,539
	69,806	76,006
As at 31 December 2016	Financial assets	Other financial liabilities
	Loans and receivables	Liabilities measured at amortised
		cost
Trade receivables	52,292	-
Cash	7,420	-
Trade and other nevehice	_	27,255
Trade and other payables	_	
Loans	-	30,759

As at 31 December 2017, the Parent Company holds servers and a car under finance lease (of which one server and the car were not yet transferred for use as of 31 December 2017):

	31 December	31 December
	2017	2016
Purchase cost	2,194	898
Accumulated depreciation	(364)	(128)
Net book value	1,830	770

Detailed information about lease liabilities - see note 21.

As at 31 December 2017, the Parent Company used a warehouse in Nadarzyn and passenger cars under an operating lease agreement (note 22). Moreover, subsidiaries used warehouses with offices in Shanghai and Bucharest.

Apart from the property, plant and equipment serving as security in respect of working capital facilities (note 18), there are no restrictions on the use of property, plant and equipment held by the Group.

As of 31 December 2017 the Group has placed an order for forklifts, which delivery is expected in 2018 and which will be financed through finance leasing. The estimated value of the contract amounts to PLN 1,700 thousand.

In 2017 and 2016, the Group did not capitalise borrowing costs due to the insignificancy of these amounts.

# 9. Intangible assets

There are no material intangible assets produced internally by the Group.

No security interests in the intangible assets have been created.

#### **TOYA S.A. Capital Group**

Consolidated financial statements for the financial year ended 31 December 2017 (amounts are expressed in PLN thousand, unless specified otherwise)

#### 10. Goodwill

Goodwill amounting to PLN 787 thousand includes only the goodwill resulting from the acquisitions of Yato Tools in 2013:

	Yato Tools (Shangai) Co., Ltd.
As at 1 January 2017	787
Foreign exchange differences	(88)
As at 31 December 2017	699

# Impairment test for goodwill

The Management Board reviews the business performance by geographic areas (locations of subsidiaries) and distribution channels. The main geographic areas identified include Poland and European countries (except Romania), Romania (subsidiary in Romania), as well as China and non-European foreign markets (subsidiary in China). In all these areas, the Group conducts activities in various distribution channels. Goodwill is analysed by the Management Board at the geographic areas level. The above goodwill is allocated to the subsidiary in China.

The recoverable amount of the cash-generating unit has been determined based on value-in-use calculations. These calculations use pre-tax cash flow projections based on financial budgets covering a five-year period. Cash flows beyond the five-year period are extrapolated using the estimated growth rates stated below. The growth rate does not exceed the long-term average growth rate for the tool industry in which the cash-generating unit operates.

The key assumptions used for value-in-use calculations in 2017 are as follows:

- compound annual rate of growth of sales revenue 5% per year (forecast for the years 2018-2022)
- rate of growth after the forecast period 2%
- weighted average cost of capital (discount rate) 8.7%

The annual rate of growth of sales revenue was used as the key assumption. The volume of sales in each period is the main driver for revenue and costs. The compound annual rate of growth of sales revenue is based on past performance. The long term growth rates used were estimated on a very conservative level. The discount rates used are pre-tax and reflect specific risks relating to that market.

The recoverable amount calculated based on value in use, under the above assumptions, exceeded carrying value by approx. 270%. The following changes in key assumptions would remove this excess (the impact of each assumption was estimated under the assumption that other assumptions remain unchanged):

- · decrease in forecasted revenue growth by 9 percentage point,
- increase in the discount rate by 20 percentage point.

# 11. Trade and other long-term receivables

	31 December 2017	31 December 2016
Other receivables from third parties	126	117
Accruals and deferred income related to the perpetual usufruct right	218	221
Total long-term receivables	344	338

The Group purchased the right of perpetual usufruct from other entities. Perpetual usufruct fees included in the financial result amounted to PLN 20 thousand both in 2017 and in 2016.

Total amounts of future minimum lease payments and perpetual usufruct right fees amount to:

	31 December	31 December	
	2017	2016	
up to 1 year	20	20	
2 - 3 years	40	40	
4 - 5 years	40	40	
more than 5 years	1,380	1,400	
Total	1,480	1,500	

Liabilities due to the perpetual usufruct of land not included in the consolidated statements of financial position of the Group were estimated based on annual rates resulting from administrative decisions and the remaining time of using the land covered by the right.

# 12. Inventory

	31 December 2017	31 December 2016
Goods for resale	165,984	145,202
Revaluation write-down	(3,102)	(2,931)
Total inventory	162,882	142,271

The table below presents changes in revaluation write-downs on inventory:

	2017	2016
As at 1 January	2,931	2,754
Increase	295	200
Reversal/utilisation	-	(30)
Currency translation differences	(124)	7
As at 31 December	3,102	2,931

Write-downs on inventory made in the financial year as well as utilisation and reversal of write-downs made in previous years were recorded in the financial result and presented as cost of sales. The reversal of write-downs resulted from the decrease in the value of inventory which, in accordance with the Group's policy, should be written down.

For security created over inventory, see note 18.

# 13. Trade and other receivables

Trade and other receivables comprise the following items:

	31 December 2017	31 December 2016
Trade receivables from related parties	2	1
Trade receivables from third parties	63,000	54,869
Total trade receivables	63,002	54,870
Tax receivables	2,051	1,772
Other receivables from related parties	, -	2,044
Other receivables from third parties	853	831
Prepayments (including initial lease payment and insurance)	661	2,970
Total gross receivables	66,567	62,487
Impairment write-downs of doubtful receivables	(2,103)	(2,578)
Total net receivables	64,464	59,909

As at 31 December 2017, trade receivables in the amount of PLN 19,137 thousand (31 December 2016: PLN 13,139 thousand) were past due, of which trade receivables of PLN 17,328 thousand were past due but not impaired (31 December 2016: PLN 12,102 thousand).

The table below presents the ageing structure of receivables which are past due but not impaired:

	31 December 2017	31 December 2016
Overdue period:		
from 1 to 180 days	17,037	12,095
from 181 to 365 days	250	4
more than 365 days	41	3
Total	17,328	12,102

The table below presents changes in impairment write-downs of trade and other receivables:

	2017	2016
As at 1 January	2,578	2,366
Increase	60	263
Reversal	-	(21)
Utilisation	(583)	(37)
Currency translation differences	(21)	7
As at 31 December	2,034	2,578

Recognition and reversal of impairment write-downs of receivables was recorded in "Selling costs".

As at 31 December 2017, receivables for which impairment write-downs were recorded individually amounted to PLN 1,435 thousand (31 December 2016: PLN 1,611 thousand). Impairment of those receivables is related to taking the receivables to court.

For security created over receivables, see note 18.

# 14. Cash and cash equivalents

	31 December 2017	31 December 2016
Cash in hand and at bank	8,907	7,420
Total cash and cash equivalents	8,907	7,420

Apart from cash disclosed in the statement on financial position, the Parent Company has a separate bank account for the funds of the Company Social Benefits Fund (ZFŚS) which are presented under other receivables in their net amount together with liabilities towards the ZFŚS and receivables under loans granted. As at 31 December 2017, these funds amounted to PLN 110 thousand (as at 31 December 2016: PLN 11 thousand). The Parent Company may use these funds only in the manner provided for by the law with regard to the ZFŚS funds.

Apart from the ZFŚS funds, as at 31 December 2017 and 31 December 2016, the Group did not have any cash of limited disposability.

Reconciliation of changes in balance sheet items as shown in the consolidated statements of financial position and in the consolidated statements of cash flows:

# 15. Share capital

As at 31 December 2017 and 31 December 2016, the share capital amounts to PLN 7,833,084.10 and comprises 78,330,841 shares with a par value of PLN 0.1 each.

All of the shares are paid up. The table below presents the ownership structure and percentage stakes held in the Parent Company as at 31 December 2017:

Name	Status	Number of shares	Type of shares	Par value per share (PLN)	Par value of the shares (PLN)	Structure (%)
Jan Szmidt	natural person	28,170,647	ordinary bearer	0.1	2,817,064.70	35.96%
Tomasz Koprowski	natural person	13,704,424	ordinary bearer	0.1	1,370,442.40	17.50%

TOTAL		78,330,841			7,833,084.10	100.00%

# 16. Own shares and reserve capital

On 29 June 2017 the General Shareholders' Meeting of Toya S.A. adopted a resolution to create a reserve capital in the amount of PLN 29,598 thousand to fund buyback of the Company's own shares.

Under share buyback offering lasting from 11 to 22 September 2017, the Company purchased 3,288,615 of own shares at the price of PLN 8.95 per share. Total value of purchased shares amounted to PLN 29,433 thousand. Total transaction costs related to purchase of own shares amounted to PLN 139 thousand and were deducted from reserve capital created pursuant to General Shareholders' Meeting resolution. After completion of the shares purchase transaction, the reserve capital has been reduced by the total value of shares purchased, in accordance with article 363 § 6 of the Commercial Companies Code.

After the balance sheet date, the Extraordinary General Shareholders' Meeting adopted a resolution to cancel own shares – see note 35.2.

# 17. Retained earnings and dividend per share

On 29 June 2017, the General Shareholders' Meeting of TOYA S.A. approved the financial statements of TOYA S.A. for 2016, and resolved to allocate the profit for 2016 in the amount of PLN 29,598 thousand to supplementary capital.

In addition, the General Shareholders' Meeting of TOYA S.A. adopted a resolution to create a reserve capital in the amount of PLN 29,598 thousand to fund buyback of the Company's own shares.

In line with the provisions of the Commercial Companies Code, retained earnings are used to create statutory reserve funds, to which at least 8% of the profit generated in a given financial year is transferred until the statutory reserve funds reach at least one-third of the share capital, i.e. in the case of the Parent Company – PLN 2,611 thousand as at 31 December 2017. These statutory reserve funds are exempt from distribution among shareholders and may only be used to cover losses. As at 31 December 2017

and 31 December 2016, the statutory reserve funds exempt from distribution amounted to PLN 4,372 thousand.

The remaining portion of the retained earnings, in the amount of PLN 164,127 thousand as at 31 December 2017, represents accumulated profit from previous years, of which PLN 146,858 thousand represent the accumulated profit of the Parent Company and may be allocated to the payment of dividend.

# Dividend paid per share:

#### 12 months ended 31 December

	2017	2016
Dividend paid	-	28,199
Weighted average number of ordinary shares ('000) (*)	77,466	78,331
Dividend per share (PLN)	-	0.36

<sup>(\*)</sup> weighted average number of ordinary shares calculated in line with calculation of earnings per share in note 30.

# 18. Loans and borrowings liabilities

	31 December 2017	31 December 2016
Bank loan liabilities, including	28,489	30,759
– long-term	-	-
- short-term	28,489	30,759

Changes in bank loans are presented in the table below:

	Bank loans
As at 1 January 2016	6,662
Increase in loans	24,051
Interest for the period (note 28)	456
Interest repaid	(410)
As at 31 December 2016	30,759

TOYA S.A. Capital Group
Consolidated financial statements for the financial year ended 31 December 2017
(amounts are expressed in PLN thousand, unless specified otherwise)

# **Description of loan agreements:**

Object and value of agreement	Name of the Bank	Loan amount as per agreement as at 31 December 2017	Amount outstanding as at 31 December 2017	Amount outstanding as at 31 December 2016	Current interest rate	Date of expiry	Post-balance- sheet events
Debt limit facility agreement No CRD/L/11381/02 of 2 October 2002 (with the option to be used in PLN, USD and EUR)	Raiffeisen Bank Polska S.A. with its registered office in Warsaw	25,000	9,784	4,446	WIBOR 1 M + bank's margin EURIBOR/LIBOR 1 M + bank's margin	7 March 2018	Change of expiry date – see note 35.1
2. Overdraft facility agreement No BDK/KR-RB/000054601/0641/10 of 22 December 2010	Bank Handlowy w Warszawie S.A.	30,000	9,174	19,817	WIBOR 1 M + bank's margin	15 December 2018	-
3. Multi-purpose credit line agreement No WAR/4060/12/102/CB of 26 September 2012	BNP Paribas Bank Polska S.A. with its registered office in Warsaw	-	-	6,496	-	19 September 2017	-
4. Overdraft facility agreement No K00856/17	Bank Zachodni WBK S.A. with its registered office in Wroclaw	25,000	9,531	-	WIBOR 1 M + bank's margin	18 September 2018	-
Total liabilities, of which:		80,000	28,489	30,759			
- short-term portion		80,000	28,489	30,759			
- long-term portion		-	-	-			

The bank margins relating to the loans listed above do not exceed 1%.

The table below presents security for repayment of the loans:

	31 December	31 December
Type of security	2017	2016
Mortgage	62,500	77,200
Transfer of title to inventory	56,000	50,000
Assignments of claims	41,018	41,786
Total restricted assets	159,518	168,986

The value of mortgage securities was determined as a sum of securities established for individual banks, in the amounts required by the banks (in the amount resulting from the value of the secured liability or in the amount resulting from the appraisal made by a real estate appraiser for the bank's needs). The book value of mortgaged assets was PLN 11,668 thousand as at 31 December 2017 (PLN 12,040 thousand as at 31 December 2016). The values of other types of security were determined at the carrying amounts of the assets provided as security as at 31 December 2017 and 31 December 2016.

The securities apply throughout the term of loan agreements. The Parent Company has limited abilities to dispose of the mortgaged assets. In the event of securities established over inventory, the Parent Company may freely dispose of the assets, providing that they will be replaced by a security of the same type and in the same quantity, with minimum values defined in individual agreements with banks amounting to PLN 50 million. In the case of assignments of trade receivables, the Parent Company is obliged to refrain from any legal or actual actions resulting in restrictions on the Parent Company's ability to dispose of these receivables. In addition, the Parent Company has undertaken not to provide loans or guarantees to third parties without the prior consent of the bank throughout the term of the loan.

#### Effective interest rate for loans

The effective interest rates are close to the nominal interest rates calculated in line with the terms of the agreements described above. As at 31 December 2017, the weighted average cost of loans was 2.22%.

# **Defaults under loan agreements**

As at 31 December 2017, the Group did not default on its debt repayment obligations or on any other of its obligations under loan agreements in a manner which would result in an acceleration of debt repayment.

Loan agreements require the borrower to maintain its capitalisation ratio at an agreed level throughout the lending period. If this requirement is not met, the bank has the right to terminate the agreements.

The Group has good relationships with banks, and in its activity to date it had no problems with renewal of bank loans. Based on this, the Management Board believes that the risk resulting from short-term financing is not significant.

# 19. Trade and other payables

	31 December	31 December
	2017	2016
Trade payables to related parties	17	11
Trade payables to third parties	44,713	26,825
Total trade payables	44,730	26,836
Tax liabilities	1,668	2,174
Accruals (including settlement of lease costs over time)	762	29
Other payables to third parties	480	382
Deferred income	6	8
Total other current payables	2,916	2,593
Total	47,645	29,429

# 20. Liabilities from employee benefits

	31 December 2017	31 December 2016
Provisions for retirement benefits, disability pensions and for death benefits	305	236
Liabilities from employee benefits – non-current portion	305	236
Provisions for retirement benefits, disability pensions and for death benefits Payroll liabilities Unused holidays	6 5,578 811	15 3,883 694
Liabilities from employee benefits – current portion	6,395	4,592

The Parent Company pays retirement benefits, disability pensions and death benefits in accordance with the Labour Code, in the amount of a one month's remuneration. The amount of provision for retirement benefits, disability pensions and death benefits as at 31 December 2017 and 31 December 2016 was estimated by an actuary. The basic assumptions were as follows:

	31 December 2017	31 December 2016
Discount rate (risk-free rate)	3.25%	3.59%
Growth rate of remunerations	2.50%	2.50%

Assumptions concerning future mortality are determined based on statistics published by the Central Statistical Office (GUS).

The statement of actuarial gains and losses is presented below.

	31 December 2017	31 December 2016
Current value of liability as at 1 January	251	247
Current service cost	26	30
Net interest on net liability	9	8
Actuarial gains or losses, including resulting from:	39	(58)
changes in demographic assumptions	1	(36)
changes in financial assumptions	13	(22)
ex post adjustments of actuarial assumptions	25	-
Past service cost	-	24
Benefits paid	(14)	-
Current value of liability as at 31 December	311	251

Total expenses recognised in profit or loss in respect of future employee benefits amounted to PLN 35 thousand in 2017 and PLN 62 thousand in 2016 and were recognised in administrative expenses. Actuarial losses incurred in 2017 amounted to PLN 39 thousand (in 2016: gains in the amount of PLN 58 thousand) and were recognised in other comprehensive income.

Sensitivity analyses of liability under defined benefits (retirement benefits, disability pensions and death benefits) to changes in main weighted estimates as at 31 December 2017 are as follows:

Assumption	Changes in the assumption	Increase in the assumption	Decrease in the assumption
technical discount rate	1%	(36)	43
salary rise in the Company	1%	43	(37)
turnover ratio	1%	(17)	19

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the pension liability recognised within the statement of financial position.

The methods and types of assumptions used for preparing the sensitivity analysis did not change compared to the previous period.

The table below contains the profile of the forecast cash flows in the coming years, by relevant benefits. These values take into account the nominal amounts paid out and their probability.

Name of benefit	1 <sup>st</sup> year	2 <sup>nd</sup> year	3 <sup>rd</sup> year	4 <sup>th</sup> year	5 <sup>th</sup> year	6 <sup>th</sup> year (and further)
Retirement benefit	-	-	3	14	35	977
Disability pension	1	1	1	1	1	15
Death benefit	5	6	7	7	7	238
Total	6	7	11	22	43	1,230

# 21. Finance lease - the Group as a lessee

	31 December 2017	31 December 2016
Minimum lease payments		
payable up to 1 year	475	197
payable between 2 and 5 years	1,188	328
Total	1,663	525
Future interest expenses	(124)	(25)
Present value of finance lease liabilities	1,539	500
of which:		
payable up to 1 year	425	182
payable between 2 and 5 years	1,114	318

As at 31 December 2017, the Company leased two servers under finance lease agreements entered into in 2014 and in 2017, and a truck under finance lease agreement entered into in 2017. The net amount of the lease liability as at the date of the agreements is PLN 2,194 thousand. The agreements were concluded for a period of 60 months. Monthly lease payments amount to approx. PLN 40 thousand. The terms and conditions of the agreements were not different from terms and conditions typical to this type of agreements.

Summary of changes in financial lease liabilities in the period is presented below:

	Snort-term	Long-term	iotai
As at 1 January 2017	182	318	500
Repayment of principal	(257)	=	(257)
Entering into new lease agreements	234	1,062	1,296
Reclassification	266	(266)	-
As at 31 December 2017	425	1,114	1,539

# 22. Operating lease - the Group as a lessee

The Group uses: an office premises, warehouses, car park in Wrocław and passenger cars, under non-cancellable operating lease agreements. Moreover, the Group uses land in Wrocław, to which it has the right of perpetual usufruct of land (for detailed information see note 11).

The costs incurred by the Parent Company in connection with the operating leases amounted to PLN 3,121 thousand in 2017 (PLN 2,955 thousand in 2016). These include:

- rent and service charges concerning the warehouse,
- lease payments, the settlement in time of initial rent, administrative charges and additional services,
- fees for perpetual usufruct,
- costs incurred under car park lease agreements.

The costs incurred by subsidiaries in connection with lease of office premises and warehouses amounted to PLN 2,520 thousand in 2017 (PLN 2,424 thousand in 2016).

Total amounts of future minimum lease payments for the warehouse and office premises in Nadarzyn and in subsidiaries, lease payments for passenger cars and fees for perpetual usufruct amount to:

	31 December	31 December
	2017	2016
up to 1 year	4,674	4,469
1–3 years	5,480	7,836
3–5 years	169	3,805
more than 5 years	1,340	1,360
Total	11,663	17,470

The warehouse lease agreement was signed by the Parent Company in 2006 (with later annexes) and is valid until 31 January 2022. The warehouses and office premises lease agreements entered into by the subsidiaries are valid until 30 November 2019 and 31 December 2018.

In 2017, the Parent Company entered into a general passenger car lease agreement. As at 31 December 2017, a few dozens of passenger cars had been provided for use under the new agreement, in place of the cars provided under previous general lease agreement from 2012. The agreement was concluded for a period of 36 months. After the end of the lease term, the Company has the option to purchase the cars at the price typical for operating lease agreements

#### 23. Provisions

	Provisions for guarantee repairs and returns	Other provisions	TOTAL
As at 1 January 2017	347	10	357
Provision created	385	-	385
Provision used	(346)	-	-
Provision reversed	-	(10)	(356)
Currency translation differences	(2)	-	(2)
As at 31 December 2017	384	-	384
Short-term as at 31 December 2017	384	-	384
As at 1 January 2016	324	10	334
Provision created	347	-	347
Provision used	(324)	-	(324)
As at 31 December 2016	347	10	357
Short-term as at 31 December 2016	347	10	357

The provision for guarantee repairs is created in accordance with the policy described in note 3.21 The obligation of the Company to incur the costs of guarantee repairs results from general provisions on surety and guarantee granted to certain product groups. It is to be used within less than 12 months, and the amount is estimated based on historical costs of guarantee repairs borne; thus, the uncertainty towards its value should not have a material impact on the Company's future results. Provisions are recognised in the financial result under "costs of goods sold".

# 24. Sales revenue

	12 months ended 31 December		
	2017	2016	
Sales revenue			
Sales of services	1,176	926	
Sales of goods	346,365	309,232

Total financial expenses	466	501

# 29. Income tax

The reporting periods presented in these financial statements cover the following tax periods:

- from 1 January 2017 to 31 December 2017,
- from 1 January 2016 to 31 December 2016.

#### 12 months ended 31 December

_	2017	2016
Current tax	10,471	8,472
Deferred tax	(381)	(525)
Total income tax	10,090	7,947

The following corporate income tax rates were applicable in all the presented periods: 19% in the Parent Company, 16% in subsidiary in Romania and 25% in subsidiary in China.

Reconciliation of the theoretical tax on the pre-tax profit and the statutory tax rate with the income tax expense recognised in profit or loss is presented in the table below:

	12 months ended 31 Dec	12 months ended 31 December	
_	2017	2016	
Profit before tax	50,396	40,802	
Tax rate applicable in the period  Tax calculated at the applicable tax rate	19% <b>9,575</b>	7, <b>752</b>	
Tax effect of the following items:			
- permanent tax differences – revenues	(12)	(22)	
- permanent tax differences – expenses	471	328	
- temporary tax differences for which no asset was created	8	7	
- adjustment of tax from previous years	18	=	
Technology credit and other tax credits	(26)	(85)	
Difference between tax rates applicable in other countries (in Romania: 16%, in China: 25%)	56	(33)	
Income tax recognised in profit or loss	10,090	7,947	

The provisions on VAT, CIT, PIT or social security contributions frequently change, often resulting in the absence of any established regulations or legal precedents for reference. The regulations in effect tend to be unclear, thus leading to differences in opinions as to legal interpretation of fiscal regulations, both between state authorities themselves and between state authorities and entrepreneurs. Tax declarations and other settlements (e.g. customs or foreign exchange) can be audited by authorities which are authorised to impose high fines, and the additional liabilities arising from such audits have to be paid including high interest. In the light of the above, the tax risk in Poland is higher than usual tax risk in countries with better-developed tax systems. In Poland, no formal procedures are present for the determination of the final amount of tax due. Tax declarations can be audited over a period of five years. Therefore, the amounts disclosed in the financial statements may change at a later date, following final determination of their amount by the competent tax authorities.

<sup>(\*)</sup> applies to deferred tax from actuarial losses recognised in other comprehensive income and exchange differences from translation of deferred tax

(11)

Of the above-reported value of deferred tax assets, the amount of PLN 1,094 thousand, as at 31 December 2017, concerns items that the Parent Company expects to realise over a period exceeding 12 months (as at 31 December 2016: PLN 917 thousand). There are no temporary differences related to investments in subsidiaries for which a deferred tax provision should be created.

# 30. Earnings per share

	12 months ended 31 December	
_	2017	2016
Net profit	40,306	32,855
Weighted average number of ordinary shares ('000)	78,331	78,331
Adjustment for weighted average number of own shares purchased ('000)	(865)	-
Adjusted weighted average number of ordinary shares ('000)	77,466	78,331
Basic earnings per share from continuing operations (PLN)	0.52	0.42
Diluted net profit	40,306	32,855
Weighted average number of ordinary shares used for calculating basic earnings per share ('000)	77,466	78,331
Dilution impact	-	-
Adjusted weighted average number of ordinary shares used for calculating diluted earnings per share ('000)	77,466	78,331
Diluted earnings per share from continuing operations (PLN)	0.52	0.42

Basic earnings per share were calculated by dividing the net profit by the weighted average number of ordinary shares during the period. Weighted average number of ordinary shares was calculated taking into account adjustment for own shares purchased in accordance with the offer for purchase of shares of TOYA SA announced on 4 September 2017. The acquisition of own shares was completed on 27 September 2017. As of 31 December 2017 the acquired own shares were held by the Company. After the balance sheet date, the Extraordinary General Shareholders' Meeting adopted a resolution to cancel own shares (see note 35.2).

As at 31 December 2017 the Group had no potential dilutive instruments.

# 31. Financial guarantees granted and received

As at 31 December 2017, the Group had the following guarantees:

No	Counterparty	Type of guarantee	Subject matter and value	Date of expiry
1	,		Bank guarantee in the amount of EUR 190,466	28 February 2018 (*)

<sup>(\*)</sup> after the end of the financial year, the guarantee was extended until 28 February 2019, for the amount of EUR 195,503.

# 32. Contingent assets and liabilities

On 29 November 2012, the Parent Company and TOYA Development Sp. z o.o. Spółka Komandytowa in liquidation (hereinafter: Toya Development) concluded an agreement (the "Agreement") concerning a legal defect of the real property which was contributed in kind on 6 April 2011 pursuant to Resolution No 1 of the Extraordinary General Shareholders' Meeting of TOYA Development by TOYA S.A., which at that time was the company's general partner. The real property in question comprises land with the expenditure incurred thereon. The contributed real property had a legal defect, i.e. on 6 April 2011 TOYA S.A. was not its owner since, pursuant to a decision of the Head of Wisznia Mała Municipality of 7 May 2007, this plot of land became the property of Trzebnicki Poviat on 8 June 2007. TOYA S.A. is entitled to pursue claims against Trzebnicki Poviat due to expropriation of the abovementioned real property and the expenditure incurred thereon. Had the legal defect of the in-kind contribution not existed and had the transfer of ownership of the real property been effective, TOYA Development would be entitled to the claims of TOYA S.A. Thus, by way of compensation for the damage resulting from the property's legal defect, TOYA S.A. has undertaken to pay TOYA Development compensation equal to the compensation obtained from the Trzebnicki Poviat.

#### **TOYA S.A. Capital Group**

Consolidated financial statements for the financial year ended 31 December 2017 (amounts are expressed in PLN thousand, unless specified otherwise)

The right to compensation will arise provided that Toya S.A. receives compensation from the Trzebnicki Poviat and in the amount obtained from the Trzebnicki Poviat. As at 31 December 2015, the contingent liability includes compensation due to the incurred expenditure, whose revaluated value was estimated at net PLN 2.5 million. At the same time, as at 31 December 2015, the Parent Company had a contingent asset due to compensation for the incurred expenditure from the Trzebnicki Poviat in the same amount, i.e. approx. net of PLN 2.5 million.

On 24 January 2014, TOYA S.A. filed a lawsuit in the Regional Court in Wrocław against the Trzebnicki Poviat for the repayment of the disputed amount. In July 2015, the lawsuit was dismissed by the Court and in September 2015, the Company appealed against this decision. On 14 June 2016 the appeal was dismissed. The Court decision is final and legally valid, therefore as of 31 December 2016 the contingent liability for compensation due to the incurred expenditure and the contingent asset due to compensation for the incurred expenditure from the Trzebnicki Poviat in the same amount, have been terminated.

On 21 November 2017, TOYA S.A. received request from TOYA Development for payment of PLN 3,076 thousand (the "Request"), due to the legal defect of the real property which was contributed in kind to TOYA Development by TOYA S.A. on 6 April 2011, pursuant to Resolution No 1 of the Extraordinary General Shareholders' Meeting of TOYA Development. Based on legal opinions obtained, the Request has been considered as unfounded, due to the fact that the matter of compensation for damage resulting from the legal defect of the real property had already been regulated in the Agreement between the parties. As a result, in opinion of TOYA S.A., the Request received from TOYA Development has no valid factual and legal grounds. According to the Management Board of TOYA S.A., the probability that the payment will have to be made is low, therefore no provision for that purpose has been recognised in the consolidated financial statements as at 31 December 2017.

#### 33. Transactions with related entities

In 2017 and 2016, the Company effected transactions with the following related parties:

- Toya Development Sp. z o.o. S.K. in liquidation entity related through key management personnel.
- Golf Telecom Sp. z o.o. SKA entity related through key management personnel,
- Grzegorz Pinkosz President of the Management Board key management personnel,
- Dariusz Hajek Vice-President of the Management Board until 20 September 2016 key management personnel,
- Maciej Lubnauer Vice-President of the Management Board key management personnel,
- Piotr Mondalski President of the Supervisory Board key management personnel,
- Jan Szmidt Vice-President of the Supervisory Board key management personnel,
- Tomasz Koprowski Member of the Supervisory Board key management personnel,
- Wioletta Koprowska a person closely-related with a key management personnel,
- Grzegorz Maciąg Member of the Supervisory Board key management personnel,

(\*) As part of buyback of own shares transaction during the year, the Company purchased shares from the following individuals (based on information provided to the Company by its shareholders) at the price of PLN 8.95 per share:

- Tomasz Koprowski 1,066,784 shares
- Wioletta Koprowska 121,610 shares
- Grzegorz Pinkosz 11,410 shares
- Maciej Lubnauer 4,813 shares

Related party transactions are entered into on arm's length terms in the course of the Group's day-to-day operations.

In the years ended 31 December 2017 and 31 December 2016, no receivables from related parties were written down.

On 15 February 2017, the Company entered into an agreement with Mr. Jan Szmidt concerning the transfer from Mr. Jan Szmidt to the Company of the property rights to the works used by the Parent Company in the YATO, Vorel and FLO trademarks in accordance with the resolution No. 4/2017 of the Extraordinary General Meeting of Shareholders of the Company dated 12 January 2017 regarding granting of consent to the conclusion with Jan Szmidt of the agreement and the Supervisory Board resolution no 2/RN/2017 dated 13 February 2017 on granting of consent to the conclusion of the agreement as well as an agreement to transfer the right of protection. At the same time, pursuant to § 4 of the Agreement, on 15 February 2017 the Company entered into an agreement with Mr. Jan Szmidt on the transfer of protection rights to the trademark registered in the European Union Intellectual Property Office under the number 015230006, after obtaining the prior approval of the Supervisory Board on 13 February 2017, expressed in Resolution No 2/RN/2017.

On 29 June 2017, member of key management personnel of the Parent Company repaid amount receivable, referred to in note 13, in the amount of PLN 2,000 thousand, together with interest.

Balances due to transactions with related entities are not insured.

# Information on remuneration and benefits of key management personnel and on transactions executed with such personnel

The Management Board and the Supervisory Board of the Parent Company comprise the key management personnel of the Group.

The remuneration and benefits paid or payable to the Group's key management personnel are as follows:

	2017	2016
Remunerations and benefits under employment contracts and appointment contracts — Management Board	1,593	1,038
Social insurance (ZUS) costs borne by the Company – Management Board	39	77
Remunerations for positions held – Supervisory Board	655	720
Social insurance (ZUS) costs borne by the Company – Supervisory Board	110	112

Apart from the transactions mentioned above and in the table on the previous page, the Group did not execute any transactions with the key management personnel.

# 34. Operating segments

# Identification of operating and reporting segments

The Management Board of the Parent Company makes decisions related to the Company's operations from the perspective of distribution channels and geographical coverage.

The Group specifies four operating and reporting segments for its activities:

- trading area sales on local markets (Poland, Romania and China) to retail networks,
- trading area sales on local markets (Poland, Romania and China) wholesale market,
- trading area exports,
- trading area other sales.

As part of the retail networks segment, the Group cooperates with large retail networks throughout Poland and Romania. Wholesale on all markets where the Group holds its entities is conducted through a network of wholesalers, authorised retail stores and sales representatives. Foreign markets are supported using sales department of the Parent Company and subsidiary, Yato Tools (Shanghai) Co., Ltd. The segment of other

sales comprises mainly sales through a stationary store and online store. As at 31 December 2017, this segment did not meet separate reporting criteria. As a result, it is presented as other trading activities.

Data analysed by the Management Board of the parent company for segment description is consistent with the data disclosed in the statement of comprehensive income.

The Group did not record revenue from sale to a single external customer exceeding 10% of total sales revenue.

As at 31 December 2017, the Group's assets amounted to PLN 263,982 thousand, and the Group's liabilities amounted to PLN 88,652 thousand and were related only to trading activities. The Management Board of the Parent Company does not examine the assets of the Group for each segment separately.

The Parent Company has no non-current assets located abroad, although such assets are held by the subsidiaries. The net value of property, plant and equipment located in Romania as at 31 December 2017 is PLN 2,029 thousand and located in China is PLN 2,525 thousand.

China (wholesale segment)	16,672	12,456	
	235.139	217.114	

# 35. Material events subsequent to the end of reporting period

# 35.1 Annex to a significant agreement

On 22 February 2018, TOYA S.A. and Raiffeisen Bank Polska S.A. with its registered office in Warsaw concluded Annex to the Debt Limit Facility Agreement No CRD/L/11381/02 of 2 October 2002.

Under the annex, the agreement has been prolonged until 8 March 2019 and the credit costs decreased compared to the previous conditions of the Agreement.

The remaining terms and conditions of the Agreement remained unchanged and do not differ from terms and conditions commonly applied in this type of agreements.

# 35.2 Extraordinary General Shareholders' Meeting

On 27 February 2018, the Extraordinary General Shareholders' Meeting of TOYA S.A. adopted a resolution to cancel 3,288,615 shares of the Company, with a par value of PLN 0.10 each. These shares were purchased as a part of share buyback offering described in Note 16. The Extraordinary General Shareholders' Meeting adopted also a resolution to decrease the share capital from PLN 7,833,084.10 to PLN 7,504,222.60 and create separate reserve capital – "reserve capital from decrease of share capital", to which amount resulting from decrease of share capital of TOYA S.A. (PLN 328,861.50) will be transferred.

In connection with the completion of purchase of own shares of the Company, following the authorization granted to the Management Board of the Company through resolution No 19 of the Ordinary General Shareholders' Meeting dated 29 June 2017, the Extraordinary General Shareholders' Meeting decided that the remaining unused funds in the amount of PLN 25,847.97 (in words: twenty-five thousand eight hundred and forty seven Polish zlotys 97/100) recognized in reserve capital, referred to in § 1 of the resolution, will be transferred to supplementary capital of the Company.

As of the date of publication of these consolidated financial statements, the cancellation of shares has not yet been registered in the National Court Register.

#### 1. PROFILE OF THE PARENT COMPANY

#### 1.1 General Information – the Parent Company

TOYA S.A. (the "Company" or the "Parent Company") is a joint stock company established under the Commercial Companies Code. The Parent Company has its registered office in Wrocław at ul. Sołtysowicka 13/15.

TOYA S.A. was formed on the basis of a Notarial Deed drawn up on 17 November 1999 by the Notary Public Jolanta Ołpińska in the Notarial Office in Wrocław (Rep. A No 5945/99). Pursuant to a decision of 3 December 1999, the Parent Company was entered in the Commercial Register maintained by the District Court for Wrocław-Fabryczna, 6th Commercial Division, with the reference number RHB 9053. By virtue of a decision of 4 December 2001, the District Court for Wrocław-Fabryczna, 6th Commercial Division of the National Court Register, decided to enter the Parent Company in the Register of Entrepreneurs, with the reference number KRS 0000066712. The entry in the Register took place on 5 December 2001.

The duration of the Parent Company is unlimited.

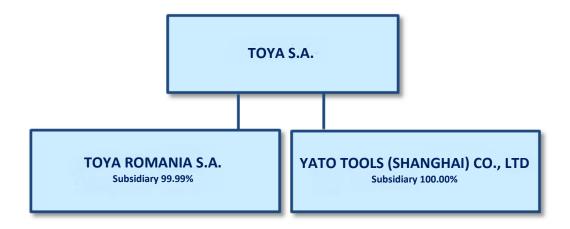

As at the date of submission of the annual report, the Parent Company has 1 branch located outside the registered office, in Nadarzyn.

The core business activities of TOYA S.A. include import and distribution of industrial goods, including primarily hand and power tools for professional and DIY use. The Group distributes goods manufactured and supplied mainly by companies located in China. For many years, the Group has been implementing its strategy of expanding onto international markets. It focuses primarily on Central, Southern and Eastern Europe (the Czech Republic, Moldova, Germany, Hungary, Romania, the Balkan States, Lithuania, Russia, Ukraine and Belarus).

Since 12 August 2011, the Parent Company's shares have been listed on the Warsaw Stock Exchange.

# 1.2 Organisation of TOYA S.A. Capital Group

As at 31 December 2017, the Group comprised the following entities:

Particulars of entities comprising the Capital Group (as at 31 December 2017 and as at the date of publication of the report on operations of the Capital Group):

Entity name	Registered office	Business profile	Type of equity link	% of shares and votes held	Link establishment date	Method of consolidation as at the end of the reporting period
TOYA S.A.	Wrocław, Poland	Distribution of tools and power tools	Parent Company	Not applicable	Not applicable	Full consolidation method
Toya Romania S.A.	Bucharest, Romania	Distribution of tools and power tools	Subsidiary	99.99	November 2003	Full consolidation method
Yato Tools (Shanghai) Co., Ltd (*)	Shanghai, China	Distribution of tools and power tools	Subsidiary	100.00	January 2013	Full consolidation method

(\*) In June 2008, the Parent Company and Saame Tools (Shanghai) Import & Export Co., Ltd China established a joint venture under the name Yato China Trading Co., Ltd. The Parent Company acquired 51% of the shares in the share capital, the remaining 49% was acquired by Saame Tools (Shanghai) Import & Export Co., Ltd China. On 2 January 2013, TOYA S.A. increased the share capital in Yato China Trading Co., Ltd. As a result of this transaction, the Parent Company increased its share in Yato China from 51% to 75%. At the same time, changes were introduced to Yato China's Articles of Association, whereby TOYA S.A. gained the right to nominate the majority of members of Yato China's Management Board. As a result, on 2 January 2013, TOYA S.A. took control over Yato China. In April 2013, the name of the company was changed to Yato Tools (Shanghai) Co., Ltd. On 16 July 2014, TOYA S.A. acquired stake in the share capital, obtaining a total of 100% share in the entity's equity.

# 1.3 The Parent Company's Management Board and Supervisory Board

In the period from 1 January 2017 to 31 December 2017, the Management Board of the Parent Company composed of the following members:

 Vice-President of the Management Board.

In the period from 1 January 2017 to 29 June 2017, the Supervisory Board of the Parent Company was composed of the following members:

•	Piotr Mondalski	President of the Supervisory Board;
•	Jan Szmidt	Vice-President of the Supervisory Board;
•	Tomasz Koprowski	Member of the Supervisory Board;
•	Dariusz Górka	Member of the Supervisory Board;
•	Grzegorz Maciąg	Member of the Supervisory Board.

From 29 June 2017 and as of the day of approval of the annual report for publication, the Supervisory Board of the Parent Company was composed of the following members:

Piotr Mondalski
 Jan Szmidt
 Dariusz Górka
 Tomasz Koprowski
 Michał Kobus
 Grzegorz Maciąg
 Wojciech Bartłomiej Papierak
 Vice-President of the Supervisory Board;
 Member of the Supervisory Board.

#### 1.4 Share capital

As at 31 December 2017, the share capital amounted to **PLN 7,833,084.10** and comprises 78,330,841 shares with a par value of PLN 0.1 each.

There were no changes in share capital in 2017.

#### 1.5 Own shares

On 29 June 2017 the General Shareholders' Meeting of Toya S.A. adopted a resolution to create a reserve capital in the amount of PLN 29,598 thousand to fund buyback of the Company's own shares.

Under share purchase offering lasting from 11 to 22 September 2017, the Company purchased **3,288,615** of own shares at the price of **PLN 8.95** per share. Total value of purchased shares amounted to PLN 29,433 thousand. Total transaction costs related to purchase of own shares amounted to PLN 139 thousand and were deducted from reserve capital created pursuant to General Shareholders' Meeting resolution.

#### 1.6 Shareholders

According to information provided to TOYA S.A. by its shareholders, the Parent Company's ownership structure as of 31 December 2017 was as follows:

Name	Status	Number of shares	Type of shares	Par value per share (PLN)	Par value of the shares (PLN)	Structure (%)
Jan Szmidt	natural person	28,170,647	ordinary bearer	0.1	2,817,064.70	35.96%
Tomasz Koprowski	natural person	13,704,424	ordinary bearer	0.1	1,370,442.40	17.50%
Romuald Szałagan	natural person	9,652,290	ordinary bearer	0.1	965,229.00	12.32%
Altus TFI S.A.	legal person	6,705,590	ordinary bearer	0.1	670,559.00	8.56%
Generali OFE	legal person	5,001,147	ordinary bearer	0.1	500,114.70	6.38%
TOYA S.A. (own shares)	legal person	3,288,615	ordinary bearer	0.1	328,861.50	4.20%
Other – share below 5%	not applicable	11,808,128	ordinary bearer	0.1	1,180,812.80	15.08%
TOTAL		78,330,841			7,833,084.10	100.00%

According to information provided to TOYA S.A. by its shareholders, shareholders holding directly or indirectly at least 5% of the total number of votes as at 31 December 2017 were:

	Number of shares	Share (%)	Number of votes	Share (%)
Jan Szmidt	28,170,647	35.96%	28,170,647	35.96%
Tomasz Koprowski	13,704,424	17.50%	13,704,424	17.50%
Romuald Szałagan	9,652,290	12.32%	9,652,290	12.32%
Altus TFI S.A.	6,705,590	8.56%	6,705,590	8.56%
Generali OFE	5,001,147	6.38%	5,001,147	6.38%

Since the submission of the last quarterly report (i.e. 9 November 2017), TOYA S.A. has not received notification from the shareholders about any changes in the ownership structure of significant blocks of shares.

#### 1.7 Shares held by managers and supervisors

#### 1.7.1 Shares held by members of the Parent Company's Management Board

The number of shares and votes in the share capital of the Company held by members of the Management Board as at the day of submission of this report is reflected in the following table:

	Number of shares	Par value of the shares (PLN)	Number of votes	Share (%)
Grzegorz Pinkosz	146,812	14,681.20	146,812	0.19%
Maciej Lubnauer	61,831	6,183.10	61,831	0.09%
TOTAL members of the Management Board	208,643	20,864.30	208,643	0.28%

Members of the Management Board participated in the purchase of own shares by the Company (see point 2.6). As part of the own shares purchase offering, the Company purchased the following number of own shares (based on information provided to the Company by its shareholders, in accordance with the applicable laws) at a price of PLN 8.95 per share:

- Grzegorz Pinkosz 11,410 shares

Grzegorz Maciąg	Member of the Supervisory Board	120	2	122

In addition, Member of the Supervisory Board – Tomasz Koprowski, participated in the purchase of own shares by the Company (see point 1.7.2).

As at 31 December 2017, no agreements have been concluded between the Parent Company and its management staff providing for compensation in case of resignation or dismissal of a member of management staff from his/her position without a valid reason or if his/her dismissal results from a merger of the Company by way of acquisition.

#### 1.10 Changes in the basic Group management methods

There were no significant changes in the methods of managing the Group in 2017.

#### 2. THE MOST SIGNIFICANT EVENTS OF 2017

#### 2.1 Extraordinary General Shareholders' Meeting

On 12 January 2017 the Extraordinary General Shareholders' Meeting adopted a resolution approving the Company to enter into an agreement with Jan Schmidt regarding free of charge transfer of intellectual property rights in the form of YATO, Vorel and FLO trademarks, as well as an agreement to transfer to Jan Szmidt the right of protection from the trademark registration, in the scope defined in EUIPO application No. 015230006. The agreement has been concluded on 15 February 2017.

On 14 February 2017 the Shareholder, Tomasz Koprowski, informed the Company about the submission on 13 February 2017 in the District Court in Wrocław, 9th Commercial Division, a claim for annulment of the above mentioned resolution. The claim has been withdrawn – see point 2.8.2.

#### 2.2 Agreement with the Vice-President of the Supervisory Board

On 15 February 2017, the Company entered into an agreement with Mr. Jan Szmidt concerning the transfer from Mr. Jan Szmidt to the Company of the property rights to the works used by the Parent Company in the YATO, Vorel and FLO trademarks in accordance with the resolution No. 4/2017 of the Extraordinary General Meeting of Shareholders of the Company dated 12 January 2017 regarding granting of consent to the conclusion with Jan Szmidt of the agreement and the Supervisory Board resolution no 2/RN/2017 dated 13 February 2017 on granting of consent to the conclusion of the agreement as well as an agreement to transfer the right of protection. At the same time, pursuant to § 4 of the Agreement, on 15 February 2017 the Company entered into an agreement with Mr. Jan Szmidt on the transfer of protection rights to the trademark registered in the European Union Intellectual Property Office under the number 015230006, after obtaining the prior approval of the Supervisory Board on 13 February 2017, expressed in Resolution No 2/RN/2017.

The agreement is an important agreement because it governs the use of copyright in accordance with the principles established by the parties to the Agreement and comprehensively organizes the copyright of the property rights to the works indicated in it.

The terms of the agreement for the transfer of protection rights to a trademark registered in the European Union Intellectual Property Office under no. 015230006 do not entail financial obligations for any of the parties to the contract, provide no contractual penalties, and do not depart from the terms commonly used for such contracts.

#### 2.3 Resolution to approve financial statements for 2016 and distribute profits

On 29 June 2017, the General Shareholders' Meeting of Toya S.A. approved the financial statements of Toya S.A. for 2016, and resolved to allocate the profit for 2016 in the amount of PLN 29,598 thousand to supplementary capital.

In addition, the General Shareholders' Meeting of Toya S.A. adopted a resolution to create a reserve capital in the amount of PLN 29,598 thousand to fund buyback of the Company's own shares.

Objections to the above mentioned resolutions were raised by representatives of two shareholders.

#### 2.4 Appointment of Members of the Supervisory Board

On 29 June 2017, the Ordinary General Shareholders' Meeting of TOYA S.A. appointed members of the Supervisory Board for a new term, comprising of:

- 1. Dariusz Górka;
- 2. Michał Kobus;
- 3. Tomasz Koprowski;
- 4. Grzegorz Maciąg;
- 5. Piotr Mondalski;
- 6. Wojciech Bartłomiej Papierak;
- 7. Jan Szmidt.

#### 2.5 Appointment of Management Board for a new term

On 7 July 2017 the Supervisory Board of TOYA S.A. appointed Members of Management Board for a new term, comprising of:

- 1. Grzegorz Pinkosz President of the Management Board;
- 2. Maciej Lubnauer Vice-President of the Management Board.

#### 2.6 Purchasing own shares for remission

On 29 June 2017, the General Shareholders' Meeting of Toya S.A. adopted a resolution to grant authorization to Toya S.A.'s Management Board for purchasing own shares for remission, on the conditions and rules described below:

- 1) the maximal amount of purchased Shares shall not exceed 3,288,615;
- 2) the total face value of purchased own shares at the moment of their purchase and in the possession of the Company and its subsidiaries at a given moment shall not exceed 20% of the Company's share capital, including the face value of own shares in the possession of the Company and its subsidiaries;
- 3) the purchased Shares shall be fully covered;
- 4) the amount of minimal payment for one Share shall be between PLN 8.90 and PLN 9.00 per share;
- 5) the total payment for Shares, increased by costs of purchasing, shall not be bigger than the amount of reserve capital created under the resolution regarding the creation of reserve capital for the purchase of own shares of the TOYA S.A.;
- 6) the purchase of Shares shall be executed by way of announcing the share buyback offer, where the acquisition of own shares will occur in such a way that will provide equal treatment of all of the Company's shareholders;
- 7) the Management Board shall be authorised to purchase Shares until financial resources in the reserve capital created for this purpose are exhausted, but no later than by 30 September 2017;
- 8) the beginning and end of the purchase of Shares shall require separate resolutions of the Management Board; The Management Board will make available for the public the detailed information regarding the purchase of Shares, including the date of beginning and end of the purchase of Shares;

9) the Shares purchased by the Company shall be remitted on the basis of a separate resolution of the General Shareholders Meeting.

On 4 September 2017, Management Board of TOYA S.A. announced "The Offer for purchase of shares of TOYA SA". As a result of share purchase offering, between 11 and 22 September 2017, the Company purchased 3,288,615 of own shares at the price of PLN 8.95 per share. The purchase of the above mentioned shares was performed outside of a the regulated market, through a brokerage house - Dom Maklerski mBank, with its registered offices in Warsaw, and was completed on 27 September 2017. The transaction was conducted in accordance with the provisions of resolution authorizing TOYA S.A. to acquire own shares for remission. Total nominal value of shares purchased amounted to PLN 328,861.50 and represents 4.2% of total share capital and gives 3,288,615 votes on the General Shareholders' Meeting of the Company. The average rate of reduction was in compliance with terms of the Offer and amounted to 92.78%.

Before completion of the transaction mentioned above, the Company did not held any own shares. Upon completion of the purchase, the Company held 3,288,615 own shares, which represent 4.2% of share capital and give 3,288,615 votes on the General Shareholders' Meeting of the Company. The voting rights from own shares are not exercised on the General Shareholders' Meetings.

#### 2.7 Conclusion of a significant agreement

On 19 September 2017 TOYA S.A. has entered into a Credit Facility Agreement in current account No. K00856/17 with Bank Zachodni WBK S.A. with its registered office in Wrocław in the amount of PLN 25,000,000 with the repayment date until 18 September 2018. The agreement will be launched after the obligation is extinguished in accordance with the Multi-Purpose Credit Facility Agreement No. WAR/4060/12/102/CB with BGŻ BNP Paribas S.A. with its registered office in Warsaw, in the amount of PLN 30,000,000 with maturity date of 19 September 2017, and after successful establishment of collateral. Mortgage security is a mortgage on real estate in Wrocław at Soltysowicka 39 with the transfer of rights under the property insurance policy, registered pledge on stocks located in the warehouse in Młochów at Al. Kasztanowa 160 with the transfer of rights from movables under the insurance policy mentioned above and transfer of trade receivables from the sale of goods from domestic customers.

The terms of the agreement do not differ from those commonly used for this type of contract.

#### 2.8 Disputes

#### 2.8.1 Claim for annulment of General Shareholders' Meeting resolutions of 23 June 2016

On 13 January 2017 the Shareholder, Jan Szmidt, informed the Company about withdrawing and waving of a claim submitted on 21 July 2016 in the District Court in Wrocław, Commercial Division X, for annulment of the resolutions:

- 1. Resolution No. 18 of the Ordinary General Shareholders' Meeting of TOYA S.A. with its registered office in Wrocław dated 23 June 2016 on the use of funds from the supplementary capital,
- Resolution No. 22 of the Ordinary General Shareholders' Meeting of TOYA S.A. with its registered office in Wrocław dated 23 June 2016 concerning the distribution of profit for the financial year of 2015,

with a proposal for a possible repeal in the event of not annulment of the above mentioned resolutions.

On 6 February 2017 the Company has been informed that the resolution confirming the discontinuance of the proceedings, dated 13 January 2017, has been delivered to the above mentioned Shareholder by District Court in Wrocław, Commercial Division X. On 24 March 2017 the Company has been informed by the Proxy that the decision dated 13 January 2017 confirming the discontinuance of the proceeding has been delivered to the

above mentioned Proxy on 26 January 2017 by District Court in Wrocław, Commercial Division X. On 18 April 2017, the District Court in Wrocław, Commercial Division X, ascertained the force of law of the decision.

### 2.8.2 Claim for annulment of Extraordinary General Shareholders' Meeting resolution of 12 January 2017

On 14 February 2017 the Shareholder Tomasz Koprowski informed the Company about the submission on 13 February 2017 in the District Court in Wrocław, Commercial Division X a claim for annulment of the resolution referred to in point 2.1. On 10 October 2017 the Company received information from its proxy that a letter withdrawing the above mentioned claim from Shareholder Tomasz Koprowski, dated 9 October 2017, has been received from District Court in Wrocław, Commercial Division X.

The decision to terminate the proceedings has been announced by District Court in Wrocław, Commercial Division X, on 10 October 2017.

#### 3. ORGANISATIONAL AND EQUITY LINKS WITH OTHER ENTITIES

#### 3.1 Equity links

The organisational structure of the Capital Group was described in item 1.2. Apart from that, there are no other equity links between companies from Toya S.A. Group and other entities.

#### 3.2 Other significant links

As at the date of publication of the report on operations, the Parent Company had personal links with the following entities (this summary includes entities with whom the Parent Company has concluded transactions in 2017):

• Toya Development Sp. z o.o. S.K. in liquidation – entity related through key management personnel of the Company.

#### 4. MAJOR R&D ACHIEVEMENTS

The Group offers a wide portfolio of products and considers development and further improvement of its products as one of the key elements in building its competitive advantage on the market. Development activities are mainly focused on the analysis of the design trends on the market, analysis of potential of the brand's design as well as conceptual and design works for selected product groups and have been carried out for several years by the Product Development Centre — organisational unit of the Parent Company, in cooperation with subsidiaries.. R&D activities are financed from the Parent Company's own funds.

#### 5. FACTORS AND EVENTS AFFECTING FINANCIAL RESULTS

#### 5.1 Basic economic and financial values; factors and events affecting the Group's operations in 2017.

#### Revenue and profitability of TOYA S.A. GROUP (PLN '000).

	For 12 mg	For 12 months ended 31 Decembe	
	2017	2016	
Sales revenue	347,541	310,158	
Gross sales profit	124,356	107,304	
Operating profit	50,804	41,246	
Profit before tax	50,396	40,802	
Net profit from continuing operations	40,306	32,855	

In 2017, sales revenue amounted to PLN 347,541 thousand and exceeded the level of revenue achieved in 2016 by PLN 37,383 thousand, i.e. by 12%. An increase in gross profit on sales by PLN 17,052 thousand in 2017 as compared to 2016 resulted mainly from higher sales volume at the Parent Company.

Net profit in 2017 amounted to PLN 40,306 thousand and was by PLN 7,451 thousand, i.e. 22.7%, higher than in 2016. The operating profit in 2017 in the amount of PLN 50,804 thousand was higher than that achieved in 2016 by 23.2%. This resulted mainly from higher sales volume.

In order to raise the necessary working capital, the Group uses mainly short-term bank loans. Given the significant impact of financial costs associated with these loans on the financial result, the Group negotiates the terms of loan agreements on a yearly basis, so as to maximally reduce the corresponding costs.

#### **Profitability ratios**

	For the period er 2017	ided 31 December 2016
	2017	2016
Sales profit margin	35.8%	34.6%
Operating profit margin	14.6%	13.3%
Pre-tax profit margin	14.5%	13.2%
Net profit margin	11.6%	10.6%

#### Key:

Sales profit margin – the ratio of gross profit to sales revenue

Operating profit margin – the ratio of operating profit to sales revenue

Pre-tax profit margin — the ratio of pre-tax profit to sales revenue

Net profit margin — the ratio of net profit to sales revenue

Net profit margin reached a very good level of 11.6% in 2017.

For TOYA S.A. Group, the sales profit margin is the key indicator of the Group's market competitiveness, which has decisive impact on its financial position. Analysis of this ratio for 2017 shows that the sales profit in this period increased by 1.2 percentage points as compared to 2016.

Profit margins at the level of the operating profit, pre-tax profit and net profit slightly increased in 2017 as compared to the previous year.

#### Cash flows of the Group (PLN '000)

	For 12 months ended 31 December	
	2017	2016
Cash flows from operating activities	38,232	11,491
Cash flows from investment activities	(3,496)	(2,820)
Cash flows from financial activities	(32,566)	(4,755)
Net change in cash	2,170	3,916
Cash and cash equivalents at the beginning of the period	7,420	3,431
Cash and cash equivalents at the end of the period	8,907	7,420

In 2017, the Group disclosed positive operating cash flows, which amounted to PLN 38,232 thousand. Due to the increased volume of orders and with a simultaneous rise in sales, the Group increased its inventories by PLN 20,611 thousand. Trade and other receivables increased by PLN 4,555 thousand.

In 2017, the Group did not undertake any significant investment activities. Cash outflows during that period were mainly connected with the purchase of exhibition shelves, investments in IT systems and equipment.

In 2017, the Group generated negative cash flows from financial activity in the amount of PLN 32,566 thousand. The main reason for negative cash flows was the buyback of own shares performed by the Parent Company for the amount of PLN 29,433 thousand and transaction costs associated with the buyback in the amount of PLN 139 thousand. In addition, the group has limited its credit exposure by the amount of PLN 2,270 thousand in comparison with 2016.

The liquidity of TOYA S.A. Capital Group during the analysed period remained at the right level. The Group's net working capital was positive, covering the demand arising from the volume of sales revenue. The ability to cover short-term liabilities was correct.

#### Liquidity ratios

	31.12.2017	31.12.2016
Current ratio	2.71	3.10
Quick ratio	0.84	1.00

Key:

Current ratio – the ratio of current assets to short-term liabilities

Quick ratio – the ratio of current assets less inventories to short-term liabilities

The value of the current ratio decreased to 2.71 as at 31 December 2017 in relation to 3.1 as at 31 December 2016. A lower level of the current ratio indicates a higher growth rate of liabilities in relation to the growth rate of the working capital. The value of the quick ratio decreased to 0.84 as at 31 December 2017 in relation to 1.0 as at 31 December 2016. It is notable that this ratio has still reached a very good level.

#### 5.2 The structure of assets and liabilities

#### The structure of assets of TOYA S.A. Capital Group (PLN '000)

	31.12.2017	31.12.2016
Non-current assets	27,729	26,663
Intangible assets	2,683	2,637
Property, plant and equipment	21,798	21,021
Current assets	236,253	209,600
Inventory	162,882	142,271
Trade and other receivables	64,464	59,909

#### % asset structure of TOYA S.A. Capital Group

	31.12.2017	31.12.2016
Non-current assets / Assets	11%	11%
Intangible assets / Assets	1%	1%
Property, plant and equipment / Assets	8%	9%
Current assets / Assets	89%	89%
Inventory / Assets	62%	60%
Trade and other receivables / Assets	24%	25%

#### The structure of equity and liabilities of TOYA S.A. Capital Group (PLN '000)

	31.12.2017	31.12.2016
Equity per shareholders of the Parent Company	175,330	168,136
Trade and other payables	47,646	29,429
Short-term liabilities	87,233	67,573
Long-term liabilities	1,419	554

#### % equity and liability structure of TOYA S.A. Capital Group

	31.12.2017	31.12.2016
Equity per shareholders of the parent company / Equity and liabilities	66%	71%
Short-term liabilities / Equity and liabilities	33%	29%
Long-term liabilities / Equity and liabilities	1%	0%
Short-term liabilities / Liabilities	98%	99%
Long-term liabilities / Liabilities	2%	1%

#### Ratios of return on equity, assets and current assets

	For 12 months end	For 12 months ended 31 December		
	2017	2016		
Return on assets (ROA)	15%	14%		
Return on equity (ROE)	23%	20%		
Return on current assets	17%	16%		

#### Key:

Return on assets (ROA) – the ratio of net profit to total assets as at the end of the period Equity ratio (ROE) – the ratio of net profit to equity as at the end of the period Return on current assets – the ratio of net profit to current assets as at the end of the period

As at 31 December 2017, the Group's property, plant and equipment constitute 8% of total assets used in the Group's operations. Property, plant and equipment comprise primarily land, buildings and structures necessary for the Parent Company's commercial activity.

The structure of current assets used in the operations of TOYA S.A. Capital Group, which as at 31 December 2017 constitute 89% of total assets, includes primarily inventories and trade and other receivables, which is typical to the business activity conducted by TOYA S.A. and its Capital Group. Both these items constitute in total 96% of current assets as at 31 December 2017.

TOYA S.A. Capital Group conducts efficient warehouse management by adjusting the stock levels to the customers' demand. In 2017, the Group increased its inventories by 14.5% as compared to the end of 2016.

#### **Equity structure and debt ratios**

	31.12.2017	31.12.2016
Total debt ratio	34%	29%
Equity debt ratio	51%	41%
Long-term debt ratio	1%	0%
Short-term debt ratio	33%	29%
The ratio of coverage of non-current assets with equity and long-term liabilities	636%	633%

#### Key:

Total debt ratio - the ratio of long- and short-term liabilities to total equity and liabilities

Equity debt ratio - the ratio of long- and short-term liabilities to equity

Long-term debt ratio – the ratio of long-term liabilities to total equity and liabilities

Short-term debt ratio – the ratio of short-term liabilities to total equity and liabilities

The ratio of coverage of non-current assets with equity and long-term liabilities – the ratio of total equity and long-term liabilities to non-current assets

As at 31 December 2017, the main item in the Group's equity was retained earnings totalling PLN 168,499 thousand. The Group's share capital as at 31 December 2017 amounted to PLN 7,833 thousand. The Parent Company has also held own share with the total value of PLN 29,433 thousand, reported as negative value in equity.

The main sources of financing operating activities, in particular current assets, include equity and short-term financing – primarily from bank loans. As at 31 December 2017, the Group financed 66% of its operations from equity. As at this date, the Group's short-term liabilities due to loans, borrowings and other debt instruments amounted to PLN 28,489 thousand. The long-term debt ratio as at 31 December 2017 amounted to 1%.

#### **Group management effectiveness ratios**

	For 12 months ended	For 12 months ended 31 December		
	2017	2016		
Inventories turnover period (days)	169	165		
Receivables inflow period (days)	67	70		
Liabilities repayment period (days)	49	34		

#### Key:

Inventories turnover period (days) – the ratio of inventories as at the end of the period, multiplied by 360 days, to revenue from sales

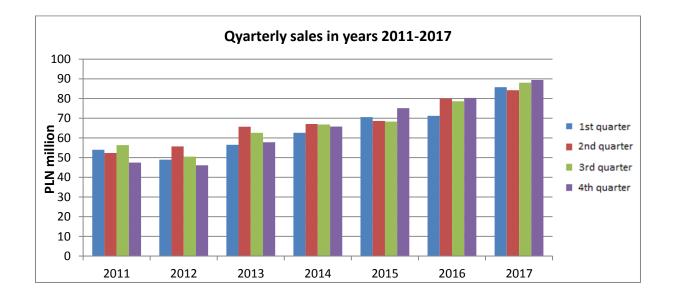

Receivables inflow period (days) – the ratio of short-term trade and other receivables as at the end of the period, multiplied by 360 days, to revenue from sales

Liabilities repayment period (days) – the ratio of trade and other liabilities as at the end of the period, multiplied by 360 days, to revenue from sales

In 2017, the liabilities repayment period was shorter than the receivables inflow period. This means that the credit terms the Group extended to its customers were longer than those received from its suppliers. It implies higher demand for financing of working capital, which is typical of the industry in which the Group conducts its commercial activity. In 2017, the inventories turnover period was increased to 169 days in order to improve availability of goods to customers.

#### **SEASONALITY**

The main reasons for seasonality in sales are climate factors (lower demand in Europe for the Group's goods in winter), lower likelihood for European customers to stock up on the goods at the end of the year due to the obligatory inventory counts as well as lower activity in industries making use of hand and power tools. The Capital Group counters seasonality mainly by expanding its product range. The increasing share of sales generated by the Chinese company contributes significantly to the reduction of seasonality in the Group. A lower level of sales and net profit was recorded usually in the fourth quarter of the year, as compared with the remaining quarters, but in recent years, as a result of measures taken by the Management Board of the Parent Company, sales in the fourth quarter reached the highest level.

## 5.3 External and internal factors crucial for the Group's development and analysis of the Group's development perspectives in 2018, taking into account the Group's market strategy components

#### Macroeconomic situation

The Group is present in the markets in different parts of the world, although most of its customers operate in Poland. Because of the link between the Polish economy with the global economy system and because of the extensive activities carried out outside the local market, the global economic situation has an impact on the volume of sales to the Group's customers. The destabilisation of the political situation in some of the local regions may temporarily reduce the Group's expansion in foreign markets and force it to look for new customers.

European markets constitute one of the largest areas of the TOYA Group operations, therefore internal problems of the European Union could have a significant adverse effect on economy. This could further result in a reduced purchasing power of the European societies and creation of trade barriers, which could be additionally deepened by the devaluation of local currencies in relation to the most important global currencies. However the impact of these factors is difficult to estimate, as future economic and regulatory situation may differ from the Management Board's expectations. The Group's management is carefully monitoring the developments and adjusts its strategic assumptions to minimise the threats.

The situation on the Asian market associated with the current GDP growth of local countries also affects the financial standing of the entire Group due to the fact that the Group buys goods mainly from manufacturers operating in this region. This is related to the prices of purchased goods, terms of trade, the terms of order, as well as the logistics system between Asia and Europe.

The Group's Parent Company is a Polish entity, and most of its business activities are conducted in Poland. Therefore, the government's economic policies, the Polish tax system, unemployment rate and the decisions taken by the National Bank of Poland and the Monetary Policy Council are additional factors affecting the development of the entire Capital Group.

#### Competition

The Polish market for distribution of industrial goods, which is the Group's main field of operation, is relatively highly dispersed in spite of the presence of several market leaders. Entities currently competing with the Group continue to take actions to intensify their development through aggressive pricing policy aimed at current, target or potential customers. Such actions may have a negative impact on the Group's financial standing, because further expansion of the market may be slowed down, become difficult or even impossible. The Group shall be monitoring the market and its environment, taking various measures in order to maintain and develop competitive advantage.

#### **Changes in FX markets**

The Group's strict link with foreign suppliers and settlements made primarily in USD make the Group's financial results sensitive to changes in FX rates. The Group carefully monitors the currency situation in global markets and the trends occurring therein, and updates the prices of its goods on a periodical basis. Therefore, the margins can be subject to periodical fluctuations.

It should, however, be stressed that due to the fact that a substantial part of the Group's sales revenue is earned through the export channel based on prices set in foreign currencies, the Group is, to a certain extent, secured against sudden movements in exchange rates. However, this security is not complete and not sufficient, as a result of which FX fluctuations may have negative impact on the Company's financial performance.

#### Interest rate movements

The Group makes use of external capital funding. An increase in interest rates on the financial market could have negative influence on the servicing costs of funding and could decrease the Group's profitability since the Parent Company enters into loan agreements with floating interest rates in PLN.

To minimise this risk, the Parent Company runs simulations of various scenarios in order to choose the optimal funding sources, taking into consideration refinancing, roll-over of the existing positions, alternative financing and mid-term tendencies on the debt market.

#### Interpretation and application of legal regulations

Changes in legislation and diverse interpretations of the law impede the Group's operations. Changes in legislation, in particular in tax, customs, labour and social insurance law and introduction of new burdens, may have negative consequences for the Company's activity. Frequent changes in the interpretation of the tax law and lack of uniform practices of fiscal authorities and courts in the application of tax legislation, are particularly burdensome. This may involve the risk of third-party claims and proceedings of various state authorities. Moreover, because of their complexity and inconsistent taxation practices, interpretations are often the subject of disputes with tax authorities. The Parent Company exercises due care to ensure that these transactions are compliant with legislation – in particular with the tax law. In spite of that, the risk of third-party claims, possible disputes with tax authorities or proceedings of various state authorities cannot be ruled out. Such claims, disputes or proceedings, as well as cases when fiscal authorities or courts and the Parent Company adopt different interpretations of tax regulations and different tax qualification of events and transactions in which the Parent Company participated, may have adverse impact on the Group's financial performance.

However, it should be noted that the Group takes measures to mitigate the effects of changes in law. The Parent Company uses external services of renowned law and tax firms, which facilitate its current operations.

#### The Group's development prospects for 2018

The Group has been performing development activities aimed at strengthening the market position, searching for new attractive possibilities for expansion, through expanding the product offer and acquiring new customers. The most important actions are as follows:

#### • Developing the export channel

The Group attaches great importance to development of export markets and it benefits from the good economic performance on the local markets, which results in a continuous sales increase in the export channel. The largest geographic market are still Baltic countries, Russia and Ukraine, which accounted for one third of export sales of the Group. The Group will continue its efforts to strengthen its positions on these markets in the upcoming quarters.

The Group will also continue expanding sales on other markets, including other European as well as non-European countries. Special attention will be paid to Central Europe area, as well as Arabic countries, which are currently supplied by the subsidiary, Yato Tools.

#### • Effective products management

Effective management of the Company's brands, products and supply chain (in the broad sense) is one of the most important elements of building the competitive advantage on the market. Key elements of this strategy include systematic growth of share of YATO in the Group's products portfolio, expanding the product range by adding few hundreds of new products every year, as well as expanding and updating the existing product lines. These activities are aimed at adapting to increasing expectations of even the most demanding customers from various markets, offering products manufactured according to the latest technology and with modern design. These efforts will be carried on in the coming quarters.

#### Developing the capital group

The Capital Group is subject to continuous developments. Very positive results achieved by the subsidiaries in 2017 prove not only that the support mechanisms implemented to date brings the expected results, but also that having the appropriate organizational and financial support enables the subsidiaries to continue further intensive development.

After increasing the storage capacity (which involved changing the seat of the company) and hence the scale of operations, Yato Tools (the Chinese subsidiary) is currently upgrading its IT system to improve its functionality and reliability. This in turn will enable the company to exchange data with the servers of the Parent Company, which will result in more efficient exchange of information within the Group, enable automation of selected operational process and will increase level of clients' satisfaction from the Group's offer.

Toya Romania, subsidiary operating on the Romanian market, continues its efforts to increase its share on the local market through ensuring high quality of the offered products and services as well as providing comprehensive offer suited to local customers' requirements. These efforts will continue in the upcoming quarters.

#### • <u>Capital investments</u>

The Group is still monitoring the market in search for an attractive acquisition target, and if a project which gives the Group added value appears, the Group will pursue it.

## 6. DIFFERENCES BETWEEN THE FINANCIAL RESULTS INDICATED IN THE ANNUAL REPORT AND EARLIER FORECASTS

The Parent Company's Management Board did not publish forecasts of the Group's performance for 2017.

#### 7. MAIN RISKS AND HAZARDS

#### 7.1 Financial risks

The main financial risks include:

- foreign exchange risk,
- interest rate risk,
- liquidity risk.

The aforementioned financial risks and risk management are discussed in item 8.

#### 7.2 Non-financial risks

The main non-financial risks include:

- the risk of changes in the macroeconomic situation, especially changes in the GDP growth rate, inflation level, the situation in industrial, automotive, household and gardening, infrastructural and housing construction, construction and assembly segments, the level of investments in enterprises, interest rate policy, budget standing or the society's income situation,
- competition risk,
- risk associated with changes in legislation and taxation.

The above risks have been described in item 5.3.

#### 8. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

#### 8.1 Financial instruments in the scope of the risk of price change, credit and liquidity risks

The purchase prices of goods sold by the Group fluctuate, in particular due to changing manufacturing costs of purchased goods (incl. prices of raw materials) borne by their manufacturers (the Group's suppliers). Moreover, the purchase price of goods depends on the exchange rate of USD to PLN and CNY to PLN. The above factors affect the level of applied margins. To minimise the negative impact that fluctuations in goods

purchase prices have on the financial result, the Group negotiates contracts with relatively high values and chooses manufacturers offering competitive prices and trade conditions. The Group does not use financial instruments to hedge against the risk of changes in goods purchase prices as a result of FX rate fluctuations.

The customer credit risk is not material due to high dispersion of customers. To reduce the risk of overdue receivables from customers, the Group periodically examines their creditworthiness and systematically monitors (internally and externally) due balances. Credit limits for individual counterparties are set by the Management Board. Customers systematically exceeding payment dates are subject to an appropriate debt collection procedure and have a limited possibility of purchasing goods from the Group. To minimise the risk, the Parent Company also concludes agreements to insure its receivables with one of the leading financial institutions.

Due to the specific nature of its operations, the Group requires working capital to secure settlements with suppliers before receiving payments from customers of goods in exchange for advantageous purchase conditions. The necessary capital is provided, among others, by concluding short-term loan agreements for the financing of current assets. In order to diversify its lenders, the Parent Company uses services of several banks which have high credibility ratings. Interest rate on loans is based on WIBOR rate. The Group does not employ instruments to hedge against the risk of movements in interest rates.

The Parent Company has good relationships with banks and has had no problems renewing its loans thus far. Therefore, the Parent Company's Management Board believes that the risk resulting from short term debt is not significant.

In the view of the Parent Company's Management Board, the Group's liquidity is secured for the foreseeable future. The Group follows a rigorous liquidity risk management policy, which focuses on maintaining an adequate level of cash and securing the ability to use the credit facilities. The Parent Company monitors the level of short-term liabilities and current assets, as well as current cash flows of the Company and the Group.

#### 8.2 Objectives and methods of financial risk management

Due to the strong link with the foreign suppliers, the Group is sensitive to changes in FX rates and hence requires increased expenditure on purchase of goods abroad. On the other hand, a part of the Group's sales revenue comes from export activity based on prices set in foreign currencies, as a result of which the Group is partly subject to natural hedging. There is a risk, however, that future FX fluctuations may have a temporary negative effect on the Group's financial performance.

#### 9. ASSESSMENT OF FINANCIAL RESOURCES MANAGEMENT AND THE ABILITY TO COVER LIABILITIES

33% of the Group's activity is financed from external capital. Loan agreements require the Parent Company to maintain its capitalisation ratios at an agreed level throughout the lending period. If this requirement is not met, the bank has the right to terminate the agreements.

The Parent Company enjoys very good relationships with banks and financial institutions and so far it has had no problems renewing its loans on advantageous terms. The Group continues dynamic development of its activity, maintains a high level of liquidity and pursues a conservative debt policy. That is why the Management Board considers the Company's ability to cover liabilities to be high.

At the moment, there are no events which may, according to the Management Board, have a negative effect on the Group's ability to cover its liabilities.

#### 10. ASSESSMENT OF THE ABILITY TO CARRY OUT INVESTMENT OBJECTIVES

In the opinion of the Parent Company's Management Board, there are no threats to implementation of investment objectives. The activities planned for 2018 have been described in item 5.3. Apart from funds generated by operations, the Group has secured its external funding in the form of credit limits, pursuant to the agreements discussed in item 16.

#### 11. MAIN COMMODITY GROUPS

#### 11.1 Commodity groups

The Company offers a wide range of goods sold under its own brands:

- YATO (professional hand tools, gardening tools),
- POWER UP, STHOR, LUND (power tools),
- VOREL (hand workshop and construction tools),
- FLO (hand and fuel-powered gardening tools, gardening power tools),
- FALA (bathroom furnishings).

TOYA S.A. is also the general distributor of the Italian brand GAV (pneumatic tools).

The Group's most recognisable and leading brand, which also generates the highest sales growth, is YATO. Since 2012, YATO has had the largest share in the Group's sales. It offers a wide range of professional hand and pneumatic tools intended for work in industrial and servicing conditions. YATO's products include both general-purpose and specialist tools.

The YATO brand sells primarily workshop, construction and gardening tools, such as spanners, sockets, impact sockets, torque wrenches and torque multipliers, screwdrivers and screwdriver bits, pliers and pipe wrenches, electrician tools, hammers, chisels, punches and axes, clamps, vices and supports, cutting and forming tools, hydraulic tools, fastening tools, construction tools, measuring tools, pneumatic tools, special automotive tools and equipment. In 2015, the YATO brand was expanded with the line of power tools that combines excellent technical parameters with product quality. The products were selected taking into account their use in modern construction and automotive industry, as well as market trends in the supported sales channels. The broad selection of products includes tools dedicated to installers from the electrical, hydraulic and HVAC industries, as well as professional car workshops that are traditionally related to the YATO brand. In 2017, the offer was further extended by products for gastronomy – pots, pans, jugs, containers and utensils, but also by specialized equipment for mechanical food processing (slicers, mixers, mincers), thermal processing (grills, cookers, burners) and large appliances such as refrigerated display cabinets and tables, dedicated for professional use.

YATO products are made from high-quality steel alloys, using modern technologies of thermal and chemical treatment. YATO products combine innovative designs with ergonomics. The Company continuously improves the quality of its products and expands their range, launching several hundred new products each year. As a result, YATO enjoys good reputation in the market, both in terms of quality and offered prices.

Revenue from sales of YATO branded products accounted for 64% of the Group's revenue in 2017 (59% in 2016).

**VOREL** is the brand which used to have the highest share in the sales of the Group's products for approx. **10** years. This brand's product range includes hand workshop and construction tools intended primarily for DIY enthusiasts and households. VOREL's product range includes, among others, spanners, sockets, accessories and sets, screwdrivers and screwdriver bits, pliers and pipe wrenches, electrician tools, hammers, chisels, punches and axes, clamps and vices, cutting tools, hydraulic tools, fastening tools, construction tools, measuring tools, pneumatic tools, special automotive tools and equipment, power tools and accessories, welding equipment, safes, padlocks, locks, tool bags, boxes, trolleys, safety products, electric products, garden tools.

Revenue from sales of VOREL branded products accounted for 25% of the Group's revenue in 2017 (28% in 2016).

**FLO** is a brand which includes a wide range of garden hand, electric and gasoline tools. Products offered under this brand are nearly all the tools required for gardening works, such as garden hand tools, electric garden tools, gasoline garden tools, gasoline and electric garden accessories as well as other garden accessories.

Revenue from sales of FLO branded products accounted for 3% of the Group's revenue in 2017 (4% in 2016).

The product range of POWER UP brand covers power tools. Products under this brand are intended for workshops and demanding DIY enthusiasts. The range of POWER UP products includes, among others: impact drills, rotary hammers, cordless tools, grinders, polishers, jigsaws, circular saws, planers, decoration tools, soldering guns, mortar mixers, stationary power tools, water pumps and electric pressure washers.

Revenue from sales of POWER UP branded products accounted for 1% of the Group's revenue in 2017 (2% in 2016).

Under **FALA** brand, the Group also sells bathroom fittings. The product range covers basic types of items, such as: faucets, bathroom and shower sets, shower hoses, pop-up wasters, shower heads, shower rails, bathroom scales, toilet seats and baby toilet seats as well as bathroom accessories.

Revenue from sales of FALA branded products accounted for 1% of the Group's revenue in 2017 (1% in 2016).

**Under the brand STHOR**, the Group sells modern common use power tools. The brand's product range is addressed to DIY enthusiasts and households which do not use tools professionally. The tools offered include: impact drills, cordless tools, rotary hammers, grinders, jigsaws, circular saws, planers, soldering guns and decoration tools.

Revenue from sales of STHOR branded products accounted for 4% of the Group's revenue in 2017 (3% in 2016).

**LUND** is a brand established in mid-2010, under which the Group sells power tools. Its product offer includes a broad range of power tools useful in basic renovation, finishing and decoration works. LUND is a brand dedicated to DIY enthusiasts, for household and domestic workshop use. The product range of LUND includes: impact drills, cordless drills, angle grinders, multi-sanders, orbital sanders, polishers, jigsaws, circular saws, cutters, hot air guns and submersible pumps.

Revenue from sales of LUND branded products accounted for 1% of the Group's revenue in 2017 and 2016.

#### 11.2 Sales according to product groups

The most profitable brand is YATO. Every year, the Group records an increase in the sales volume of this brand in the domestic market. In 2012, for the first time, the Group achieved the highest revenue from sales of YATO.

Revenues from sales in the Capital Group's core business, broken down by brand and its profitability for each financial year, are shown in the following tables:

The structure and volume of sales revenue from core (trading) operations of the Capital Group, broken down by brand

2017 2016 Sales revenue in PLN '000 Share Share PLN '000 % PLN '000 % YATO 221,142 64% 184,358 59% VOREL 87,383 87,278 28% 25% FLO 11,521 12,697 4% 3% **STHOR** 13,465 4% 9,092 3% **POWER UP** 3,311 1% 4,752 2% FALA 3,141 1% 2,366 1% LUND 2,865 1% 3,392 1% 4,713 1% 6,223 2% other **TOTAL** 347,541 100% 310,158 100%

#### 12. MAIN SELLING MARKETS

#### 12.1 Sales structure

The main distribution channels of TOYA S.A. Capital Group include:

- a) local markets (Poland, Romania and China):
  - · wholesale market, i.e. distributors, wholesalers and stores
  - · retail networks and
  - the on-line store,
- b) export.

The largest portion of sales is generated by TOYA S.A. Capital Group through the wholesale distribution channel in Poland, Romania and China (47% share of the segment "Trading activity – the wholesale market" in sales revenue for 2017, profitability in 2017 amounted to 38%). The Group's distribution channel with the second highest share in sales is the segment "Trading activity – export". In 2017, its share in sales amounted to 32% with 35% profitability. Distribution through retail chains on local markets (Poland and Romania) has the lowest share in sales revenue, which in 2017 reached the level of 18% with 29% profitability.

Outside Poland, the goods are launched through the subsidiaries Toya Romania S.A., and YATO Tools, as well as authorised distributors and representatives. Such diversified sales network provides access to a broad market, professional service as well as optimised availability of the entire range of products sold by the Group.

Revenues of the Capital Group, broken down by distribution channels and their profitability, are shown in the tables below.

## The structure and volume of sales revenue of the Capital Group, broken down by segments which are distribution channels

Average	36%	35%	

#### Key:

Segment's sales profitability ratio – the ratio of segment's profit before tax to revenue from sales of good for certain segment (based on segment's financial information as disclosed in the financial statements)

Average – weighted average sales for all the segments

#### 12.1.1 Wholesale market - sales in Poland

TOYA S.A. has been present in Poland for more than 25 years. During this time, it has been systematically strengthening its market position. The highest sales in Poland take place through traditional distribution channels, i.e. through distributors, wholesalers and stores. In 2017, TOYA S.A. cooperated with multiple authorised distributors, and this network will be constantly developed. The Group also cooperates with a few dozen wholesale customers in all regions, meeting the rising demand for its products, in order to increase its margins and to promote its own brands. The Group employs several dozen sales representatives – assistants of partners on the wholesale market – and is planning further development of this distribution channel.

#### The structure and volume of the Company's sales revenue on wholesale market in Poland

Authorised distributors	89,524	78%	88,174	80%
	PLN '000	%	PLN '000	

#### 12.1.2 Retail networks - sales in Poland

Domestic sale to retail networks constitutes approx. 16.7% of the Group's sales revenue. TOYA S.A. cooperates with several large networks in Poland. The Parent Company sells industrial goods on the basis of its customers' orders for specific quantities of products to be delivered on specific dates. Upon acceptance, these orders give rise to typical contractual obligations. In this channel, the Company cooperates with customers with established market positions that are reliable and financially transparent and have a sound payment history.

#### 12.1.3 The Group's export sales and foreign activity

#### Export sales – TOYA S.A.

For many years, the Parent Company has operated in international markets, focusing primarily on Central, Southern and Eastern Europe – Romanian, Hungarian, Czech, German, Balkan and Russian, Ukrainian, Belarusian and Lithuanian markets.

The structure and volume of revenue from the Company's export sales, broken down by countries.

		for 12 months ended 31 December				
Sales revenue	20	17	2016			
	PLN '000	share	PLN '000	share

Other	17,883	17%	13,033	15%		
Total	88.804	100%	74.568	100%		

#### Toya Romania S.A.

Apart from the export sales described above, direct sales in Romania are carried out by the subsidiary established in 2003 – Toya Romania S.A. – whose business includes sales of hand and power tools in Romania. The product range, offered brands and distribution channels (other than export) are identical to those of the Polish company. Sales of Toya Romania are presented in the wholesalers and stores segment.

The development concept of Toya Romania S.A. assumes, among other things, further use of the synergy effect within the Group, in particular optimisation of goods purchase costs, based on common supply sources and logistics centres. Moreover, the Romanian company plans to strengthen its position on the local market through further expansion of the network of on-site representatives, whose main task is to win customers on the traditional market from among specialist retail stores and institutional customers. Marketing activities focus on increasing the share of the high-margin YATO brand in the revenue structure, which will considerably increase the company's profitability when using the shortened distribution channel.

#### The structure and volume of sales revenue of Toya Romania S.A., broken down by distribution channels

Sales revenue		for 12 months ended 31 December		
		2017		2016

Retail networks	5,141	14%	4,847	14%
Total	36,960	100%	33,953	100%

#### Yato Tools (Shanghai) Co., Ltd.

Yato Tools, with its registered office and logistics centre in Shanghai, has been operating from the second half of 2008 as a jointly-controlled entity, and since 2 January 2013 as a subsidiary under full consolidation method. During this time, the company's operations focused on development of the distribution network in individual provinces of the PRC, finding and training sales staff as well as preparing for expansion onto global markets. Recent years allowed for completion of the initial stage and development of a distribution network in the main provinces of the PRC as well as of a structure which enables consolidation and export of YATO products directly to customers/distributors in Southern and Eastern Asia, Africa, Australia and the Middle East. Yato Tools is also one of the main suppliers of goods for TOYA S.A. and TOYA Romania S.A.

So far, the distribution network in the Chinese market covers 31 out of 34 autonomic administrative units (23 provinces, 5 autonomic regions, 4 separated cities and 2 special regions), handled by one or more distributors depending on the local conditions, the population density and traditional forms of trade.

At present, the retail network of Yato Tools covers an area with total population of 1,350 million out of the total of 1.4 billion of the country's population. This means a considerable development potential for the retail network on the local market – not only through the already existent representatives, but also through the development of a network of distributors specialised in distribution of other products offered by the Company, including special automotive tools and gardening power tools and tools. In addition, Yato Tools is developing sales in the internet sales channel, not only through its own on-line store, but also through existing large specialised on-line stores.

Export activity of Yato Tools commenced in the second quarter of 2010 as the next step in the company's development. During this period, exclusive agreements were signed with distributors in the following countries: Algeria, Azerbaijan, Bangladesh, Chile, Georgia, Iraq, Israel, Kenya, Lebanon, Pakistan, Qatar, South Africa, Malaysia, Tanzania, Singapore, United Arab Emirates (due to the specific nature of this region, the agreement covers most countries in Central and Eastern Asia), the Caribbean Islands, Mauritius, Ukraine, Uruguay.

#### 12.1.4 On-line store - sales in Poland

The year 2017 marked a further dynamic growth of the on-line store <a href="www.toya24.pl">www.toya24.pl</a>, whose share in total sales reached 3%, which represents 50% increase compared to 2016, with the profitability of 49%.

The Group is planning dynamic development of this distribution channel in the upcoming periods.

#### 12.2 Suppliers

The network of suppliers the Group cooperates with is highly diversified. For many years, the Group has cooperated with more than 100 foreign and more than 70 domestic suppliers, which allowed it to establish durable business contacts. Such a broad range of suppliers ensures high independence and even enables strengthening of the Group's negotiating position. This position is additionally improved by the presence of the subsidiary Yato Tools, both thanks to higher confidence of Asian manufacturers in a local partner as well as larger volumes of orders. The Parent Company usually signs short-term agreements on delivery of specific products or places one-off orders for products, which ensures flexibility in negotiations and allows the Company to match the product offer to the changing customer expectations better.

#### 13. CONCLUDED AGREEMENTS IMPORTANT TO THE GROUP'S OPERATIONS

The criterion for recognising agreements as important adopted by the Parent Company is agreement value exceeding 10% of the Parent Company's equity.

According to this criterion, in 2017 the Parent Company concluded:

- Overdraft credit facility agreement No K00856/17 with Bank Zachodni WBK S.A. with its registered
  office in Wroclaw in the amount of PLN 25,000 thousand, with the repayment date until 18
  September 2018 (see point 16);
- annexes to agreements with banks which were presented in item 16.

The table below includes insurance policies of the Parent Company.

No	Insurance period	Insurer	Object of insurance	Total sum insured
1.	1 July 2017 – 30 June 2018	Generali T.U. S.A. with its registered office in Warsaw / Ergo HESTIA S.A. Branch in Wrocław, with its registered office in Sopot	Insurance against all risks of physical loss or damage of property / current assets	PLN 148 million
2.	18 August 2017 – 17 August 2018	ERGO HESTIA S.A. with its registered office in Sopot	Motor insurance of the vehicle fleet	The market value of the vehicles (according to Info Export) approx. PLN 4.5 million
3.	1 July 2017 – 30 June 2018	Generali T.U. S.A. with its registered office in Warsaw / Ergo HESTIA S.A. Branch in Wrocław, with its registered office in Sopot	Civil liability insurance due to owned property and conducted activity	PLN 2 million
4.	20 September 2017 – 19 September 2018	TUIR Allianz S.A. with its registered office in Warsaw	Civil liability insurance of members of companies' bodies	PLN 40 million
5.	1 August 2017 - 31 July 2018	TU Euler Hermes S.A. with its registered office in Warsaw	Insurance of the trade credit risk on certain agreements	a maximum of 60 times the contribution paid for a given insurance year
6.	1 March 2017 – 28 February 2018	AIG Europe Limited sp. z o.o. Branch in Poland with its registered office in Warsaw	Insurance of property in CARGO transport	Liability limit per 1 vehicle:  USD 350,000 (road and air transport)  USD 3,000,000 (maritime transport)
7.	1 January 2018 – 31 December 2018	ERGO HESTIA S.A. with its registered office in Sopot	Guarantee for the payment of customs fees	PLN 800 thousand

#### 14. THE ENTITY AUDITING THE FINANCIAL STATEMENTS

The entity authorised to audit and review individual and consolidated statements is PricewaterhouseCoopers Sp. z o.o. with its registered office in Warsaw, Ul. Lecha Kaczyńskiego 14, 00-638 Warsaw.

The agreement on audit and review was concluded on 4 May 2017, and it covers semi-annual review and annual review of the individual and consolidated financial statements for 2017.

Remuneration of the entity authorised to conduct the audit is presented below (in PLN '000)

	2017	2016
Audit of annual financial statements (individual and consolidated)	98	100
Review of semi-annual financial statements	48	50
Tax consulting (*)	-	21
Other services (*)	24	356
TOTAL	170	527

<sup>(\*)</sup> covers the services provided by PricewaterhouseCoopers Sp. z o.o. and other entities from PwC network

#### 15. RELATED PARTY TRANSACTIONS

Related party transactions are entered into on the arm's length basis in the course of the Group's day-to-day operations. These transactions have been presented in note 33 to the consolidated financial statements.

On 15 February 2017, the Company entered into an agreement with Mr. Jan Szmidt concerning the transfer from Mr. Jan Szmidt to the Company of the property rights to the works used by the Parent Company in the YATO, Vorel and FLO trademarks in accordance with the resolution No. 4/2017 of the Extraordinary General Meeting of Shareholders of the Company dated 12 January 2017 regarding granting of consent to the conclusion with Jan Szmidt of the agreement and the Supervisory Board resolution no 2/RN/2017 dated 13 February 2017 on granting of consent to the conclusion of the agreement as well as an agreement to transfer the right of protection. At the same time, pursuant to § 4 of the Agreement, on 15 February 2017 the Company entered into an agreement with Mr. Jan Szmidt on the transfer of protection rights to the trademark registered in the European Union Intellectual Property Office under the number 015230006, after obtaining the prior approval of the Supervisory Board on 13 February 2017, expressed in Resolution No 2/RN/2017.

The agreement is an important agreement because it governs the use of copyright in accordance with the principles established by the parties to the Agreement and comprehensively organizes the copyright of the property rights to the works indicated in it. The terms of the agreement for the transfer of protection rights to a trademark registered in the European Union Intellectual Property Office under no. 015230006 do not entail financial obligations for any of the parties to the contract, provide no contractual penalties, and do not depart from the terms commonly used for such contracts.

In 2017 the Parent Company did not conclude any transactions with related entities which were atypical or divergent from the arm's length basis, whose character and terms did not follow from the current operations and whose value exceeded the PLN equivalent of EUR 500 thousand.

#### 16. LOANS AND BORROWINGS

The list of bank loans has been presented in a table on the subsequent page.

**TOYA S.A. CAPITAL GROUP**Directors' report on the operations of TOYA S.A. Capital Group for 12 months ended 31 December 2017

– long-term portion		-	-	-			

#### 17. EXTENDED LOANS AND BORROWINGS

In 2017, the Group did not extend any borrowings or loans.

#### 18. GUARANTEES AND SURETIES GRANTED. CONTINGENT LIABILITIES AND ASSETS.

As at 31 December 2017, the Group had the following guarantees:

No	Counterparty	Type of guarantee	Subject matter and value	Date of expiry
1	Bank Handlowy w Warszawie S.A.	Guarantee of payment for the lease of warehouses in Nadarzyn	Bank guarantee in the amount of EUR 190,466	28 February 2018 (*)

<sup>(\*)</sup> after the end of the financial year, the guarantee was extended until 28 February 2019, for the amount of EUR 195,503.

On 29 November 2012, the Parent Company and TOYA Development Sp. z o.o. Spółka Komandytowa in liquidation (hereinafter: Toya Development) concluded an agreement concerning a legal defect of the real property which was contributed in kind on 6 April 2011 pursuant to Resolution No 1 of the Extraordinary General Shareholders' Meeting of TOYA Development by TOYA S.A., which at that time was the company's general partner. The real property in question comprises land with the expenditure incurred thereon. The contributed real property had a legal defect, i.e. on 6 April 2011, TOYA S.A. was not its owner since, pursuant to a decision of the Head of Wisznia Mała Municipality of 7 May 2007, this plot of land became the property of Trzebnicki Poviat on 8 June 2007. TOYA S.A. is entitled to pursue claims against Trzebnicki Poviat due to expropriation of the abovementioned real property and the expenditure incurred thereon. Had the legal defect of the in-kind contribution not existed and had the transfer of ownership of the real property been effective, TOYA Development would be entitled to the claims of TOYA S.A. Thus, by way of compensation for the damage resulting from the property's legal defect, TOYA S.A. has undertaken to pay TOYA Development compensation equal to the compensation obtained from the Trzebnicki Poviat. The right to compensation will arise provided that TOYA S.A. receives compensation from the Trzebnicki Poviat and in the amount obtained from the Trzebnicki Poviat. As at 31 December 2015, the contingent liability includes compensation due to the incurred expenditure, whose revaluated value was estimated at net PLN 2.5 million. At the same time, as at 31 December 2015, the Parent Company had a contingent asset due to compensation for the incurred expenditure from the Trzebnicki Poviat in the same amount, i.e. approx. net of PLN 2.5 million.

On 24 January 2014, TOYA S.A. filed a lawsuit in the Regional Court in Wrocław against the Trzebnicki Poviat for the repayment of the disputed amount. In July 2015, the lawsuit was dismissed by the Court and in September 2015, the Company appealed against this decision. On 14 June 2016 the appeal was dismissed. The Court decision is final and legally valid, therefore as of 31 December 2016 the contingent liability for compensation due to the incurred expenditure and the contingent asset due to compensation for the incurred expenditure from the Trzebnicki Poviat in the same amount, have been terminated.

On 21 November 2017, TOYA S.A. received request from TOYA Development for payment of PLN 3,076 thousand (the "Request"), due to the legal defect of the real property which was contributed in kind to TOYA Development by TOYA S.A. on 6 April 2011, pursuant to Resolution No 1 of the Extraordinary General Shareholders' Meeting of TOYA Development. Based on legal opinions obtained, the Request has been considered as unfounded, due to the fact that the matter of compensation for damage resulting from the legal defect of the real property had already been regulated in the Agreement between the parties. As a result, in opinion of TOYA S.A., the Request received from TOYA Development has no valid factual and legal grounds. According to the Management Board of TOYA S.A., the probability that the payment will have to

be made is low, therefore no provision for that purpose has been recognised in the consolidated financial statements as at 31 December 2017.

#### 19. SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE

#### 19.1 Annex to a significant agreement

On 22 February 2018, TOYA S.A. and Raiffeisen Bank Polska S.A. with its registered office in Warsaw concluded Annex to the Debt Limit Facility Agreement No CRD/L/11381/02 of 2 October 2002.

Under the annex, the agreement has been prolonged until 8 March 2019 and the credit costs decreased compared to the previous conditions of the Agreement.

The remaining terms and conditions of the Agreement remained unchanged and do not differ from terms and conditions commonly applied in this type of agreements.

#### 19.2 Extraordinary General Shareholders' Meeting

On 27 February 2018, the Extraordinary General Shareholders' Meeting of TOYA S.A. adopted a resolution to cancel 3,288,615 shares of the Company, with a par value of PLN 0.10 each. These shares were purchased as a part of share purchase offering described in Note 16. The Extraordinary General Shareholders' Meeting adopted also a resolution to decrease the share capital from PLN 7,833,084.10 to PLN 7,504,222.60 and create separate reserve capital – "reserve capital from decrease of share capital", to which amount resulting from decrease of share capital of TOYA S.A. (PLN 328,861.50) will be transferred.

In connection with the completion of purchase of own shares of the Company, following the authorization granted to the Management Board of the Company through resolution No 19 of the Ordinary General Shareholders' Meeting dated 29 June 2017, the Extraordinary General Shareholders' Meeting decided that the remaining unused funds in the amount of PLN 25,847.97 recognized in reserve capital, referred to in § 1 of the resolution, will be transferred to supplementary capital of the Parent Company.

As of the date of publication of this report, the cancellation of shares has not yet been registered in the National Court Register.

#### 20. STATEMENT ON THE APPLICATION OF CORPORATE GOVERNANCE PRINCIPLES

## 20.1 Indication of the set of corporate governance rules governing the Parent Company and the place where the set is publicly available.

In accordance with § 91 section 5 point. 4) Regulation of the Minister of Finance dated 19 February 2009 on current and periodic information published by issuers of securities and conditions for recognizing as equivalent information required by laws of non-member state (Journal of Laws. Laws of 2014 item 133 as amended), the Management Board hereby presents its corporate governance statement for 2016.

From 1 January 2016, the Parent Company is subject to a set of principles of best practice companies listed on the WSE 2016 "(annex to resolution No. 26/1413/2015 of the Supervisory Board of the stock exchange in Warsaw of 13 October 2015). The text of the statement of principles is available to the public on the official website of the Warsaw Stock Exchange S. A. at: http://www.gpw.pl/dobre\_praktyki\_spolek\_regulacje.

## 20.2 An indication to the extent that the Parent Company departed from the provisions of the set of principles of corporate governance, with an indication of those provisions and the reasons for the withdrawal.

Pursuant to Article 29.3 of the Regulations of Warsaw Stock Exchange, the Management Board submitted a report on the Company' compliance with the corporate governance rules (contained in the document referred to above) in the EBI report No. 1/2016 dated 4 January 2016. According to the report, in 2017 the Company was compliant with:

- A. Detailed principles contained in Best Practice for WSE Listed Companies 2016, except for:
- 1. Detailed principle I.Z.1.3. A company should operate a corporate website and publish on it, in a legible form and in a separate section, in addition to information required under the legislation a chart showing the division of duties and responsibilities among members of the management board drawn up according to principle II.Z.1.

Explanation of the Company's departure from the application of the detailed principle I.Z.1.3.:

The Company has an internal organizational division among the members of its management board. At the same time, it does not see it necessary to publish a chart showing the division of duties and responsibilities among the members of its management board.

2. Detailed principle I.Z.1.7. - information materials published by the company concerning the company's strategy and its financial results.

Explanation of the Company's departure from the application of the detailed principle I.Z.1.7.:

The Company's strategy and its financial results are published in periodic reports. The Company does not see it necessary to publish any additional information.

3. Detailed principle I.Z.1.10. - A company should operate a corporate website and publish on it, in a legible form and in a separate section, in addition to information required under the legislation financial projections, if the company has decided to publish them, published at least in the last 5 years, including information about the degree of their implementation.

Explanation of the Company's departure from the application of the detailed principle I.Z.1.10.:

The Company does not publish financial projections due to the high volatility of the macroeconomic environment.

4. Detailed principle I.Z.1.17 - A company should operate a corporate website and publish on it, in a legible form and in a separate section, in addition to information required under the legislation justification of draft resolutions of the general meeting concerning issues and determinations which are relevant to or may give rise to doubts of shareholders, within a timeframe enabling participants of the general meeting to review them and pass the resolution with adequate understanding.

Explanation of the Company's departure from the application of the detailed principle I.Z.1.17.:

In the Company's opinion, the fact that it each time publishes draft resolutions before a general shareholders' meeting, together with additional, extensive documentation, in accordance with the generally applicable legal standards, directly following from the Commercial Companies Code of 15 September 2000 (i.e. Journal of Laws of 2013, item 1030, as amended), makes it possible for the shareholders to review relevant resolutions and pass them with adequate understanding. The Company declares that it is going to consider the application of the principle in the future if there is a significant change in the structure of shareholders.

5. Detailed principle I.Z.1.20 - A company should operate a corporate website and publish on it, in a legible form and in a separate section, in addition to information required under the legislation an audio or video recording of a general meeting.

Explanation of the Company's departure from the application of the detailed principle I.Z.1.20.:

On account of the structure of shareholders, at the moment, the Company does not see it necessary to make audio or video recordings of general meetings. The cost of introduction of the technology, recording of general meetings and publication of such broadcasts, the need to obtain comprehensive legal analyses of, among other things, the publication of the shareholders' image and statements, and the resulting organizational burden, all the more so warrant the non-introduction of these procedures at the Company. The Company will consider the adoption of the principle in question in the future.

6. Detailed principle II.Z.1. - The internal division of responsibilities for individual areas of the company's activity among management board members should be clear and transparent, and a chart describing that division should be available on the company's website.

Explanation of the Company's departure from the application of the detailed principle II.Z.1.:

The Company has an internal division of responsibilities for individual areas of the Company's activity among management board members, however, it does not see it necessary to publish the information in question on its website.

7. Detailed principle IV.Z.2. —If justified by the structure of shareholders, companies should ensure publicly available real-time broadcasts of general meetings.

Explanation of the Company's departure from the application of the detailed principle IV.Z.2.:

In the Company's opinion, the structure of shareholders does not justify the application of the principle in question. The adoption of this principle requires the Company to introduce several operating procedures. The cost of introduction of the technology, recording of general meetings and publication of such broadcasts, the need to obtain comprehensive legal analyses of, among other things, the publication of the shareholders' image and statements, and the resulting organizational burden, all the more so warrant the non-introduction of these procedures at the Company. If there is a fundamental change in the structure of shareholders, the Company will consider the adoption of the principle in question.

8. Detailed principle V.Z.6. - In its internal regulations, the company should define the criteria and circumstances under which a conflict of interest may arise in the company, as well as the rules of conduct where a conflict of interest has arisen or may arise. The company's internal regulations should among others provide for ways to prevent, identify and resolve conflicts of interest, as well as rules of excluding

members of the Management Board or the Supervisory Board from participation in reviewing matters subject to a conflict of interest which has arisen or may arise.

Explanation of the Company's departure from the application of the detailed principle V.Z.6.:

Due to the amendments to the reporting laws and regulations as brought about by the entry into force of: Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse and repealing Directive 2003/6/EC of the European Parliament and of the Council, and Commission Directives 2003/124/EC, 2003/125/EC and 2004/72/EC - the so called MAR, and Directive of the European Parliament and of the Council No 2014/57/EU of 16 April 2014 on criminal sanctions for market abuse - the so called MAD, the Company is working on the creation of internal regulations to address, among other things, the matters involved in the principle in question.

9. Detailed principle VI.Z.1. - Incentive schemes should be constructed in a way necessary among others to tie the level of remuneration of members of the company's management board and key managers to the actual long-term financial standing of the company and long-term shareholder value creation as well as the company's stability.

Explanation of the Company's departure from the application of the detailed principle VI.Z.1.:

Due to the discontinuation of the existing incentive scheme in 2015, the Company does not have an incentive scheme in place at the moment. Therefore, the principle is not applicable.

10. Detailed principle VI.Z.2. - To tie the remuneration of members of the management board and key managers to the company's long-term business and financial goals, the period between the allocation of options or other instruments linked to the company's shares under the incentive scheme and their exercisability should be no less than two years.

Explanation of the Company's departure from the application of the detailed principle VI.Z.2.:

Due to the discontinuation of the existing incentive scheme in 2015, the Company does not have an incentive scheme in place at the moment. Therefore, the principle is not applicable.

- 11. Detailed principle VI.Z.4. In this activity report, the company should report on the remuneration policy including at least the following:
  - 1) general information about the company's remuneration system;
  - 2) information about the conditions and amounts of remuneration of each management board member broken down by fixed and variable remuneration components, including the key parameters of setting the variable remuneration components and the terms of payment of severance allowances and other amounts due on termination of employment, contract or other similar legal relationship, separately for the company and each member of its group;
  - 3) information about non-financial remuneration components due to each management board member and key manager;
  - 4) significant amendments of the remuneration policy in the last financial year or information about their absence;
  - 5) assessment of the implementation of the remuneration policy in terms of achievement of its goals, in particular long-term shareholder value creation and the company's stability.

Explanation of the Company's departure from the application of the detailed principle VI.Z.4.:

The Company does not have an approved remuneration policy. The remuneration of members of the Management Board, its amount, are set by the Supervisory Board. At the same time, the Company

discloses the aggregate amount of remuneration, bonuses and benefits paid or payable to members of its governing and supervisory bodies in its activity report.

- B. Recommendations and principles contained in Best Practice for GPW Listed Companies 2016, except for:
- 1. Recommendation I.R.2. . Where a company pursues sponsorship, charity or other similar activities, it should publish information about the relevant policy in its annual activity report.

Explanation of the Company's departure from the application of the detailed principle I.R.2.:

The principle is not applicable to the company. In the Company's opinion, sponsorship, charity or other similar activities pursued by the Issuer are of marginal importance, therefore this recommendation is not applicable.

- 2. Recommendation IV.R.2. If justified by the structure of shareholders or expectations of shareholders notified to the company, and if the company is in a position to provide the technical infrastructure necessary for a general meeting to proceed efficiently using electronic communication means, the company should enable its shareholders to participate in a general meeting using such means, in particular through:
  - 1) real-life broadcast of the general meeting;
  - 2) real-time bilateral communication where shareholders may take the floor during a general meeting from a location other than the general meeting;
  - 3) exercise of the right to vote during a general meeting either in person or through a plenipotentiary

Explanation of the Company's departure from the application of the detailed principle IV.R.2.:

The principle is not applied. In the Company's opinion, the structure of shareholders does not justify the application of the recommendation in question. The adoption of this recommendation requires the Company to introduce several operating procedures. The cost of introduction of the technology, recording of general meetings and publication of such broadcasts, introduction of real-time bilateral communication, would result in the need to obtain comprehensive legal analyses of, among other things, the publication of the shareholders' image and statements, and the resulting organizational burden, which all the more so warrant the nonintroduction of these procedures at the Company. If there is a fundamental change in the structure of shareholders, the Company will consider the adoption of the recommendation in question.

3. Recommendation IV.R.3. Where securities issued by a company are traded in different countries (or in different markets) and in different legal systems, the company should strive to ensure that corporate events related to the acquisition of rights by shareholders take place on the same dates in all the countries where such securities are traded.

Explanation of the Company's departure from the application of the detailed principle IV.R.3.:

The principle is not applicable to the Company. Securities issued by the Company are only traded on the Polish market, therefore, the recommendation in question is not applicable.

4. Recommendation VI.R.1. The remuneration of members of the company's governing bodies and key managers should follow the approved remuneration policy.

Explanation of the Company's departure from the application of the detailed principle VI.R.1.:

The principle is not applied. The Company does not have an approved remuneration policy. The remuneration of members of the Management Board, its amount, are set by the Supervisory Board, therefore, the recommendation in question is not applicable.

## 20.3 Description of basic features of internal control and risk management systems applied in the Parent Company with respect to the process of preparing the financial statements

The Management Board of the Company is responsible for the internal control system in the Parent Company and its effectiveness in the process of preparing consolidated financial statements and periodical reports developed and published in accordance with the Regulation of the Minister of Finance of 19 February 2009 on current and periodical information submitted by issuers of securities and on conditions for deeming as equivalent the information required under the provisions of the law of a Non-Member State (Journal of Laws No 33, item 259). The Parent Company applies internal control systems with regard to accounting and financial reporting to ensure reliable and transparent presentation of its financial and assets standing. The Parent Company has in place documentation describing the adopted accounting principles, specifying the methods of assets and liabilities valuation and determination of the financial result, as well as the manner of keeping the books of account and the system for protection of data and data collections. The adopted accounting principles are applied on a continuous basis by ensuring comparability of financial statements while using the rule of going concern and prudent valuation. The Company's financial statements are audited by authorised entities selected by way of resolution of the Supervisory Board. The statements are published in accordance with the applicable provisions of the law.

The books of account are kept by the Company and its subsidiaries in the SAP R3 IT system. Access to information resources of the IT system is restricted by appropriate rights of authorised employees solely in the scope of their duties.

The Financial Director supervises the process of preparing the Company's financial statements and periodical reports from the subject-matter point of view.

Organising work related to preparing annual and semi-annual financial statements is the competence of the accounting and control department.

After its approval by the Financial Director and before its publication, the financial statements are verified by the Company's Management Board and Supervisory Board.

# 20.4 Shareholders who hold, directly or indirectly, major blocks of shares, the number of shares held by such entities, their percentage share in the share capital, the number of votes resulting from them and their percentage share in the total number of votes at the general meeting.

The table below presents the ownership structure of shareholders who hold, directly or indirectly, major blocks of shares of TOYA S.A., the number of shares held by such entities, their percentage share in the share capital, the number of votes resulting from them and their percentage share in the total number of votes at the general meeting as of 31 December 2017 (status according to information provided to Company by its shareholders):

Name	Number of shares/Number of votes	Percentage share in the share capital/Percentage share in the total number of votes at the general meeting
Jan Szmidt	28,170,647	35.96%
Tomasz Koprowski	13,704,424	17.50%
Romuald Szałagan	9,652,290	12.32%
Altus TFI S.A.	6,705,590	8.56%
Generali OFE	5,001,147	6.38%

#### 20.5 Holders of any securities which provide special control rights

All shares in the Company are ordinary bearer shares. Apart from shares, the Parent Company issued no other securities.

20.6 Restrictions on voting rights, such as limitation of the voting rights of holders of a given percentage or number of votes, time limits on the exercising of voting rights, or provisions under which, with the company's cooperation, equity rights attaching to securities are separated from the holding of the securities.

Shares in the Company do not involve any restrictions with respect to exercising voting rights. Pursuant to the Articles of Association of TOYA S.A., each share carries one vote at the General Shareholders' Meeting.

#### 20.7 Limitations in transferring the ownership right to the issuer's securities

In 2017, there were no such limitations.

## 20.8 Description of principles concerning appointment and dismissal of managers and their entitlements, in particular the right to decide on issuance or redemption of shares

Pursuant to the Articles of Association, the Management Board comprises one to seven members, including the President of the Management Board and, in the case of a Management Board comprising several members, the Vice-President of the Management Board. The number of Management Board members for a given term is specified by the Supervisory Board. Members of the Management Board are appointed for a joint, three-year term of office, while mandates of the Management Board members expire no later than on the day of the General Shareholders' Meeting which approves the financial statements for the last full financial year of the term of office.

Members of the Management Board of TOYA S.A. are appointed and dismissed by the Supervisory Board.

Members of the Management Board can be dismissed at any time, without detriment to their claims from the work relationship or a different legal relationship which is the basis for holding the office of a Management Board Member.

The Management Board's competencies relate to all matters of the Company not restricted to the competencies of the General Shareholders' Meeting or the Supervisory Board.

The Management Board operates on the basis of the Regulations approved by the Supervisory Board, as specified in the Articles of Association of TOYA S.A. The Regulations also specify detailed competencies of the Management Board. The Management Board handles the affairs of the Company, manages its assets and represents the Company before third parties.

The following corporate documents, including a description of principles concerning appointment and dismissal of managers and their entitlements, in particular the right to decide on issuance or redemption of shares, are available on the website <a href="www.yato.pl">www.yato.pl</a> in the Investor Relations — Corporate Documents tab.

- Articles of Association of TOYA S.A.,
- Regulations of the Management Board,
- Regulations of the Supervisory Board,
- Regulations of the General Shareholders' Meeting.

#### 20.9 Principles of introducing amendments to the articles of association

Amendments to the Articles of Association of the Company are introduced in accordance with the provisions of the Commercial Companies Code. The resolutions amending the Articles of Association on the increase of the shareholders' benefits or limiting the rights granted to individual shareholders require the consent of all affected shareholders.

20.10 The functioning of the General Shareholders' Meeting, its basic entitlements, the rights of shareholders and the manner of exercising these rights and entitlements, and in particular the rules set forth by the Bylaws of the General Meeting of Shareholders provide such bylaws have been adopted, unless such information is determined directly by the provisions of law

The General Shareholders' Meetings of TOYA S.A. (the Parent Company) take place in accordance with the provisions of the Commercial Companies Code, the Articles of Association of the Company as well as provisions of the Regulations, while taking into account other generally applicable provisions of law. The General Shareholders' Meetings may be ordinary or extraordinary. Ordinary General Shareholders' Meeting is convened by the Company's Management Board and should take place within 6 months of the end of each financial year. Extraordinary General Shareholders' Meeting is convened by the Management Board on its own initiative or at a written request of the Supervisory Board or at the request of shareholders representing at least 1/20 of the share capital submitted to the Management Board in writing or in electronic form. The request for convening the Meeting should determine issues to be discussed or it should include a draft of resolution concerning proposed agenda. Convening the Extraordinary General Shareholders' Meeting at the request of the Supervisory Board should take place within two weeks from the date of submission of the request.

The Supervisory Board convenes the General Shareholders' Meeting:

- a) if the Company's Management Board failed to convene the Ordinary General Shareholders' Meeting within the prescribed period,
- b) if, despite the submission of a request by the Supervisory Board, the Company's Management Board failed to convene the General Shareholders' Meeting in time, or
- c) whenever it deems such meeting necessary.

An Extraordinary General Shareholders' Meeting may be convened by shareholders representing at least half of the Parent Company's share capital or at least half of the total number of votes in the Company. If this is the case, the shareholders appoint the chairman of the Meeting. The Management Board is required to immediately announce the convening of the General Meeting in the manner provided for by the provisions of law. Shareholders can participate in the General Shareholders' Meeting and exercise the voting right in person or through a proxy. Shareholders may participate in the General Shareholders' Meeting using electronic means of communication, on conditions specified in detail by the Management Board.

The General Meeting may adopt resolutions regardless of the number of shareholders present at the meeting or the represented shares, unless otherwise provided in the provisions of law.

Resolutions of the General Shareholders' Meeting are adopted by an absolute majority of votes, unless the provisions of law or these Articles of Association provide otherwise. Resolutions of the General Shareholders' Meeting are adopted by the majority of ¾ votes cast with respect to the following issues:

- a) amendments to the Articles of Association, including issue of new shares,
- b) issue of convertible bonds or bonds with pre-emptive rights to acquire shares,
- c) merger of the Company with another company,
- d) decrease of the share capital,
- e) redemption of shares,
- f) disposal of the Company's enterprise or its organised part,
- g) dissolution of the Company.

The resolutions amending the Articles of Association on the increase of the shareholders' benefits or limiting the rights granted to individual shareholders require the consent of all affected shareholders.

Resolutions of the General Shareholders' Meeting are binding upon all bodies of the Company, as well as all shareholders, including shareholders who are not present on the General Shareholders' Meeting.

The competences of the General Meeting of Shareholders include adopting resolutions concerning the following issues:

- a) considering and approving the Management Board and Supervisory Board's report and the financial statements,
- b) adopting a resolution on the division of profits or covering of losses,
- c) discharging members of the Company's governing bodies from liability in the performance of their duties,
- d) taking all decisions concerning claims for the remedy of damage caused in incorporating the Company or in carrying out management or supervision,
- e) disposing of or leasing the Company's business or an organised part thereof and establishing a limited right in rem thereon,
- f) acquisition of own shares,
- g) issue of convertible bonds or bonds with pre-emptive rights to acquire shares,
- h) amendment to the Company's Articles of Association, including concerning a share capital increase or decrease,
- i) merger of the Company or transformation of the Company,
- j) dissolution and liquidation of the Company,
- k) determination of remuneration of the Supervisory Board members,
- I) appointment and dismissal of the Supervisory Board members,
- m) creation and liquidation of special funds,
- n) approval of the regulations of the Supervisory Board,
- o) redemption of shares.

Acquisition and disposal of real property, right of perpetual usufruct or share in a real property by the Company does not require a consent of the General Shareholders' Meeting.

The General Shareholders' Meeting is opened by the President of the Supervisory Board or, if they are absent, the Vice-President of the Supervisory Board or a person appointed by the President or the Vice-President of the Supervisory Board, respectively. After that, the Chairperson of the General Shareholders' Meeting is elected from among the persons entitled to vote. The General Shareholders' Meeting adopts its regulations.

Subject to cases specified in the Commercial Companies Code, if the General Shareholders' Meeting was convened correctly, it is valid and capable of adopting resolutions regardless of the number of shareholders or number of shares represented at the meeting, unless otherwise provided in the provisions of law. The General Shareholders' Meeting of the Company is convened by an announcement published on the Company's website and in a manner specified for transmitting current information, according to generally applicable regulations. The announcement should be made at least twenty six days before the date of the General Shareholders' Meeting. The announcement about the General Shareholders' Meeting of the Company should include at least:

- 1) the date, time and place of the General Shareholders' Meeting as well as a detailed agenda,
- 2) a precise description of procedures regarding participation in the General Meeting and executing the voting right, in particular information about:
  - a) the shareholder's right to demand specific issues to be included in the agenda,
  - b) the shareholder's right to submit draft resolutions regarding issues on the General Shareholders' Meeting's agenda or issues which are to be included in the agenda before the date of the General Shareholders' Meeting,
  - c) the shareholder's right to submit draft resolutions regarding issues on the General Shareholders' Meeting's agenda during the General Shareholders' Meeting,
  - d) the manner of exercising the voting right via proxy, including, in particular, information about forms used in voting through a proxy and the manner of notifying the Company about appointment of a proxy using electronic means of communication,

- e) the possibility and the manner of participating in the General Shareholders' Meeting using electronic means of communication,
- f) the manner of voicing opinions during the General Shareholders' Meeting, using electronic means of communication,
- g) the manner of exercising the voting right by correspondence or using electronic means of communication,
- 3) the date of registration of participation in the General Shareholders' Meeting,
- 4) information on the right to participate in the General Shareholders' Meeting only applying to persons who are shareholders of the Company on the date of registering their participation in the General Shareholders' Meeting,
- 5) information on where and how the person entitled to participate in the General Shareholders' Meeting can obtain the full text of documentation to be presented to the General Shareholders' Meeting as well as draft resolutions,
- 6) address of the website on which information concerning the General Shareholders' Meeting will be made available.

The right to participate in the General Shareholders' Meeting of the Company applies exclusively to persons who are shareholders of the Company sixteen days before the date of the General Shareholders' Meeting (the date of registering participation in the General Shareholders' Meeting). The shareholder or their proxy are hereinafter also referred to as the Participants of the General Shareholders' Meeting (the Participant or Participants). The General Meeting can be attended by shareholders who submitted, to the entity keeping the securities account, a request for issue of a registered certificate of the right to participate in the General Meeting not earlier than after the announcement on the General Meeting being convened and not later than on the first business day following the date of registration for the General Meeting. The Parent Company determines the list of shareholders entitled to participate in the General Meeting on the basis of the list prepared by the entity maintaining the depository of securities, according to the provisions on trade in financial instruments, submitted to the Parent Company not later than a week before the date of the General Meeting.

Shareholders can participate in the General Shareholders' Meeting and exercise the voting right in person or through a proxy. The power of attorney should be made in writing or in electronic form.

Upon arrival at the General Shareholders' Meeting, each shareholder on the list of shareholders entitled to participate in the General Shareholders' Meeting reports their attendance (at the shareholder registration point) to the shareholder service team and is entered onto the attendance list. Preparing the attendance list of the General Meeting Participants involves the following tasks:

- 1) verification of identity of the shareholder or their proxy (if the shareholder is represented by a proxy, this fact must be indicated on the attendance list),
- 2) providing the number of shares held by the reporting Participant,
- 3) specifying the number of votes to which the reporting Participant is entitled,
- 4) the Participant placing a signature on the attendance list,
- 5) issuing a voting card, voting instructions and other materials for the meeting to the Participant.

The attendance list is signed by the Chairperson of the General Shareholders' Meeting (the Chairperson) immediately after their election. The Chairperson is competent for resolving complaints regarding this list. The attendance list is made available to the Participants of the General Shareholders' Meeting throughout the time of the meeting and is updated on a current basis.

Upon the request of shareholders holding a tenth of the share capital represented at the General Shareholders' Meeting, the attendance list will be verified by a commission appointed for this purpose, comprising at least three persons, including one chosen by the applicants. If the commission issues a decision that is disadvantageous to a certain person, such a person can appeal to the General Shareholders' Meeting, which resolves the issue by voting. If a Participant leaves the room during the General Meeting, the Chairperson will correct the attendance list, making note of the time when the Participant left the room and recalculates the number of votes and the percentage of represented share capital. After doing calculations, the Chairperson declares whether the General Meeting has the quorum required and the majority of votes required to adopt resolutions, in particular if votes are planned on resolutions which require the qualified majority of votes.

If a Participant entitled to participate in the General Shareholders' Meeting is late, he/she should be allowed to attend the meeting. In such a case, the Chairperson orders a correction of the attendance list, marking the arrival time of the delayed Participant and the item of the agenda starting from which this person participates in the General Shareholders' Meeting, and once again calculates the number of votes and quorum represented since the arrival of the latecomer.

Members of the Management Board and the Supervisory Board participate in the General Shareholders' Meeting in composition which allows them to provide factual answers to questions asked during the General Shareholders' Meeting. If attendance of any of the participants of these bodies is impossible for important reasons, the participants of the General Meeting are informed about these reasons.

Members of the Management Board and the Supervisory Board of the Company taking part in the General Meeting should, within their competences and to the extent necessary to resolve issues on the agenda, provide the Participants with explanations and information concerning the Company, subject to restrictions following from the applicable regulations. In cases which require detailed, specialist knowledge of a given discipline, a Member of the Management Board or the Supervisory Board can appoint a person from among the employees of the Company who will provide such information or explanations. The registered auditor conducting the audit of the Company's financial statements is invited to the General Shareholders' Meeting, in particular if the agenda includes an item of the Company's financial matters. The General Shareholders' Meeting can be transmitted via the Internet. Information about public transmission of the meeting will be published on the Company's website right before the General Shareholders' Meeting.

The General Shareholders' Meeting is opened by the President of the Supervisory Board or, if they are absent, the Vice-President of the Supervisory Board or a person appointed by the President or the Vice-President of the Supervisory Board, respectively. The person opening the meeting orders and conducts the election of the Chairperson from among the persons entitled to vote. Until the abovementioned elections, the person opening the General Shareholders' Meeting has the Chairperson's rights.

Every Participant of the General Shareholders' Meeting is entitled to run for the Chairperson as well as to present one candidature for this post. The candidate is entered on the list of candidates after stating that they accept the candidature. The Chairperson of the General Meeting is elected in a secret ballot. The person opening the General Meeting supervises the correct course of the ballot and announces its results.

The Chairperson ensures smooth course of the meeting and observance of the rights and interests of all shareholders. The Chairperson should counter, in particular, abuse of Participants' rights and ensure that the rights of minority shareholders are respected. The Chairperson should not resign from their function without material reasons and neither can they, without justified causes, delay the signature of the minutes of the General Shareholders' Meeting.

Duties and rights of the Chairperson of the General Meeting, apart from those listed in the Regulations of the General Meeting, include in particular:

- 1) declaring correctness of the manner in which the General Meeting was convened and the ability to adopt resolutions,
- 2) presenting the announced agenda of the General Meeting,
- 3) giving floor and removing it from a Participant who voices their opinion clearly off-topic or violates the principles of decent behaviour with their speech,
- 4) ordering ballots, supervising their correct course and announcing their results,
- 5) removing persons who are not entitled to participate in the General Shareholders' Meeting or who interrupt the meeting from the room,
- 6) ordering breaks in meetings, subject to the provisions of Regulations of the General Shareholders' Meeting,
- 7) resolving doubts concerning regulations, if needed after obtaining the opinions of persons listed in the Regulations of the General Shareholders' Meeting,
- 8) concluding the General Shareholders' Meeting after the meeting agenda has been exhausted.

The Chairperson is entitled to appoint a Secretariat of the General Meeting (the Secretariat) comprising 1-3 persons for cooperation with the Chairperson during the General Meeting. The Chairperson of the General Meeting is entitled to consult the notary public, lawyers and other independent consultants appointed by the

Management Board of the Company to service the General Meeting. The Chairperson informs the attendants about the presence of the abovementioned persons at the General Shareholders' Meeting.

Every Participant of the General Shareholders' Meeting is entitled to submit a motion regarding formal issues. Motions regarding formal issues are motions regarding the manner of holding the meeting and voting, in particular motions for:

- 1) postponement or closure of discussion,
- 2) breaks in the meeting,
- 3) the voting order of motions submitted under a given item of the agenda,
- 4) closure of the list of candidates upon elections.

Subject to paragraph 5 of the Regulations of the General Shareholders' Meeting, motions regarding formal issues are resolved by the Chairperson, and if any Participant objects to their decision – by voting.

The Chairperson may order a short break in the meeting, in particular in order to allow:

- 1) formulation of conclusions,
- 2) agreement upon the Participants' positions,
- 3) obtaining opinions of persons referred to in § 6 paragraph 5 of the Regulations of the General Shareholders' Meeting,
- 4) the Management Board and the Supervisory Board to assume their positions,
- 5) handling other cases which require such breaks, in particular if the General Shareholders' Meeting lasts longer than 2 hours.

The ordered breaks cannot be aimed at impeding users in exercising their rights. Should a break in the meeting cause postponement of the General Shareholders' Meeting at least until the following day, the General Shareholders' Meeting must adopt the relevant resolution with at least 2/3 of votes. In total, such breaks cannot be longer than 30 days.

Subject to the provisions of § 8 of the Regulations of the General Shareholders' Meeting, every Participant should voice their opinion only on matters covered by the adopted agenda which are currently being considered, in particular by asking questions to the representatives of the Company. Motions concerning draft resolutions or amendments thereof should be submitted, along with their justification, in writing to the Secretariat, or in the case of lack thereof, to the Chairperson. When taking the floor or submitting a motion, the Participant should provide their full name and, if they are not applying on their own behalf, also details of the shareholder they are representing.

The Chairperson gives the floor to Participants according to the order of applications and for the purpose of retorts – after the list of persons speaking on a given issue on the agenda is exhausted. The Chairperson can give the floor to the members of the Company's Supervisory Board and Management Board out of turn. The Chairperson can limit the speaking time of a Participant of the General Shareholders' Meeting if the number of Participants who intend to take part in the discussion is so large that the lack of time limits for their speeches could, taking into account the agenda, make it impossible to conduct the General Shareholders' Meeting efficiently. Restriction of the speaking time cannot cause a restriction in the shareholders' rights. The Participant can also voice their opinion by submitting a written statement, question or motion. After the list of speakers has been exhausted, the Chairperson informs the General Shareholders' Meeting about the content of such statements and organises explanations and, if needed, puts the submitted motions to vote. If there are doubts regarding the motion under vote, before voting, the Participant can ask the Chairperson to read the motion out. The Participant of the General Meeting who demanded an objection to be recorded in the minutes after the General Meeting adopted a resolution against which they had voted can briefly motivate the objection.

The Parent Company publishes questions asked in relation with the General Meeting as well as provided answers on its website, immediately after the end of the General Meeting.

Resolutions cannot be adopted with respect to issues not covered by the agenda unless the entire share capital is represented at the General Meeting and none of the attendants objects to adoption of the resolution. The General Shareholders' Meeting can adopt, at any time, a resolution on convening an Extraordinary General

Shareholders' Meeting, resolutions regarding the announced agenda and resolutions of organisational nature, which include:

- 1) a resolution on changing the order of individual discussed items on the agenda,
- 2) a resolution on removing individual issues from the agenda,
- 3) a resolution on the method of voting,
- 4) a resolution on breaks in the meeting.

A motion for a resolution on removing a specific issue from the agenda should be motivated. A matter whose consideration is obligatory pursuant to applicable regulations cannot be removed from the agenda.

A resolution is deemed adopted if its adoption was voted for by shareholders representing the majority of votes required according to the provisions of the Commercial Companies Code or the Articles of Association. If amendments were suggested for a draft resolution, these suggestions, subject to § 8 paragraph 2 of the Regulations of the General Shareholders' Meeting, are put to vote in the order determined by the Chairperson and, subsequently, a vote is held on the entire draft resolution, together with adopted improvements.

The Chairperson orders a secret ballot for elections and in the case of motions for dismissal of members of the Company's bodies, for holding them liable, as well as in the case of personnel issues. The Chairperson also orders a secret ballot on other issues upon request of at least one Participant, except for votes on motions relating to formal issues. Voting and counting votes are assisted by a company which counts votes using a computer technique or in a different manner, specified in the voting instruction submitted by the Chairperson.

The Supervisory Board comprises between five and seven members, appointed for a joint term of office in a manner specified in the Company's Articles of Association. The number of members of the Supervisory Board for a given term is determined by the General Shareholders' Meeting.

The principles below apply to appointment of members of the Supervisory Board by the General Shareholders' Meeting.

A candidate for an independent member of the Supervisory Board submits their agreement to be appointed member of the supervisory board and a curriculum vitae, as well as a written declaration of meeting the independence criteria referred to in the Company's Articles of Association. Every Participant of the General Meeting is entitled to put forward candidatures for a member of the Supervisory Board. The candidature put forward is accompanied by a justification and a short curriculum vitae of the candidate, which covers in particular their education and hitherto work experience.

The candidate put forward is added to the list of candidates after declaring acceptance of the candidature and compliance with the criteria, adopted by the Company, necessary to be recognised as an independent member of the Supervisory Board, as well as submitting other declarations, if any, required by generally applicable provisions. A candidate who is absent at the General Shareholders' Meeting is entered onto the list of candidates after the person who proposes them presents:

- 1) the candidate's written agreement along with a declaration of compliance with the independence requirements, or
- 2) a written declaration concerning the candidate being put forth with respect to consent to candidature and compliance with the independence criteria and
- 3) the candidate's other declarations required by the provisions of the law, submitted in the appropriate form.

Upon the request of the Chairperson or another Participant, the list of candidates for the Supervisory Board can be closed by the Chairperson if the number of elected candidates is at least equal to the number of posts to be appointed in the Supervisory Board. The list of proposed candidates for members of the Supervisory Board is prepared in alphabetic order by the Secretariat of the General Shareholders' Meeting.

Voting for the members of the Supervisory Board takes place separately for each candidate, in a secret ballot, according to absolute majority of votes. A vote cast for a number of candidates exceeding the number of mandate posts is invalid. The Supervisory Board comprises candidates who obtained the largest number and

the absolute majority of votes; if there is an equal number of votes for the last mandate post, another vote is held for these candidates, with the above principles applying respectively. The provisions of this section also apply if the agenda of the General Shareholders' Meeting covers changes in the composition of the Supervisory Board.

A special voting procedure is ordered by the Chairperson of the General Shareholders' Meeting in the case of group elections to the Supervisory Board. Upon the motion of shareholders representing at least one fifth of the share capital, the Supervisory Board should be elected by way of voting in separate groups even if the Articles of Association provide for a different manner of appointment of the Supervisory Board. During a group ballot, one share corresponds to one vote. Groups of shareholders are created at the General Shareholders' Meeting in order to elect members of the Supervisory Board, provided that the number of created groups corresponds to the number of posts to be appointed in the Supervisory Board. A shareholder can only be a member of one voting group. The minimum number of shares needed for creating a group is established by dividing the number of shares represented at the General Shareholders' Meeting by the number of mandates to be appointed in the Supervisory Board. The group of shareholders is entitled to elect the number of members of the Supervisory Board equal to the number of times the shares represented by it exceed the calculated minimum. Groups of shareholders can merge in order to make optimal use of jointly held shares to elect members of the Supervisory Board. For each group, the Chairperson orders a separate attendance list to be prepared. Each group holds a vote for the chairperson of the meeting of a given group, who will ensure organisation of the ballot within the group, i.e. proposing candidates, holding ballots and minutes from the group's meeting being drawn up by the notary public. Each of the established groups is provided with a separate room to hold the elections unless this is impossible for organisational reasons. In such a case, groups take turns and use a single room. Each group holds the ballot before the notary public who draws up the minutes; the order is determined by the Chairperson of the General Shareholders' Meeting. After holding a group ballot, the chairperson of the group delivers written results of secret ballots held in groups to the Chairperson of the General Shareholders' Meeting. The Chairperson of the General Shareholders' Meeting announces the composition of the Supervisory Board after collecting all results of group ballots.

Resolutions of the General Shareholders' Meeting are recorded in the minutes by the notary public, otherwise being null and void. The minutes are signed by the notary public and the Chairperson of the General Shareholders' Meeting. The minutes declare that the General Shareholders' Meeting has been convened correctly and can adopt resolutions; they also list the adopted resolutions and, next to each of them, the number of shares from which valid votes were cast, the percentage of these shares in the share capital, the total number of valid votes, the number of votes for, against and withheld as well as voiced objections. The minutes are supplemented by the attendance list with signatures of the Participants. The Management Board of the Company enters the extract from the minutes to the minutes book. The minutes book is also supplemented with evidence for convening the General Shareholders' Meeting.

On its website, the Parent Company publishes the ballot results within a week of the conclusion of the General Meeting. The ballot results will be available until the deadline for appealing against the resolution of the General Shareholders' Meeting.

General Shareholders' Meetings can be recorded; in such cases, the recording of the meeting will be published on the Company's website immediately after conclusion of the General Shareholders' Meeting.

## 20.11 Principles of introducing amendments to the articles of association or memorandum of association of the Company

Adopting resolutions concerning amendments to the Articles of Association of the Company is the competence of the Company's General Shareholders' Meeting.

In cases concerning amendments to the Articles of Association, including the issue of new shares, resolutions of the General Shareholders' Meeting are adopted by the majority of ¾ votes cast (except for amendments for which the Commercial Companies Code provides otherwise).

## 20.12 Composition and operation of the company's managing and supervisory bodies and their committees

#### **MANAGEMENT BOARD**

The composition of the Management Board as at 31 December 2017 was as follows:

- Grzegorz Pinkosz President of the Management Board,
- Maciej Lubnauer Vice-President of the Management Board.

The Management Board operates on the basis of the Articles of Association of the Company, Regulations of the Management Board and in accordance with adopted principles of corporate governance.

The Management Board handles the affairs of the Company. Led by the President of the Management Board, it manages the Company and represents it before third parties. The manner of representation of the Company is specified in the Articles of Association, according to which the persons authorised to make declarations of will and to place signatures on behalf of the Company are the President of the Management Board individually or the Vice-President of the Management Board jointly with a member of the Management Board.

Detailed principles of operation of the Management Board are specified in the Regulations of the Management Board, published on the website <a href="https://www.yato.pl">www.yato.pl</a>, in the Investor Relations — Corporate Documents tab.

- presenting recommendations aimed at ensuring reliability of the financial reporting process within the Company,
- 10) performing other activities vested with audit committees pursuant to Act of 11 May 2017 on certified auditors, auditing companies and public oversight.

#### 20.13 Information concerning applying a diversity policy by the Company

The Company did not prepare and does not pursue a diversity policy. The position of the Company's Management Board is that the sole criterion for appointing persons to perform functions in the Company's authorities and its key management is the experience and competence of the candidates for performing the given functions. The Company declares that it will consider developing a diversity policy in the future.

Grzegorz Pinkosz
President of the Management Board Vice-F

Maciej Lubnauer Vice-President of the Management Board
